**Ludics in Surrealist Theatre and Beyond** Vassiliki Rapti, 2016-05-13 Taking as its point of departure the complex question about whether Surrealist theatre exists, this book re-examines the much misunderstood artistic medium of theatre within Surrealism, especially when compared to poetry and painting. This study reconsiders Surrealist theatre specifically from the perspective of ludics-a poetics of play and games-an ideal approach to the Surrealists, whose games blur the boundaries between the 'playful' and the 'serious.' Vassiliki Rapti's aims are threefold: first, to demystify André Breton's controversial attitude toward theatre; second, to do justice to Surrealist theatre, by highlighting the unique character that derives from its inherent element of play; and finally, to trace the impact of Surrealist theatre in areas far beyond its generally acknowledged influence on the Theatre of the Absurd-an impact being felt even on the contemporary world stage. Beginning with the Surrealists' 'one-into-another' game and its illustration of Breton's ludic dramatic theory, Rapti then examines the traces of this kind of game in the works of a wide variety of Surrealist and Post-Surrealist playwrights and stage directors, from several different countries, and from the 1920s to the present: Roger Vitrac, Antonin Artaud, Günter Berghaus, Nanos Valaoritis, Robert Wilson, and Megan Terry.

**Beyond Books** Jenn Carson, 2022-10-28 Beyond Books: Adult Library Programs for a New Era takes us out of the stacks and past the traditional walls of the library to reach underserved and overworked adults in our communities -- adults who might not think they need the library in their lives. Readers are introduced to the concept of adult programming through a multifaceted approach based on a solid foundation of behavioral science, real-life library experience, and data on current trends in libraries and other institutions. This book posits that offering diverse adult programs is an important catalyst for fostering community connection and individual wellness, and that no librarian needs to deliver them alone. Partnerships are not only helpful; they are essential to preventing librarian burnout. Themes of the book center on passive versus active programs, the importance of intergenerational involvement, and programs that touch a variety of topics divided by the following sections: Food & Drink, Arts & Crafts, Books & Writing, Technology & Media, Health & Wellness, Business & Finance, and Nature & Gardening. This book provides clear, step-by-step models and strategies for delivering adult programs (both in-person and online), including where to find funding, getting administrative and municipal buy-in, creating partnerships in the community, addressing possible legal issues, marketing tactics, training staff and volunteers, and how to

evaluate programs. Whether you're a student, a brand new recruit, or a seasoned public or academic librarian, there will be something in this book to inspire you to move your adult library programs beyond book clubs (without losing those too!).

**The Sinosphere and Beyond** Joan Judge, Joachim Kurtz, Ori Sela, Dan Shao, Hugh Shapiro, 2024-07-22 The history of East Asia can be most productively studied through a transnational, translingual, and transcultural approach to the region. In *The Sinosphere and Beyond*, twenty-six leading and emerging scholars use such approaches in rich clusters of essays on Historiography, Sino-Japanese Encounters, Law and Justice, Politics, Art, Literature, and Translation. Each essay builds on the legacy of Joshua Fogel, whose scholarship defined the contours of the Sinosphere in the Western world and beyond. The collection will be of interest to scholars and students with specific research concerns within these broader rubrics: from the towering progenitors of Japanese Sinology to gendered, diplomatic, and cultural dimensions of Sino-Japanese encounters; from Sinitic poetry to legal culture and revolutionary life; from art commerce and levels of literary expression to the quandaries of translation. In addition to offering a broad range of case studies, the volume is testimony to the methodological importance of a dynamic intra- and transregional approach for an understanding of the layered history of East Asia.

