*Trafalgar's Lost Hero* Max Adams,2005-08-05 This surprising treat for lovers of naval history and real-life adventure traces Collingwood's exploits from his harsh coming of age at sea through his storied service in the American Revolution to the long and bitter struggle with Napoleon. Collingwood emerges as a wily and daring commander who was at his steely-eyed best when outgunned by the enemy. His coolness under fire is revealed in lively accounts of his rescuing Nelson from destruction and the entrapment of a 26-ship enemy fleet with a tiny, four-vessel squadron. At Trafalgar, he was seen calmly munching an apple as he led his squadron, guns blazing, into furious battle. It was Collingwood, himself devastated by the loss, who delivered the news of Nelson's death to a nation stunned by the tragic price of victory..

**Tainted Witness** Leigh Gilmore, 2017-01-17 In 1991, Anita Hill's testimony during Clarence Thomas's Senate confirmation hearing brought the problem of sexual harassment to a public audience. Although widely believed by women, Hill was defamed by conservatives and Thomas was confirmed to the Supreme Court. The tainting of Hill and her testimony is part of a larger social history in which women find themselves caught up in a system that refuses to believe what they say. Hill's experience shows how a tainted witness is not who someone is, but what someone can become. Why are women so often considered unreliable witnesses to their own experiences? How are women discredited in legal courts and in courts of public opinion? Why is women's testimony so often mired in controversies fueled by histories of slavery and colonialism? How do new feminist witnesses enter testimonial networks and disrupt doubt? *Tainted Witness* examines how gender, race, and doubt stick to women witnesses as their testimony circulates in search of an adequate witness. Judgment falls unequally upon women who bear witness, as well-known conflicts about testimonial authority in the late twentieth and early twenty-first centuries reveal. Women's testimonial accounts demonstrate both the symbolic potency of women's bodies and speech in the public sphere and the relative lack of institutional security and control to which they can lay claim. Each testimonial act follows in the wake of a long and invidious association of race and gender with lying that can be found to this day within legal courts and everyday practices of judgment, defining these locations as willfully unknowing and hostile to complex accounts of harm. Bringing together feminist, literary, and legal frameworks, Leigh Gilmore provides provocative readings of what happens when women's testimony is discredited. She demonstrates how testimony crosses jurisdictions, publics, and the unsteady line between truth and fiction in search of justice.

*The Free World* Louis Menand, 2021-04-20 An engrossing and impossibly wide-ranging project . . . In *The Free World*, every seat is a good one. —Carlos Lozada, *The Washington Post* *The Free World* sparkles. Fully original, beautifully written . . . One hopes Menand has a sequel in mind. The bar is set very high. —David Oshinsky, *The New York Times Book Review* | Editors' Choice One of *The New York Times's* 100 best books of 2021 | One of *The Washington Post's* 50 best nonfiction books of 2021 | A *Mother Jones* best book of 2021 In his follow-up to the Pulitzer Prize-winning *The Metaphysical Club*, Louis Menand offers a new intellectual and cultural history of the postwar years The Cold War was not just a contest of power. It was also about ideas, in the broadest sense—economic and political, artistic and personal. In *The Free World*, the acclaimed Pulitzer Prize-winning scholar and critic Louis Menand tells the story of American culture in the pivotal years from the end of World War II to Vietnam and shows how changing economic, technological, and social forces put their mark on creations of the mind. How did elitism and an anti-totalitarian skepticism of passion and ideology give way to a new sensibility defined by freewheeling experimentation and loving the Beatles? How was the ideal of “freedom” applied to causes that ranged from anti-communism and civil rights to radical acts of self-creation via art and even crime? With the wit and insight familiar to readers of *The Metaphysical Club* and his *New Yorker* essays, Menand takes us inside Hannah Arendt’s Manhattan, the Paris of Jean-Paul Sartre and Simone de Beauvoir, Merce Cunningham and John Cage’s residencies at North Carolina’s Black Mountain College, and the Memphis studio where Sam Phillips and Elvis Presley created a new music for the American teenager. He examines the post war vogue for French existentialism, structuralism and post-structuralism, the rise of abstract expressionism and pop art, Allen Ginsberg’s friendship with Lionel Trilling, James Baldwin’s transformation into a

Civil Right spokesman, Susan Sontag's challenges to the New York Intellectuals, the defeat of obscenity laws, and the rise of the New Hollywood. Stressing the rich flow of ideas across the Atlantic, he also shows how Europeans played a vital role in promoting and influencing American art and entertainment. By the end of the Vietnam era, the American government had lost the moral prestige it enjoyed at the end of the Second World War, but America's once-despised culture had become respected and adored. With unprecedented verve and range, this book explains how that happened.

