**James F McGrath**

**The Origins of Science Fiction** Michael Stuart Newton, 2022 A selection of science-fiction tales from the close of the 'Romantic' period to the end of the First World War. It gathers together classic short stories, from Edgar Allan Poe's playful hoaxes to Gertrude Barrows Bennett's feminist fantasy.

Return to Salem Theresa Sneed, 2021-03-27 Through a series of ill-fated events, Bess Martin finds herself thrust back to Salem in the middle of the Salem witch trials. Last time, her sharp tongue earned her 'high suspicion of sundry acts of Witchcraft', and she barely escaped with her life. Will Hezekiah, the brave young man who came through the rift to the future with her three years earlier, follow Bess back to Salem and rescue her, before her quick temper decides her fate? From the ninth great-granddaughter of Susannah North Martin, who was accused and hanged as a witch, comes book two in the SALEM WITCH HAUNT series: RETURN TO SALEM, a realistic time travel steeped in suspense and intrigue with a touch of sweet romance. Using primary sources, Theresa Sneed masterfully weaves the trials and hangings of Reverend George Burroughs, Martha Carrier, George Jacobs Sr., John Proctor, and John Willard into this insightful historical fiction. It's very hard to write time travel and I keep a watchful eye on it when I know about it, but Theresa Sneed has accomplished time travel so well, I find myself in awe of how she did it. Twists and turns at every point in this tome. - S. Knight Salem Witch Haunt held me spell-bound from the beginning and then kept getting better and better. At the end, I found myself wishing there were more pages to read. Sneed is an excellent writer with a wonderful, engrossing story to tell. It has a clever, satisfying twist at the end. That she is a descendant of the people she writes about enriches the story. You can feel her love of the topic and personal involvement in these lives even though the story is fictional. Excellent read! - Jan M. Martin A true adventure that takes twists and detours I never in a million years would have aligned with the Salem Witch Hunts but Theresa Sneed has woven the events into such a rich tapestry, one is left to question, how much of this story might be real. Fiction? Fact? Fantasy? Who cares, Salem Witch Haunt was FABULOUS! - Maliceon Books

**Women in Science Fiction and Fantasy** Robin Anne Reid, 2008-12-30 Works of science fiction and fantasy increasingly explore gender issues, feature women as central characters, and are written by women writers. This book examines women's contributions to science fiction and fantasy across a range of media and genres, such as fiction, nonfiction, film, television, art, comics, graphic novels, and music. The first volume offers survey essays on major topics, such as sexual identities,

fandom, women's writing groups, and feminist spirituality; the second provides alphabetically arranged entries on more specific subjects, such as Hindu mythology, Toni Morrison, magical realism, and Margaret Atwood. Entries are written by expert contributors and cite works for further reading, and the set closes with a selected, general bibliography. Students and general readers love science fiction and fantasy. And science fiction and fantasy works increasingly explore gender issues, feature women as central characters, and are written by women writers. Older works demonstrate attitudes toward women in times past, while more recent works grapple with contemporary social issues. This book helps students use science fiction and fantasy to understand the contributions of women writers, the representation of women in the media, and the experiences of women in society.

**A Companion to Science Fiction** David Seed, 2008-06-09 A Companion to Science Fiction assembles essays by an international range of scholars which discuss the contexts, themes and methods used by science fiction writers. This Companion conveys the scale and variety of science fiction. Shows how science fiction has been used as a means of debating cultural issues. Essays by an international range of scholars discuss the contexts, themes and methods used by science fiction writers. Addresses general topics, such as the history and origins of the genre, its engagement with science and gender, and national variations of science fiction around the English-speaking world. Maps out connections between science fiction, television, the cinema, virtual reality technology, and other aspects of the culture. Includes a section focusing on major figures, such as H.G. Wells, Arthur C. Clarke, and Ursula Le Guin. Offers close readings of particular novels, from Mary Shelley's *Frankenstein* to Margaret Atwood's *The Handmaid's Tale*.

*Aliens, Robots & Virtual Reality Idols in the Science Fiction of H. P. Lovecraft, Isaac Asimov and William Gibson* John L. Steadman, 2020-10-30 "Steadman's comprehensive guide wrestles with the concept of the 'alien', applying cutting edge theoretical and philosophical ideas to the work of some of the greats of Science Fiction to arrive at a set of exciting new discoveries about what the genre says it means to be 'human'. Reading *Aliens, Robots and Virtual Reality Idols* guarantees that you will never look at the writing of Lovecraft, Asimov or Gibson in the same way again." --Dr David Simmons, Senior Lecturer in English and Screen Studies, University of Northampton H. P. Lovecraft's aliens are extra-terrestrial, terrestrial & trans-dimensional entities, totally unlike any other aliens in science fiction literature. In contrast, Isaac Asimov's and William Gibson's aliens are human created positronic robots and virtual reality constructs, or 'idols'. Lovecraft's great theme is alien indifferentism, tinged with a malevolence that escalates into an existential, apocalyptic threat against humankind, while for Asimov and Gibson, alien inclusionism is the norm. The robots and the VR idols integrate into society and their influence appears to be beneficial. But this is only on the surface. In this book, John L. Steadman demonstrates that there is ultimately little difference between alien indifferentism and alien inclusionism in the fictional works of these three great writers. For in fact, the robots and the VR idols evolve into monsters whose actions bring about outcomes which are every bit as terrifying

as anything in Lovecraft's work. Humans tend to be isolates ('alien'-ated). The reader is invited to question this, and to consider the possibility that an alien perspective, or platform, might, perhaps, be crucial if we intend on seeing ourselves clearly and understanding exactly what it means to be human.

