Authentic AF Taylor Ahlstrom, 2022-10-11 A hilarious, vulnerable, and unapologetic approach to happiness, insecurity, courage, growth—and just being a human on planet earth. Look around at your life. Do you like it? Are you happy? And I don't mean "sure, everything's okay" happy. I mean kid on a rollercoaster happy. The kind of happiness that spreads through your whole body and explodes into pure, unadulterated joy. How many parts of your life make you that happy? If you've been following all the rules of who you're supposed to be—like so many of us have—chances are your life isn't filled with that rollercoaster ride of joy. But it can be. And finding that happiness is simple: start doing the things you want to do. Start living the life you want and being the person you were born to be. This is a book about finding and embracing that person: that wonderful, unique, authentic you. It's about giving fewer f*cks about the things that don't really matter and focusing on the things that do. It's about doing all the things you always wanted to do but didn't because you were too scared of change or failure or what other people might think. This is a guide to getting rid of those fears. It's a guide to coming to terms with how you got to where you are and writing a new future for who you want to be. It's a guide to getting your ticket to that rollercoaster ride of joy. And the best part is, it's never too late.

Change Your Stress Richard D. Murphy, 2012-05-15 When stress creates a wedge between the rational mind and the emotional mind, we cannot be free to choose. However, nature offers us the tools to create and support positive change. This will matter as we age. Finally, a practical solution for such a common and persistent problem. A highly motivating read from a new perspective. This book can be applied immediately and continue to help those who need answers for life and business. Highly recommended for those who are looking for help now. SCOTT SHARP ARMSTRONG life coach and international

The Miracle of Water Masaru Emoto, 2010-06-22 This thoughtful book includes new and extraordinary water-crystal photographs that provide convincing reasons for all of us to choose positive words and strive for perfect resonance for a more healthy, peaceful, and happy life. Masaru Emoto has photographed thousands of water crystals throughout his years of research, yet few have been as beautiful and life affirming as those formed from the words "love and gratitude." In *The Miracle of Water*, Dr. Emoto demonstrates how water's unique role in transporting the natural vibration of these words can help you welcome change and live a more positive and happy life. When we speak positive words, we send out a special vibration to others. They in turn emit positive words and, as a result, we are touched by the energy of love and gratitude. Words expressed in kindness and compassion are certain to result in positive effects for the giver. As Emoto says: 'If you shine a light on those around you with the words you use, you won't ever have to walk in the dark again.' This reflective, contemplative book explores water's critical role in transporting 'vibration information' to the body, and what we can learn from water crystals. There are compelling insights on using the lessons of resonance to mend disharmonious relationships, restore health and bring positive energy into your life.

How to "Fast-Forward" Changes in Our Lives Using Facebook Donald A. Dahlin D.C., 2014-05-21 Can We Restore American Standards? The truth is America has been systematically corrupted by several past Governments; there are Valid DVDS by PBS and other sources that you will find in this book to explain how this came about. But, it goes much earlier than that! It goes back into the 1800s when Thinking men considered ancient beliefs of the Veda, Buddhism, Jesus Christ: saving our souls, and Darwins Evolution, - trying to confront Reality. Germany: a forerunner in science, had Wilhelm Wundt a psychologist and a leader with a new understanding of the reality of Darwin and evolution declared in a party of interested persons that Man is only an animal and has no soul that can be demonstrated; the same with God and Religion; both of them are the myths of the old people; man is an evolved chimpanzee and should be treated like an animal with a brain and nervous system, and to be observed for abnormal behavior and treated as such. Russian observers agreed and together with Germany formed the National Education (NEA) of teachers, and the birth of psychiatry. There is more but it is in my book, and the source is a well-distinguished school teacher: Samuel L. Blumenfeld and author of: N.E.A. Trojan Horse in American Education The First Full-Length Expose of The National Education Association. 1949-1984. Since then, American psychiatry has invaded our schools, colleges, universities, State and Federal Governments and you will learn how and what they did to our Country. They have sought to destroy our education, religion, morals, field of medicine, the laws and our courts and today we have illiteracy, mental illness, drug addiction, adultery, living together without marriage (responsibility), prostitution, mass shootings of family, teachers and friends, and often themselves. And etc. Again, I repeat: Can We Restore American Standards? If I provide you with all the tools or resources that will help you do the job would you be willing to become a

Problem Solver? A person desiring to be a Problem Solver would be dealing with his/her environment with one or more persons and also promoting the IDEA through his/her Facebook connections so it could become world-wideperhaps like telepathy. But, read the two pages of the Contents and see for yourself the huge scope of help you will receive for common problems of illiteracy, what causes disease, how to attain optimum health and happiness. The persons you help, your children, and their future generations will all appreciate your help. So will I.