*The Lost Girls* John Glatt, 2015-04-14 A New York Times Bestseller! New York Times bestselling crime writer John Glatt tells the true story behind the kidnappings and long-overdue rescue of three women found in a Cleveland basement. The Lost Girls tells the truly amazing story of Amanda Berry, Gina DeJesus and Michelle Knight, who were kidnapped, imprisoned, and repeatedly raped and beaten in a Cleveland house for over a decade by Ariel Castro, and their amazing escape in May 2013, which made headlines all over the world. The book has an exclusive interview and photographs of Ariel Castro's secret fiancé, who spent many romantic nights in his house of horror, without realizing he had bound and chained captives just a few feet away. There are also revealing interviews with several Castro family members, musician friends and several neighbors who witnessed the dramatic rescue.

*Bully Beef & Balderdash* Graham Wilson, 2012-03-15 The Australian Imperial Force, first raised in 1914 for overseas war service, became better known by its initials - the AIF. There was a distinct character to those who enlisted in the earliest months and who were destined to fight on Gallipoli. During the war the AIF took its place among the great armies of the world, on some of history's oldest battlefields. The Australians would attack at the Dardanelles, enter Jerusalem and Damascus, defend Amiens and Ypres, and swagger through the streets of Cairo, Paris, and London, with their distinctive slouch hats and comparative wealth of six shillings per day. However, the legend of the AIF is shrouded in myth and mystery. Was Beersheba the last great cavalry charge in history? Did the AIF storm the red light district of Cairo and burn it to ground while fighting running battles with the military police? Was the AIF the only all-volunteer army of World War I? Graham

Wilson's *Bully Beef and Balderdash* shines an unforgiving light on these and other well-known myths of the AIF in World War I, arguing that these spectacular legends simply serve to diminish the hard-won reputation of the AIF as a fighting force. Graham Wilson mounts his own campaign to rehabilitate the historical reputation of the force and to demonstrate that misleading and inaccurate embellishment does nothing but hide the true story of Australia's World War I fighting army. *Bully Beef and Balderdash* deliberately tilts at some well-loved windmills and, for those who cherish the mythical story of the AIF, this will not be comfortable reading. Yet, given the extraordinary truth of the AIF's history, it is certainly compelling reading.

The People's Choice Ray Boomhower,2012-09 This first-ever biography of Congressman Jim Jontz examines his remarkable long-shot political career and lifetime involvement in local, state, and national environmental issues. As a liberal Democrat (he preferred the terms progressive or populist) usually running in conservative districts, Jontz had political pundits predicting his defeat in every election only to see him celebrating another victory with his happy supporters, always clad in a scruffy plaid jacket with a hood from high school that he wore for good luck. "I always hope for the best and fight for the worst," said Jontz. He won five terms as state representative for the Twentieth District (Benton, Newton, Warren, and White Counties), served two years in the Indiana Senate, and captured three terms in the U.S. Congress representing the

sprawling Fifth Congressional District in northwestern Indiana that stretched from Lake County in the north to Grant County in the south. Jontz told a reporter that his political career had always “been based on my willingness and role as a spokesman for the average citizen.” In his career Jontz also led an unsuccessful campaign to stop the passage of the North American Free Trade Agreement with the Citizens Trade Campaign, helped protect the Endangered Species Act when it was under attack in the 1990s as director of the Endangered Species Coalition, campaigned to save old-growth forests as executive director of the Western Ancient Forest Campaign, and tried to foster progressive causes as president of the Americans for Democratic Action.