*Beyond the Sea* Felan Parker, Jessica Aldred, 2018-11-09 The Bioshock series looms large in the industry and culture of video games for its ambitious incorporation of high-minded philosophical questions and retro-futuristic aesthetics into the ultraviolent first-person shooter genre. *Beyond the Sea* marks ten years since the release of the original game with an interdisciplinary collection of essays on Bioshock, Bioshock 2, and Bioshock Infinite. Simultaneously lauded as landmarks in the artistic growth of the medium and criticized for their compromised vision and politics, the Bioshock games have been the subject of significant scholarly and critical discussion. Moving past well-trodden debates, *Beyond the Sea* broadens the conversation by putting video games in dialogue with a diverse range of other disciplines and cultural forms, from parenting psychology to post-humanism, from Thomas Pynchon to German expressionist cinema. Offering bold new perspectives on a canonical series, *Beyond the Sea* is a timely contribution to our understanding of the aesthetics, the industry, and the culture of video games. Contributors include Daniel Ante-Contreras (Miracosta), Luke Arnott (Western Ontario), Betsy Brey (Waterloo), Patrick Brown (Iowa), Michael Fuchs (Graz), Jamie Henthorn (Catawba), Brendan Keogh (Queensland), Cameron Kunzelman (Georgia), Cody Mejeur (Michigan State), Matthew Thomas Payne (Notre Dame), Gareth Schott (Waikato), Karen Schrier (Marist), Sarah Stang (York/Ryerson), Sarah Thorne (Carleton), John Vanderhoef (California State, Dominguez Hills), Matthew Wysocki (Flagler), Jordan R. *European Television Crime Drama and Beyond* Kim Toft Hansen, Steven Peacock, Sue Turnbull, 2018-12-05 This book is the first to focus on the role of European television crime drama on the international market. As a genre, the television crime drama has enjoyed a long and successful career, routinely serving as a prism from which to observe the local, national and even transnational issues that are prevalent in society. This extensive volume explores a wide range of countries, from the US to European countries such as Spain, Italy, the Scandinavian countries, Germany, England and Wales, in order to reveal the very currencies that are at work in the global production and circulation of the TV crime drama. The chapters, all written by leading television and crime fiction scholars, provide readings of crime dramas such as the Swedish-Danish *The Bridge*, the Welsh *Hinterland*, the Spanish *Under Suspicion*, the Italian *Gomorra*, the German *Tatort* and the Turkish *Cinayet*. By examining both European texts and the 'European-ness' of various international dramas, this book ultimately demonstrates

that transnationalism is at the very core of TV crime drama in Europe and beyond.

Multidisciplinary Perspectives on Play from Birth and Beyond Sandra Lynch,Deborah Pike,Cynthia à Beckett,2017-01-27 While firmly acknowledging the importance of play in early childhood, this book interrogates the assumption that play is a birthright. It pushes beyond traditional understandings of play to ask questions such as: what is the relationship between play and the arts – theatre, music and philosophy – and between play and wellbeing? How is play relevant to educational practice in the rapidly changing circumstances of today’s world? What do Australian Aboriginal conceptions of play have to offer understandings of play? The book examines how ideas of play evolve as children increasingly interact with popular culture and technology, and how developing notions of play have changed our work spaces, teaching practices, curricula, and learning environments, as well as our understanding of relationships between children and adults. This multidisciplinary volume on the subject of play combines the work of some of the world’s leading researchers in the field of early childhood education with contributions from distinguished and emerging scholars in areas as diverse as education, theatre studies, architecture, literature, philosophy, cultural studies, theology and the creative arts. Reconsidering the common focus on play in early education, to investigate its broader impact, this collection offers a refreshing and valuable addition to studies on play, reconceptualizing it for the 21st century.

*Beyond Baseball's Color Barrier* Rocco Constantino, 2021-05-12 A fascinating history celebrating Black players in Major League Baseball from the 1800s through today, with special insight into what the future may hold. In *Beyond Baseball's Color Barrier: The Story of African Americans in Major League Baseball, Past, Present, and Future*, Rocco Constantino chronicles the history of generations of ballplayers, showing how African Americans have influenced baseball from the 1800s to the present. He details how the color line was drawn, efforts made to erode it, and the progress towards Jackie Robinson's debut—including a pre-integration survey in which players unanimously promoted integration years before it actually happened. Personal accounts and colorful stories trace the exponential growth of diversity in the sport since integration, from a boom in participation in the 1970s to peak participation in the early 1990s, but also reveal the current downward trend in the number of African American players to percentages not seen since the 1960s. *Beyond Baseball's Color Barrier* not only explores the stories of icons like Hank Aaron, Willie Mays and Satchel Paige but also considers contributions made by players like Vida Blue, Mudcat Grant and Dwight Gooden. Exclusive interviews with former players and individuals involved in the game, including the President of the Negro Leagues Baseball Museum, add first-hand expert insight into the history of the topic and what the future holds.