Tibetan Medicine and You Miriam E. Cameron,Tenzin Namdul,2020-01-28 All of us want to be happy and avoid suffering. So why are many of us anxious, angry, depressed? We suffer from pain, hypertension, inflammation, indigestion, insomnia, and addictions. Yet, too often we make choices that sabotage us rather than reverse what's wrong. Tibetan medicine, Tibet's ancient, comprehensive science of healing, offers effective tools for transforming suffering into health and happiness. Tibetan medicine teaches that the purpose of life is to be happy, and that after our basic needs are met, happiness results primarily from our own thinking. When challenges arise, we can wallow in negativity and get sick - or even sicker - in mind and body. Or we can decide to create health and happiness. Making positive choices won't solve every problem but will produce better results than poor or thoughtless decisions do. This unique book explains in everyday English how to use Tibetan medicine for self-care and as a complement to modern medicine. Tibetan medicine sheds light on the intricate relationship between mind and body. Each of us is born with a unique combination of energies called our constitution. Understanding our constitution empowers us to make conscious, informed decisions about our thoughts, diet, and behavior to keep our energies in balance. We learn to reduce stress, create health, prepare for death, and be happy.

Ecotarian Diet Toni Toney,2020-10-06 A sustainable way of eating for your body and your planet The Ecotarian Diet is far more than being a vegan, vegetarian, or raw foodist. It is a sustainable way of eating that supports the ecological balance of our bodies and our planet. Change the foods you're burning for fuel and you'll not only change the course of your life, but the life of your planet!

I Know What to Do, I Just Don't Do It Sue Markovitch,2013-10-17 I KNOW WHAT TO DO, I JUST DON'T DO IT is for people who have spent a lifetime feeling bad about their body, and every Monday is a torturous new attempt to change.

What's going on here? We know what to do, we just don't do it. The issue for us is deeper than any diet or program. That is because not loving ourselves is a symptom of being disconnected from the truth and our true selves. Sue takes us through the false beliefs that keep us stuck and replaces them with the truth about who we really are. We are encouraged to get healthy for good, not by finding the right diet, program, or other means of control, but by making the radical shift from weight loss to worthiness.

Walking on Water Really Is a Piece of Cake Sidney R. Harman, 2002-08-15 Stuart brings his story to the present time in his final book of this trilogy a time when little girls wore dresses and hats to church, the United States was experiencing growing pains of its own and history, culture, and technology were evolving into what would become present-day America. Beginning in 1957, this book chronicles Stuart's life as he, along with several thousand other officers, were RIFed. He then enlisted as a sergeant and began a new life at Fort Bliss in El Paso, Texas. During this time, he would have a 14 months unaccompanied tour to Korea. Returning to Fort Bliss, he would eventually retire as a Lieutenant Colonel in El Paso and enter the civilian world to become a successful commercial realtor. El Paso remains his home to this day. As son, husband, father, grandfather, and now great-grandfather, he looks back at the shaping of his own life and the tumultuous times in which he has lived. His keen insight and observations of this historical period provide an intimate glimpse of the world as it has changed and evolved throughout the past several decades.

Awakening Consciousness Lindsay S Godfree, 2017-02-27 Shifting from a deep depression to a spiritual awakening experience and seeing Divinity everywhere is not something that anyone expects or that someone sets off to accomplish. But that is what happened to Lindsay as she does everything she can think of to feel better. It is quite an amazing journey of discovery. While this type of spiritual experience is not exactly main stream, she has been able to make sense out of her life story and connect with people who seem to have had similar experiences. To those who are awakening to an expanded version of self, Lindsay wants to say, "You are not alone. Everyone is waking up into greater consciousness and eventually to experience Oneness." For those who are trying to make sense of this epic shift in consciousness that is happening through us—Lindsay offers some insight and choices. The message she wants to share from experiencing God or Cosmic Consciousness is this; "I want everyone to know that everything that happens is perfect. We are perfect and loved just the way we are. There is nothing that you need ever fear, because you are loved beyond anything that you can imagine. You are one with that love and all that is."

Lord I Am in Trouble Omomaro Okekaro PhD, 2024-03-24 We are all in need, and God has purposed us for His own name sake. Although He cannot allow us to fail, He respects the gift of the free will that is given to humans. Omomaro Okekaro interweaves scripture with his personal experiences while on an emotional odyssey that leads believers on a thoughtful journey within so that they, too, can walk through life with unwavering faith, knowing that each step is guided by a higher

purpose. While sharing insights into the challenges and lessons embraced by diverse biblical characters, Okekaro also offers inspiration by examining the spiritual inheritance in Christ, encouraging believers to fight the good fight of faith, and sharing miracles of the mouth through positive confession. Lord I Am in Trouble is an inspiring presentation that blends uplifting stories with scripture to remind believers that they are not defined by their struggles, but instead, how they rise above them. " ... A raw and emotional journey through the tumultuous landscapes of life. Within its pages, you will find the unfiltered expressions of human experiences—tales of heartache and triumph, of loss and redemption, of faith tested and strengthened." —JP Tucker, PhD, professor and clinical therapist
