*The Secret of The Veda* Sri Aurobindo,2016-04-11 The Secret of The Veda by Sri Aurobindo. This book is collection of Sri Aurobindo's various writings on the Veda and his translations of some of the hymns, originally published in the monthly review 'Arya' between August 1914 and 1920. **The Secret of the Veda** Sri Aurobindo,2003 A study of the way of writing of the Vedic mystics, their philosophic system, their system of symbols and the truths they figure, and translations of selected hymns of the Rig-Veda. Is there at all or is there still a secret of the Veda? Sri Aurobindo asks in the opening sentence of this book. He examines the ritualistic and naturalistic theory of nineteenth-century European scholars and then sets forth his own view: The hypothesis I propose is that the Rig-veda is itself the one considerable document that remains to us from the early period of human thought of which the historic Eleusinian and Orphic mysteries were the failing remnants, when the spiritual and psychological knowledge of the race was concealed, for reasons now difficult to determine, in a veil of concrete and material figures and symbols which protected the sense from the profane and revealed it to the initiated... To disengage this less obvious but more important sense [of the Vedic ritual system] by fixing the import of Vedic terms, the sense of Vedic symbols and the psychological functions of the Gods is thus a difficult but necessary task, for which these chapters and the translations that accompany them are only a preparation. Contents: The Problem and its Solution: A Retrospect of Vedic Theory; Modern Theories; The Philological Method of the Veda; Agni and the Truth; The Victory of the Fathers; The Conquest over the Dasyus; Selected Hymns; Hymns of the Atris; The Origins of Aryan Speech . Subjects: Indology, Philosophy

**Secret of the Veda, New U.S. Edition** Sri Aurobindo,2018-05-25 Sri Aurobindo breaks new ground in interpreting the ancient Vedas. His deeper insight into this came from his own spiritual practices for which he found vivid allegorical descriptions in the Vedas. Sri Aurobindo was able to uncover the mystery of the double meanings, the inner psychological and yogic significance and practices and the consistent, clear sense brought by this psychological view of the Vedic hymns. Finally, the true inner meaning of the Veda and its relevance to the seeking after self-realization and enlightenment is revealed.

**The Knowledge in the Vedas** Sridhar Chitta,2022-01-07 About Book: The book explores the relation between the Divine Reality and the ritualistic worship practised by Hindus. The first chapter describes interpretations of the symbols used by Rishis in Rig Vedic hymns and of important slokas of Isha Upanishad and also describes the Vedic and Sankhyaic Paradigms, which are frameworks for the knowledge embodying Creation. In the following three chapters, discussions of the origins of the Vedas and the evolution of Vedic auxiliary texts are provided. In most Hindu households, worshippers seldom discuss the spiritual significance of mantras and stothrams making it appear that the Gods they worship are different from reality. The fifth and following chapters are interpretations of the Lalitha and Vishnu sahasranaamas, Ganapathi Vaibhavam, Sri Rudra

and Gajendra Moksham including their spiritual context. About the Author: Sridhar Chitta is a retired Professor of Electronics and Communication Engineering after several years of service in industries in India, the Middle East and Canada. When discussing spiritual matters with friends and colleagues, he noted their lack of awareness of the spiritual context of daily worship and felt a strong desire to write a book that discusses the connection. Sri Aurobindo's scholarly interpretation of the Vedas and Upanishads made a deep impression on him and led him to explore the spiritual significance of the sahasranaamas and sthothrams of Hindu Devathas. After spending more than 5 years researching and listening to a few hundred discourses, he began writing *The Knowledge in the Vedas* in 2018. He presently resides in Hyderabad, India and continues to explore spirituality. He has also authored *Fundamentals of Electric Theory and Circuits*, marketed by Wiley, India.

**Readings in Sri Aurobindo's Essays on the Gita Volume 1** Santosh Krinsky, 2014-04-07 Santosh highlights key relevant points of Aurobindo's *Essays on the Gita*, explains them and reveals their depth and implications today. Each of his well-chosen selections and lucid comments constitutes a luminous doorway into the heart of the Gita. Santosh shows us how we should approach great teachings like those of Sri Aurobindo and make them relevant for our current search, helping to lift humanity into a new era of higher consciousness that is so desperately needed.

*Readings in The Hidden Forces of Life* Santosh Krinsky, 2024-01-01 We tend to live our lives in the belief that we are separate and isolated from one another. We struggle to survive and thrive in a world where every other being is competing with us for their own survival and self-aggrandisement. In such a world, we suffer from self-doubt, anxiety, fear, and pressure. We subject ourselves to internal judgment when we fail to meet the standards we believe govern our lives, and we project our desires, needs, thoughts and concerns onto others and judge them on that standard as well. What we fail to recognise is that we are actually united with all other beings in an interactive, fully unified reality and that what we think, what we feel, what we experience, what we suffer, and what we enjoy, all is the result of forces active in the world that vibrate within us when we are receptive to them and thereby create the reactions we experience. We are receiving and transmitting stations for these universal forces. Dr. Dalal points out, in the Preface to this compilation: Dealt with herein are the diverse forces which act on us, determining the course of events, influencing our thoughts, feelings and actions, affecting our moods, health and level of energy, pulling the human being to nether depths or beckoning him towards lofty heights. Spoken of in this book are also the hidden forces behind evolution and beneficent forces which man can learn more and more to draw upon. Many of the passages in the book not only explain the nature of the various forces but also provide practical guidance in relation to both helpful as well as deleterious forces. The systematic review of *The Hidden Forces of Life* reveals much that is hidden and occult from our normal daily view, provides us considerable food for reflection and inner growth, and helps us to overcome the limitations we set upon ourselves through the inaccurate view of our separation and isolation

from the rest of the creation.

*The Secrets of Spirituality & Occult* Helena Blavatsky,2023-11-08 In *The Secrets of Spirituality & Occult*, Helena Blavatsky delves into the profound mysteries of spiritual knowledge and mystical practices that have been obscured from conventional understanding. Written in her distinctive, evocative prose, Blavatsky's work intricately intertwines esoteric philosophy, comparative religion, and the metaphysical traditions of both Eastern and Western spirituality. This book not only elucidates the principles of the occult but also invites readers into a deeper contemplation of existence, advocating for the harmony between science and spirituality in an era often dominated by rationalism. Helena Blavatsky, a pivotal figure in the 19th-century occult revival, founded the Theosophical Society with the aim of promoting universal brotherhood and understanding of divine wisdom. Her travels across India and her profound study of ancient scripts significantly shaped her worldview, informing her writings. Blavatsky's exploration of universal laws and hidden truths offered readers an alternative perspective on spirituality amidst the encroachment of materialism and dogma. This book is highly recommended for those seeking a deeper understanding of spiritual truths and the unseen dimensions of reality. Blavatsky's groundbreaking insights remain relevant today, appealing to both seasoned seekers and newcomers wanting to explore the rich tapestry of spirituality and the occult.
