The Handbook of Community Practice Marie Weil, Michael S. Reisch, Mary L. Ohmer, 2013 Written by some of the most influential scholars in the field, this Handbook covers community development, organizing, planning, and social change, as well as key issues, fields of practice and global approaches.

The Non-radicalisation of Muslims in Southern Europe Tina Magazzini, Marina Eleftheriadou, Anna Triandafyllidou, 2024-11-11 This open access book explains why southern European countries with significant Muslim communities have experienced few religiously inspired violent attacks – or have avoided the kind of securitised response to such attacks seen in many other Western states. The authors provide a unique contribution to the literature on violent extremism – which has traditionally focused on countries such as France, the US and the UK – by studying the causes of relatively low rates of radicalisation in Greece, Italy and Spain. The book explores many of the dynamics between (non) radicalisation and issues such as socioeconomic inequality, experiences of conflict, and systemic racism and other forms of discrimination. It establishes a new analytical framework for the development of, and resilience against, violent radicalisation in the region and beyond.

Seeking the Fabled City Allan Levine, 2018-10-30 In this definitive and meticulously researched account of the Jewish experience in Canada, award-winning and critically acclaimed author Allan Levine documents a story that is rich, accessible, often surprising, and epic in its scope. Relying on an abundance of primary sources and first-hand documentation and interviews, *Seeking the Fabled City* chronicles the successes and failures, the obstacles overcome and those not conquered, of a historic journey and the people who travelled it. *Seeking the Fabled City* is a story that unfolds over 250 years--from the decade after the conquest of New France in 1759, when small numbers of Sephardic Jews of Spanish and Portuguese descent arrived in British North America, through the great wave of Russian and Eastern European Jewish immigration at the turn of the twentieth century, to the present, in which Canada's large Jewish community, no longer hindered by the anti-Semitism of the past, is free to flourish. This is a chronicle of a people that takes place at hundreds of locales across the country--mainly in the large urban centres of Montreal, Toronto, Vancouver, and Winnipeg, but also in west coast and maritime villages and tiny prairie towns--in a riveting drama with a cast of thousands. Relying on an abundance of primary sources and first-hand documentation and interviews, *Seeking the Fabled City* chronicles the successes and failures, the obstacles overcome and

those not conquered, of a historic journey and the people who travelled it.

Returning Foreign Fighters: Responses, Legal Challenges and Ways Forward Francesca Capone, Christophe Paulussen, Rebecca Mignot-Mahdavi, 2023-03-24 This book, a follow-up publication to the 2016 volume *Foreign Fighters under International Law and Beyond*, zooms in on the responses that the international community and individual States are implementing in response to (prospective and actual) returning foreign fighters (FFs) and their families, focusing on returnees from Syria and Iraq to European countries. As States and international organisations are still 'learning by doing', the role of the academic community is to help steer the process by bridging the divide between international standards and their implementation at the national level and between security concerns and human rights law. Furthermore, the academic community can and should assist in identifying ways forward that are both effective, sustainable and international law-compliant. Those are, ultimately, the goals that the present volume seeks to pursue. The observations, recommendations and warnings included in this book will be useful in future debates on (returning) FFs, both in the academic world and in the world of policy makers and practitioners, as well as to the public at large. Francesca Capone is Associate Professor of International Law at the Istituto DIRPOLIS of the Scuola Superiore Sant'Anna in Pisa, Italy. Christophe Paulussen is Senior Researcher International Law at the T.M.C. Asser Instituut in The Hague, The Netherlands. Rebecca Mignot-Mahdavi is Lecturer in International Law at the Manchester International Law Centre, University of Manchester, School of Law in Manchester, United Kingdom.

American Crusade Andrew L Seidel, 2022-09-27 Is a fight against equality and for privilege a fight for religious supremacy? Andrew L. Seidel, a constitutional attorney and author of the critically acclaimed book *The Founding Myth: Why Christian Nationalism Is Un-American*, dives into the debate on religious liberty, the modern attempt to weaponize religious freedom, and the Supreme Court's role in that "crusade." Seidel examines some of the key Supreme Court cases of the last thirty years—including *Masterpiece Cakeshop v. Colorado Civil Rights Commission* (a bakery that refused to make a wedding cake for a gay couple), *Trump v. Hawaii* (the anti-Muslim travel ban case), *American Legion v. American Humanist Association* (related to a group maintaining a 40-foot Christian cross on government-owned land), and *Tandon v. Newsom* (a Santa Clara Bible group exempted from Covid health restrictions), as well as the recent overturning of *Roe v. Wade*—and how a hallowed legal protection, freedom of religion, has been turned into a tool to advance privilege and impose religion on others. This is a meticulously researched and deeply insightful account of our political landscape with a foreword provided by noted constitutional scholar Erwin Chemerinsky, author of *The Case Against the Supreme Court*. The issue of church versus state is more relevant than ever in today's political climate and with the conservative majority status of the current Supreme Court. This book is a standout on the shelf for fans of Michelle Alexander, Bob Woodward, and Christopher Hitchens. Readers

looking for critiques of the rise of Christian nationalism, like Jesus and John Wayne, and examinations like How Democracies Die will devour Seidel's analysis. Hardcover with dust jacket; 320 pages; 9 in H by 6 in W.