**Journeys into Darkness** James Goho, 2014-03-06 The tradition of supernatural horror fiction runs deep in Anglo-American literature. From the Gothic novels of the eighteenth century to such contemporary authors as Stephen King and Anne Rice, writers have employed horror fiction to unearth many disquieting truths about the human condition, ranging from

mistreatment of women and minorities to the ever-present dangers of modern city life. In *Journeys into Darkness: Critical Essays on Gothic Horror*, James Goho analyzes many significant writers and trends in American and British horror fiction. Beginning with Charles Brockden Brown's disturbing novels of terror and madness, Goho proceeds to discuss the influence of Edgar Allan Poe's "The Fall of the House of Usher" on H. P. Lovecraft, who is treated in several penetrating essays. Lovecraft was a uniquely philosophical writer, and Goho approaches his work through the lens of existentialist philosopher Søren Kierkegaard, while also probing Lovecraft's racism as exhibited in several tales about Native Americans. Goho also discusses the Welsh writer Arthur Machen's tortured tales of suffering and evil and Algernon Blackwood's numerous stories set in the wilds of the Canadian backwoods. The book concludes with a centuries-spanning essay on the witchcraft theme in the American Gothic tradition and a comprehensive essay on Fritz Leiber's invention of the urban Gothic. In this wide-ranging study, James Goho examines the varied ways in which supernatural fiction can address the deepest moral, social, and political concerns of the human experience. *Journeys into Darkness* will be of interest to readers and scholars of horror fiction and to students of literary history and culture in general.

**American Silent Horror, Science Fiction and Fantasy Feature Films, 1913-1929** John T. Soister, Henry Nicolella, Steve Joyce, 2014-01-10 During the Silent Era, when most films dealt with dramatic or comedic takes on the boy meets girl, boy loses girl theme, other motion pictures dared to tackle such topics as rejuvenation, revivication, mesmerism, the supernatural and the grotesque. *A Daughter of the Gods* (1916), *The Phantom of the Opera* (1925), *The Magician* (1926)

and *Seven Footprints to Satan* (1929) were among the unusual and startling films containing story elements that went far beyond the realm of highly unlikely. Using surviving documentation and their combined expertise, the authors catalog and discuss these departures from the norm in this encyclopedic guide to American horror, science fiction and fantasy in the years from 1913 through 1929.

*A Break with Charity* Ann Rinaldi, 1992 While waiting for a church meeting in 1706, Susanna English, daughter of a wealthy Salem merchant, recalls the malice, fear, and accusations of witchcraft that tore her village apart in 1692.

**Internet Horror, Science Fiction and Fantasy Television Series, 1998-2013** Vincent Terrace, 2014-05-14 This is the first ever compilation on Internet television and provides details of 405 programs from 1998 to 2013. Forty-eight photos accompany the text.

*America's Horror Stories* Kevin Revier, Favian Alejandro Martín, 2024-12-31 *America's Horror Stories: U.S. History through Dark Tourism* conducts a ghost tour(ist) methodology to explore how slavery and racism are represented in dark tourism via ghost tours. The authors travel to key sites of racist U.S. history, including Salem, Massachusetts, where a witch panic was sparked by accusations of witchcraft by Tituba, an enslaved woman practicing Voodoo; New Orleans, Louisiana, which hosts the largest slave trade market; the Myrtles Plantation in Francisville, Louisiana; and to Gettysburg, Pennsylvania, where the bloodiest battle of the Civil War took place, marking a pivotal moment to end slavery in the nation—but where Confederate ghosts are said to continue roaming the town and battlefield. Acting as research ghost hunters/tourists, the authors go on walking and bus tours, visit historical monuments, stay at haunted hotels, ponder objects in haunted museums, and do some ghost hunting of their own. They find that the ghosts conjured by tour guides—ghosts of confederate soldiers, American citizens, and enslaved people—tend to whitewash, sensationalize, and commercialize the horrors of U.S. history, including slavery, racism, and colonialism. They do not discount dark tourism entirely; but recommend a ghost tour(ist) pedagogy that critically considers social issues—and structural forms of inequality—that haunt us today. *America's Horror Stories* will be of great interest to students and scholars researching and taking part in critical criminology and cultural criminology courses, specifically on crime, media, and culture.

From the Salem Witch Trials to a drowned man's revenge and a man-eating plant, Jane Rice finds a macabre humor in some horrific stories. The House (1941) - The House hated. It had a grim and determinedly evil personality all its own, and it had set out to murder every member of the family, one by one— The Golden Bridle (1943) - The golden bridle was the answer to the golden dream of every jockey—it meant a winner in every race. But its golden touch had something, too, of the Midas touch— The Crest of the Wave (1941) - He was riding the crest— 'til a Delilah and a Judas tipped him into the river. After that—he rode them! The Elixir (1942) - Maybe it was the Witches' Cup, maybe it was the mighty potion of mixed drinks she'd mixed—but something sent her from a 1942 Halloween party to a Salem witch-hunt. At the wrong end of the hunt! Pobby (1942) - Pobby was a difficult character for an author to handle. He kept coming around to visit the writer, demanding that the ending be changed. He didn't want the plant to grow—
