A Labor of Love, Volume 2 Anna D. Arapakos,2024-10-18 You hold the second of two volumes of one giant love story! This story is about Arapakos' father and how she came to care for him when he was elderly. There is no more popular Greek myth than the one of the hero Hercules, and while you may not know her father or her, by the time she superimposes her father's saga onto the labors of Hercules, you will! Arapakos' overarching aim is for you and your parents to benefit from what she has to tell you. Hercules and she had much in common: they both wanted to help make things right despite the odds, and both proved victorious. In Volume 2, the roles reverse, and you find Arapakos taking on the part of Hercules as she performs her adaptation of the twelve "Herculean Labors" to care for her father when Huntington's disease began making its mark on his life and person. She retells each labor Hercules undertook before making parallels to what she did for her father. She is confident the herculean myth and her father's story will move you. The circle of love can continue through your actions and a better-informed mind and heart-set for your loved one in need.

A Journey for My Father's Love and Mother's Secret Kim Hug,2012-05 When hope dies in a person, life seems over for them. This candid autobiography chronicles the story of a woman who lost hope. Her only solution was to attempt suicide, but on the night she tried to end her life, she found a miracle that would change her life forever. This book traces her journey through abandonment, sexual abuse, secrets, and paranoid psychosis, a journey that did not ultimately lead her to death but to life. She was many times lost in delusions of unreality and spent countless days in mental institutions, seeking answers to a way out of the darkness of her life. But the answer came when Jesus found her, her haunting memories were revealed, and she began to walk down a new, healing road. Here Kim Hug speaks of the power of Jesus and how he gave healing and hope to her life through many faithful people. This story was written through the inspiration of the Holy Spirit and is filled with creative pictures of memories and poetry as Kim rewalked her life over again to find the missing pieces to the puzzle of her life.

What Our Dad Told Me . . . Before I Killed Him Patrick Berlinger,2017-06-28 What Our Dad Told Me . . . Before I Killed Him is both a biography of my dad as well as an autobiography about myself, along with our immediate family, relatives, and many friends. It focuses on how our good, Christian, positive family went downhill from 1979 all the way through current times. It heavily involves a demon named Abaddon, who convinced our dad that he, Abaddon, was an angel who gave our dad

a ministry of judging other people for the sins in their lives, including the judgment of death by praying for people's deaths, but then even killing many people himself with guns when God didn't kill them. And that ultimately meant our family, ourselves! But when our dad started to kill our mom, I ended up killing him. But then I was sent to prison for that, and so I also wrote about the legal system, being in prison for several years. I also followed all of that up with seeing our dad again, years later, delving and mulling about whether that was spiritual answers, or just mental problems of my own. So be it.

Parent Grief Paul C. Rosenblatt, 2016-02-04 Explores what couple and individual stories say and do not say about the child's dying and death and about parent grief. The author uses narratives as his tool for the introduction and exploration of the many facets of parental grief.

Losing a Parent to Suicide Marty Loy, Amy Boelk, 2013-09-05 The suicide of a parent has life-long consequences; few more traumatic scenarios exist, and counselors often struggle for ways to help clients deal with its effects. Few understand the pain and life-altering effects of these tragedies better than children who have experienced the suicide of a parent. Despite this, there are few texts that incorporate and evaluate the first-person accounts of grief following a suicide while advancing a method for helping. *Losing a Parent to Suicide* analyzes stories of parent suicides and explores the grief and coping processes that follow, discovering the strategies, methods and modes of therapy that have empowered grieving individuals and helped them rebuild their lives.

The Papa Bear: A Memoir Gustave Prinsell, 2017-04-25 Born in 1922 in a poor section of Jersey City, New Jersey, to parents with only third grade educations, this is the life story of Gus Prinsell. In this autobiography, Gus starts by reflecting on his humble beginnings -- his earliest childhood memories are of poverty wrought by the Great Depression. His father was unemployed for a decade. Gus's parents never wavered in insisting that their children pursue an education. World War II started as he was entering his 20s, and he served his country in the US Navy. After becoming a born again Christian in the early 1940s and marrying Louise Bininger, he finished college and earned his medical doctor degree from Columbia University in 1952. From there, Gus went on to study surgery and tropical medicine. He then turned away from material gains and dedicated his life to medical missions in West Africa, where he moved with Louise and their four sons and opened the new Kamakwie Wesleyan Hospital in 1959. In 1964, Gus returned to the States where he served as a family physician in Western New York until his retirement. Gus still lives in Houghton, New York, with his wife of over 70 years, Louise. At the ages of 94 and 91, Gus and Louise now have seven grandchildren and two great grandchildren. Gus takes us through his life's journey in his own words. Not only does he tell the story of his own life, but he effectively weaves in the stories of many of his family and friends. His trust in the Lord through faith has led Gus through his life of achievement. When asked to

describe himself in one phrase, he defines himself as “a Christian missionary physician and humanitarian.” His life of dedication to God and mankind is an example for us all.

In the Name of God Youssef Hamouda,2023-08-08 This book is a quest to look at the history of mankind to answer questions that humans wondered about for centuries. What does God want from us? Why are there so many religions? Who did the ancients worship if it wasn't God? This book is a quest through history, religion, and science to answer these questions and more. It will prove beyond any doubt that there is a creator and he's one and the message he's been sending through the times using prophets and messengers is one and the same. Religions are used to teach people common values that will help them coexist in peace. Unfortunately, humans used it to launch wars against each other in the name of God. Each one wants to prove that their religion is the only one that God accepts and recognizes. God created us equal but different.

