

Synopsis Of The Of Ezekiel

Thomas Hartwell Horne

Volume 1 of Ezekiel's Story - The Whirlwind Robert Fodge,2016-03-07 The book of Ezekiel contains unique information about God's chosen people. The whole scope of God's love, sovereignty, power, omniscience, righteousness, mercy, anger, wrath and judgment towards saved, but rebellious people is revealed. God's treatment of His chosen people is a model of the way that He treats with saved, but rebellious individuals. In 1 Pet 4:17-18, Peter said, For the time is come that judgment must begin at the house of God: and if it first begin at us, what shall the end be of them that obey not the gospel of God? And if the righteous scarcely be saved, where shall the ungodly and the sinner appear? Ezekiel's story of the whirlwind is the account of the reason for God's judgment of the nation of Israel, and corresponds perfectly with Peter's statement that judgment must begin at the house of God. That nation was outwardly committed to God. They maintained that they trusted in God but they were guilty of being like neighboring nations.

Volume III of Ezekiel's Story - The Millennium Robert Fodge,2016-04-02 This book is a verse by verse commentary of Ezekiel 40:1-48:35 (9 chapters) and consists of three major sections. Eze 40-42 presents detail measurements of the Millennial Sanctuary. Over 100 drawings are included to assist in understanding the structure, its location and purpose. Eze 43-44 describe the return of the Glory of the Lord to reside in the midst of His chosen people Israel. A system of standard weights and measures will be established to achieve justice in the land. The method of admittance to the Sanctuary and ministering is a primary subject. The boundaries of land for the Sanctuary and a new city for Israel, the duties of priests and other Israelites, the rivers and boundaries for the nation of Israel and allotment of land for the 12 tribes of Israel is the subject of Eze 45--48.

Volumn II of Ezekiel's Story - The Fruits of Iniquity Robert Fodge,2016-03-23 This book is a verse by verse commentary of Ezekiel 26:1-39:29 (14 chapters) and consists of three major sections. Eze 26-28 is a story of the judgment of a worldwide commercial enterprise that controlled and enslaved individuals as well as nations. It was operated by leaders of the city of Tyrus. This was an international body that was in operation at the time that God's judgment of the nation of Israel started. The 2nd section (Eze 29-32) concentrates on God's judgment of Egypt, a formidable enemy of the nation of Israel. Seven major prophecies are presented to establish that God will judge not only Israel, but has or will judge Gentile nations of the world for their sins. Eze 33-39 is the focus of God's attention. The elements of God's actions to the reverse the effects of Israel's iniquity will end with a remnant of Israel being restored to their favored status with God.

The Reader Must Understand Kent E. Brower, Mark W. Elliott, 2013-11-05 The reader must understand is a more forceful translation of the words usually rendered let the reader understand in Mark 13:14. Translated this way, this volume's title stresses the importance of eschatology for Bible readers and theologians. Eschatology, the study of the last things, is central to New Testament studies and, indeed, is not without importance for the Old Testament. The Bible's eschatology and its place in Christian theology must therefore be taken very seriously. The essays in this volume, most of which were presented at the Tyndale Fellowship Triennial Conference 1997, offer new and important ideas and analysis. They cover five main areas--biblical theology, Old Testament, New Testament, Christian doctrine, and practical theology--and significant contributions are made in each area

The Meaning of the Revelation Philip Carrington, 2008-05-01 The object of this book is to provide a running commentary on the Book of Revelation, elucidating its meaning. Other introductory and technical considerations are subordinated to this main quest. Though a scholarly work, it is written in a manner free from technicalities so as to make it useful to the general reader. It was written with the hope that a simple treatise on Revelation's meaning would help clergy and others who often have to deal with people who take it in a false and literal sense. When the Revelation was originally written it was naturally accepted as an account of current events and of events shortly to come to pass; that is how it describes itself (Rev 1:1, 3; 22:6, 10), and that is how it was naturally taken. Unfortunately, the key to its meaning was soon lost, and its mystical symbolism was taken as literal description. When it reflects events of history, it is current events that it reflects. The Revelation represents great principles working themselves out in actual history. The book is a literary unity stamped throughout by the mark of a great genius. It is one of the loftiest mystical poems the world has produced. Revelation insists that certain events of worldwide importance are coming immediately, following the same general lines as Christ's Olivet

Discourse, which spoke to events of which the Lord himself declared: Truly I say to you, this generation will not pass away until all these things take place (Matt 24:34).

Ezekiel's Vision Accounts as Interrelated Narratives Janina Maria Hiebel, 2015-06-16 Ezekiel is one of the best-structured books in the Old Testament. It is commonly recognized that the strongly interrelated vision accounts (Ez 1:1-3:15; 8-11; 37:1-14; 40-48) contribute greatly to this impression of unity. However, there is a marked lacuna in publications focusing on the vision accounts in Ezekiel as an interconnected text corpus. The present study combines redaction-critical analysis with literary methods that are typically used in a synchronic approach. Drawing on the paradigm of Fortschreibung, it is the first to present a united redaction history that takes into account the growing interconnections and dependencies between the vision accounts. Building on these results, the second part follows the development of selected themes, such as the relationships between characters, the roles of intermediate figures and anthropological and theological implications, throughout the stages of redaction. The study thus represents an important step towards an understanding of the complex redaction history of the book of Ezekiel, and indeed of its theology. The combination of diachronic and synchronic methods makes it relevant for scholars of both directions and is itself a methodological statement.
