Cosmological Koans: A Journey to the Heart of Physical Reality Anthony Aguirre, 2019-05-21 "Playful and enchanting." —Priyamvada Natarajan, Wall Street Journal Could there be a civilization on a mote of dust? How much of your fate have you made? Journey to the Edge of the Woods Christine Graef, 2015-04-20 The prophet Jeremiah, mourning his people in the city of Zion, spoke of the balm that could heal them. He foresaw the physician and he asked, Why then is not the health of the daughter of my people recovered? The message of Jesus has been in North America for centuries, yet past history with the

first nations of the land has left many native people thinking they have to choose either to be an Indian or to believe in Jesus. Jeremiah said, The harvest is past, the summer is ended, and we are not saved. How, then, do we bring the balm of Gilead to the most oppressed group on the continent where women and children are suffering the highest rates of violence? When Jesus forgave a prostitute, when he offered living waters to the woman at the well who had six failed relationships, and when he healed a crippled woman, he showed us how he would build his church from the brokenhearted among all people. Journey to the Edge of the Woods visits women sharing concern over the degradation of our daughters, sisters, mothers, and friends in a world of intensifying confusion of the creation of male and female identities.

Journey to the Manger Paula Gooder, 2016-11-01 Journey to the Manger explores the New Testament's various accounts of the birth of Jesus: their origins in Old Testament prophecies, the genealogies, the angelic announcements, the journeys and arrivals, and the aftermath of Jesus' birth for the powerful and the poor alike. Engaging seriously with biblical and historical criticism, Paula Gooder uncovers key similarities running through the Gospel writers' accounts and focuses on their shared understanding of the significant events they describe. Her detailed exploration of the texts is a gold mine for preaching and teaching, and will breathe new life into the familiar Christmas stories heard year after year in churches, hymn sings, and nativity plays. Devotional reflections and discussion questions also make this ideal for personal and group study. Rooted in the conviction that greater understanding of the Bible leads to deeper discipleship, this is an essential resource for preachers, teachers, and study group leaders, as well as those who simply wish to get to know the Bible better.

Mindanao: The Long Journey To Peace And Prosperity Paul Hutchcroft, 2018-02-14 Across more than four decades, the conflict between the national government and Muslim liberation forces in the southern Philippines has killed tens of thousands and displaced millions. Two landmark agreements under the presidency of Benigno S Aquino III — the first in 2012 and the second in 2014 — raised high hopes that peace might finally be on the way. But the peace process stalled, and has yet to regain momentum, after a botched counterterrorism operation in early 2015. This volume provides both in-depth examination of the latest stage of a still-ongoing peace process as well as richly textured analysis of the historical, political, and economic context underlying one of the most enduring conflicts in the world. It is thus an extremely important foundational resource in the continuing quest for peace and prosperity in Mindanao.

Retracing the Iron Curtain: A 3,000-Mile Journey Through the End and Afterlife of the Cold War Timothy

Phillips, 2023-03-07 Across 3,000 miles and over eight decades, this epic new people's history of the Cold War makes eye-opening sense of a defining 20th-century conflict—and how it continues to shape our world today. Initially a victory line where Allies met at the end of World War Two, the Iron Curtain quickly became the front of a new kind of war. It divided Europe from north to south for a staggering forty-five years. Crossing it in either direction was always a political act; in many cases, it was a crime to even talk about doing so. New generations have grown up since these borders came down, freed from the restrictions of the Cold War era. But what has the Iron Curtain left in its wake? Timothy Phillips travels its full 3,000-mile route—from inside the Arctic Circle to where Armenia meets Azerbaijan and Turkey—to craft this epic new people's history of a defining 20th-century conflict. Here, in the borderlands where a powerful clash of civilizations took form in concrete and barbed wire, he uncovers the remarkable stories of everyday people forever imprinted by life in the Curtain's long shadow. Some look back on the era with nostalgia, even affection, while others despise it, unable to forgive the decades of hardship their families and nations endured. A director recalls the astonishing night his movie premiered in East Germany—November 9, 1989, the very night the Berlin Wall fell. And a railroad worker recounts the 1951 hijacking of a passenger train from Czechoslovakia that breached the Curtain, granting those aboard immediate asylum in the West. These narratives, by turns harrowing and heartening, paint a vivid portrait of the new Europe that emerged from the ruins. Phillips reveals the Iron Curtain's profound impact on our world today—even as he punctures the fault lines we draw. Publisher's note: This book was published in the UK under the title *The Curtain and the Wall*.

A Modern Chinese Journey to the West Ulric Killion, 2006 This book begins, and perhaps should end, with an excerpt from the writings of the late eminent Chinese scholar, Fung Yu-lan (or Feng Youlan) (1895-1990), who wrote: The ancient Chinese culture is an inherent factor determining the Chinese style.. If the latter enunciation of Fung Yu-lan stirs one's interest in Chinese culture for the typical reasons, such as, an interest in ancient periods of China; romanticism, which focuses on the exotic and mysterious, for example, Zen Buddhism and Taoism; or simply as the source of exotic objets d'art, then all the better. Because for a typical Westerner bound in Western conventionalism and parochialism, engendering an understanding of the policies and practices of the People's Republic of China (China) necessitates understanding a modern China in light of Chinese traditional culture (or philosophy), or a China in antiquity. The consequence of Chinese traditional culture affects many political economy concerns of modern China, ranging from socio-economic, political, to international trade and other concerns. Indeed, philosophical antecedents influence modern Chinese policies and practices.

Pinning Down the Past Mike Corbishley, 2014-04-17 In a relatively short period of time the pursuit of archaeology has evolved from an antiquarian interest to a specialised scientific activity. Part of this evolution has always included the interest of the public and archaeologists' efforts to educate them. As each new method and technique is developed, and each new specialism is created, the challenge of making archaeology available as a learning resource grows with it. Today, for example, the issues which surround archaeology and heritage, such as the pressures of tourism on sites, now form part of many formal educational curricula. This book, the first to deal with the subject in such depth, examines the place of education and outreach within the wider archaeological community. Written by one of Britain's leading archaeological educationalists, it charts the sometimes difficult and painful growth and development of education and archaeology. Packed full of informative and enlightening case studies, from the circus at Colchester to Sutton Hoo and Hadrian's Wall, this work examines exactly how we have reached the point we are at, where that place is and suggests areas for future development.

By drawing upon many decades of experience at the front line of archaeological education, the author has produced a key text that will play a major role in the on-going development of the heritage industry--Publisher's website.