The Case Against Jesus Barabbas Jones,2024-06-07 Jesus Christ was a narcissistic, horrifically violent, slavery supporting, misogynistic, wealth worshipping, Roman occupation collaborating, gaslighting, hissy fit throwing, hell condemning, vile fictional character. Plus he famously went into a public place and attacked people, sheep, cattle, and other barnyard animals

with a whip, quite possibly stemming from having been born in a barn. He was also astoundingly lazy. He actually did very little to help the poor, spent most of his time in the company of the rich, and hurt a great many. For every positive thing he said, there are innumerable examples of him saying, and most importantly, doing the opposite. He was also utterly indifferent to his fellow Jews' mass enslavement, crucifixions, and grinding poverty under the Roman occupation. His maniacal enthusiasm for condemning people to hell is less about anyone deserving it and more about him throwing a temper tantrum whenever his feelings were hurt. Much of what he says comes across as "You just wait til I come back with my dad and his angels! Boy are you guys gonna be sorry!" The best way to get through the tedium of reading the Gospels is to imagine Jesus as a spoiled four year old who thinks he has divine powers. His famous parables were told to, for the benefit of, and from the perspective of kings, wealthy "masters," and most shockingly, slaveowners. This was one of several surprising—a more accurate word would be sickening—things to be discovered when reading the Gospels: his cruel and demeaning attitude to the poor and particularly the enslaved. In Matthew 18 and The Parable of the Unmerciful Servant, Jesus, aka the Prince of Compassion, enthusiastically allows for torture when a slave can't repay a debt (verse 34): In anger his master handed him over to the jailers to be tortured, until he should pay back all he owed. In his charming Parable of the Wedding Banquet (Matthew 22), a poor man is violently thrown out for not wearing the correct clothes. Jesus' exact words are (verse 13): "throw him outside, into the darkness, where there will be weeping and gnashing of teeth." This catchphrase is repeated throughout the Gospels: you can just imagine him asking someone to pass the salt or else they will be thrown "outside, into the darkness, where there will be weeping and gnashing of teeth." Jesus was the absolute master of blaming the victim. In John 5:14 he heals a man who had been unable to walk for 38 years and then tells him to "Stop sinning or something worse may happen to you." A woman accused of adultery is told the same thing (John 8:11). In Mark 4 and Matthew 13 he tells his disciples that he speaks in parables so that most people won't understand what he's talking about, and thus won't be forgiven and will be condemned to hell. Because, you know, he can. Classy guy. Arguably his clearest teachings combine slavish worship of hierarchy and wealth with an utter contempt for the most destitute of society. In his Parable of the Ten Minas a king of noble birth has his opponents brought before him to be killed. The cruelty is the point (Luke 19:27): "But those enemies of mine who did not want me to be king over them—bring them here and kill them in front of me." By the way: a more accurate name for Jesus is actually Oily Josh, since Jesus in Hebrew is "Yeshua" which translates to Joshua in English, and Christ means "the anointed one".

Redeeming Memory Matt Rehrer, M.D., 2022-02-15 Redeeming Memory is about memory and what the Bible has to say about it. This book examines how God transforms memories from a heavy burden to a blessed hope. Memory plays an important role in the Christian life both in its proper function but also in its corruption. This book is written for Christians

who suffer knowingly or unknowingly from the heavy burdens of memory like grumbling, nostalgia, bitterness, regret, shame, as well as future fears of futility and insignificance. God removes these heavy burdens by His mercy at the cross and redeems memory back to its original purpose, to glorify and worship Him.

Third Person Pat Harrigan, Noah Wardrip-Fruin, 2017-03-03 Narrative strategies for vast fictional worlds across a variety of media, from World of Warcraft to The Wire. The ever-expanding capacities of computing offer new narrative possibilities for virtual worlds. Yet vast narratives—featuring an ongoing and intricately developed storyline, many characters, and multiple settings—did not originate with, and are not limited to, Massively Multiplayer Online Games. Thomas Mann's *Joseph and His Brothers*, J. R. R. Tolkien's *Lord of the Rings*, Marvel's *Spiderman*, and the complex stories of such television shows as *Dr. Who*, *The Sopranos*, and *Lost* all present vast fictional worlds. *Third Person* explores strategies of vast narrative across a variety of media, including video games, television, literature, comic books, tabletop games, and digital art. The contributors—media and television scholars, novelists, comic creators, game designers, and others—investigate such issues as continuity, canonicity, interactivity, fan fiction, technological innovation, and cross-media phenomena. Chapters examine a range of topics, including storytelling in a multiplayer environment; narrative techniques for a 3,000,000-page novel; continuity (or the impossibility of it) in *Doctor Who*; managing multiple intertwined narratives in superhero comics; the spatial experience of the *Final Fantasy* role-playing games; *World of Warcraft* adventure texts created by designers and fans; and the serial storytelling of *The Wire*. Taken together, the multidisciplinary conversations in *Third Person*, along with Harrigan and Wardrip-Fruin's earlier collections *First Person* and *Second Person*, offer essential insights into how fictions are constructed and maintained in very different forms of media at the beginning of the twenty-first century.
