Encyclopedia of Herbal Medicine Joan Mabel, 2021-03-04 □Are you having any health issues and you want to know the best herbs that can cure such ailments? □Do you want to know the importance of herbs and their functions? If your answer is Yes to any of the questions above, this book is best for you. It has been the quest of humanity to find a medicine that is able to cure disease and alleviate pain since the beginning of time. Although scholarly evidence is sketchy, it seems that medicinal plant use was used about 60,000 years ago. Herbal tinctures, ointments, and teas were used throughout the world, and specific classifications for medicinal use began to take off, appearing in numerous languages. This scheme allowed the first word to identify the plant correlated with the genus while other remaining words explaining what the plant was able to achieve medically. By the 19th century, with the aid of this polynomial classification system, the true power of herbs, plants and their medicinal value became apparent. ♦♦♦This book will enlighten you on the ♦♦♦ □ Importance of herbs □Functions of close to 500 Herbs recipes □Best way to use herbs and were to find them Why not scroll up and click buy now to download a copy