Dark Mirror Barton Gellman, 2020-05-19 From the three-time Pulitzer Prize-winning author of the New York Times bestseller Angler, who unearthed the deepest secrets of Edward Snowden's NSA archive, the first master narrative of the surveillance state that emerged after 9/11 and why it matters, based on scores of hours of conversation with Snowden and groundbreaking reportage in Washington, London, Moscow and Silicon Valley Edward Snowden chose three journalists to tell the stories in his Top Secret trove of NSA documents: Barton Gellman of The Washington Post, Glenn Greenwald of The Guardian and filmmaker Laura Poitras, all of whom would share the Pulitzer Prize for Public Service. Poitras went on to direct the Oscar-winning Citizen Four. Greenwald wrote an instant memoir and cast himself as a pugilist on Snowden's behalf. Barton Gellman took his own path. Snowden and his documents were the beginning, not the end, of a story he had prepared his whole life to tell. More than 20 years as a top investigative journalist armed him with deep sources in national security and high technology. New sources reached out from government and industry, making contact on the same kinds of secret, anonymous channels that Snowden used. Gellman's old reporting notes unlocked new puzzles in the NSA archive. Long days and evenings with Snowden in Moscow revealed a complex character who fit none of the stock images imposed on him by others. Gellman now brings his unique access and storytelling gifts to a true-life spy tale that touches us all. Snowden captured the public imagination but left millions of people unsure what to think. Who is the man, really? How did he beat the world's most advanced surveillance agency at its own game? Is government and corporate spying as bad as he says? Dark Mirror is the master narrative we have waited for, told with authority and an inside view of extraordinary events. Within it is a personal account of the obstacles facing the author, beginning with Gellman's discovery of his own name in the NSA document trove. Google notifies him that a foreign government is trying to compromise his account. A trusted technical adviser finds anomalies on his laptop. Sophisticated impostors approach Gellman with counterfeit documents, attempting to divert or discredit his work. Throughout Dark Mirror, the author describes an escalating battle against unknown digital adversaries, forcing him to mimic their tradecraft in self-defense. Written in the vivid scenes and insights that marked Gellman's bestselling Angler, Dark Mirror is an inside account of the surveillance-industrial revolution and its discontents, fighting back against state and corporate intrusions into our most private spheres. Along the way it tells the story of a government leak unrivaled in drama since All the President's Men.

Ideologia de gênero, casamento e a vida cívica Ronald Prater, 2021-03-18 Ideologia De Gênero, Casamento E A Vida Cívica - Como Podemos Conduzir Sadiamente Nossa Discussão Pública Sobre A Sexualidade Humana. Tem sido curiosa, nas últimas décadas, a trajetória das discussões em torno do assunto da homossexualidade. Em todos os tempos e em quase

todas as culturas, o casamento tem sido entendido como uma realidade pessoal e social, buscado e valorizado por indivíduos, casais e sociedades inteiras, mas ele também é uma realidade moral: um bem humano com uma estrutura objetiva, a qual é inerentemente boa para ser vivenciada. A visão conjugal do casamento é de uma união corporal e unitiva, que também é uma união emocional e espiritual, uma união distinta pela amplitude de seu compromisso, o qual é efusivo, ou seja, o compromisso conjugal é um amor fluido do centro da pessoa para fora, para abranger a vida familiar, a fidelidade permanente e, mais adiante, uma nova geração iniciada pela união sexual dos dois cônjuges. No casamento entendido desta maneira, o mundo afirma a esperança e celebra sua renovação duradoura. Ideologia De Gênero Casamento E A Vida Cívica tem como foco nos dar argumentos para conduzir de forma sadia nossa discussão sobre a sexualidade humana, em defesa do casamento conjugal, uma instituição que, se for mudada, ameaça desconfigurar e conseqüentemente, destruir a família como a conhecemos.

The Foxhole Court Nora Sakavic, 2016-03-31 Neil Josten is the newest addition to the Palmetto State University Exy team. He's short, he's fast, he's got a ton of potential - and he's the runaway son of the murderous crime lord known as The Butcher. Signing a contract with the PSU Foxes is the last thing a guy like Neil should do. The team is high profile and he doesn't need sports crews broadcasting pictures of his face around the nation. His lies will hold up only so long under this kind of scrutiny and the truth will get him killed. But Neil's not the only one with secrets on the team. One of Neil's new teammates is a friend from his old life, and Neil can't walk away from him a second time. Neil has survived the last eight years by running. Maybe he's finally found someone and something worth fighting for.