**To Chester and Beyond: Meaning, Text and Context in Early English Drama** David Mills, 2023-03-31 This volume brings together a selection of the major articles of David Mills (1938-2013), which along with similar volumes by Alexandra F. Johnston, Peter Meredith and Meg Twycross makes up a set of *Shifting Paradigms in Early English Drama Studies*. Mills was one of these four key scholars whose work has changed what is known about English medieval drama and theatre. He made major contributions to understanding English medieval theatre in the widest sense but more specifically to the nature and development of medieval plays and their performance at Chester. The scope of his work from manuscript to performance has created new knowledge and insights brought about by his remarkable technical skill as an editor and researcher. His texts of the Chester Cycle of Mystery Plays have become the standard works. In the light of this outstanding research the volume is comprised of four sections: 1. Editors and Editing; 2. Cultural Contexts; 3. Staging and Performance; 4. Criticism and Evaluation. An editorial introduction opens the work.

Beyond The Echoes of Soweto Matsemela Manaka, Geoffrey V. Davis, 2013-11-26 First Published in 2004. This volume presents a representative selection from the work of one of the most innovative of the younger generation of South African dramatists, Matsemela Manaka, whose productions have been acclaimed not only in his home country but also toured in Europe and America. Included are *Egoli*, *Pula* and *Children of Asazi*, *Toro* and *Goree*. Each play has been edited with the particular needs of readers outside South Africa in mind; unfamiliar references have been annotated and African-language passages in the texts provided with English translation. The Ivory Tower, Harry Potter, and Beyond Lana A. Whited, 2024-02-26 In her follow-up to *The Ivory Tower* and *Harry Potter*, Lana A. Whited has compiled a new collection of essays analyzing the books, films, and other media by J. K. Rowling. This includes pieces on the Harry Potter books and movies, *Fantastic Beasts* and *Where to Find Them* (films), *The Cursed Child* (play), as well as her writing outside the wizarding universe, such as *The Ickabog*, *The Casual Vacancy*, and the *Cormoran Strike* series. Many of the chapters explore works that influenced the Harry Potter series, including Classical epic, Shakespearian comedy and tragedy, and Arthurian myth. In addition to literary comparison, the volume delves into topics like political authoritarianism, distrust of the media, racial and social justice, and developments in fandom. It's fair to say that much has changed in regard to Harry Potter and J. K. Rowling scholarship in the twenty years since the first volume's publication. While it was once considered a universally beloved book series, the relationship between HP and its fans has grown more complicated in recent years. As its readers have grown older and Rowling's reputation has wavered in the public eye, Whited and her contributors consider the complicated legacy of Harry Potter and its author and explore how the series will evolve in the next twenty years.

Beyond Boundaries Susan E. Alcock, Mariana Egri, James F. D. Frakes, 2016-05-01 The Roman Empire had a rich and multifaceted visual culture, which was often variegated due to the sprawling geography of its provinces. In this remarkable work of scholarship, a group of international scholars has come together to find alternative ways to discuss the nature and development of the art and archaeology of the Roman provinces. The result is a collection of nineteen compelling essays—accompanied by carefully curated visual documentation, seven detailed maps, and an extensive bibliography—organized around the four major themes of provincial contexts, tradition and innovation, networks and movements, and local accents in an imperial context. Easy assumptions about provincial dependence on metropolitan models give way to more complicated stories. Similarities and divergences in local and regional responses to Rome appear, but not always in predictable places and in far from predictable patterns. The authors dismiss entrenched barriers between art and archaeology, center and provinces, even “good art” and “bad art,” extending their observations well beyond the empire’s boundaries, and examining phenomena, sites, and monuments not often found in books about Roman art history or archaeology. The book thus functions to encourage continued critical engagement with how scholars study the material past of the Roman Empire and, indeed, of imperial systems in general.
