*Breaking White Supremacy* Gary Dorrien,2018-01-09 The award-winning author of *The New Abolition* continues his history of black social gospel with this study of its influence on the Civil Rights movement. The civil rights movement was one of the most searing developments in modern American history. It abounded with noble visions, resounded with magnificent rhetoric, and ended in nightmarish despair. It won a few legislative victories and had a profound impact on U.S. society, but failed to break white supremacy. The symbol of the movement, Martin Luther King Jr., soared so high that he tends to overwhelm anything associated with him. Yet the tradition that best describes him and other leaders of the civil rights movement has been strangely overlooked. In his latest book, Gary Dorrien continues to unearth the heyday and legacy of the black social gospel, a tradition with a shimmering history, a martyred central figure, and enduring relevance today. This part of the story centers around King and the mid-twentieth-century black church leaders who embraced the progressive, justice-oriented, internationalist social gospel from the beginning of their careers and fulfilled it, inspiring and leading America's greatest liberation movement.

*The Magnificent Mays* John Herbert Roper, Sr., 2012-08-15 A comprehensive biography of a dedicated civil rights activist and distinguished South Carolinian Civil rights activist, writer, theologian, preacher, and educator, Benjamin Elijah Mays (1894-1984) was one of the most distinguished South Carolinians of the twentieth century. He influenced the lives of generations of students as a dean and professor of religion at Howard University and as longtime president of Morehouse College in Atlanta. In addition to his personal achievements, Mays was also a mentor and teacher to Julian Bond, founder of the Student Nonviolent Coordinating Committee; future Atlanta mayor Maynard Jackson; writer, preacher, and theologian Howard Washington Thurman; and the Reverend Martin Luther King, Jr. In this comprehensive biography of Mays, John Herbert Roper, Sr., chronicles the harsh realities of Mays's early life and career in the segregated South and crafts an inspirational, compelling portrait of one of the most influential African American intellectuals in modern history. Born at the turn of the century in rural Edgefield County, South Carolina, Mays was the youngest son of former slaves turned tenant farmers. At just four years of age, he experienced the brutal injustice of the Jim Crow era when he witnessed the bloody 1898 Phoenix Riot, sparked by black citizens' attempts to exercise their voting rights. In the early 1930s Mays discovered the teachings of Mohandas Gandhi and traveled to India in 1938 to confer with him about his methods of nonviolent protest. An honoree of the South Carolina Hall of Fame and recipient of forty-nine honorary degrees, Mays strived tirelessly against racial prejudices and social injustices throughout his career. In addition to his contributions to education and theology, Mays also worked with the National Urban League to improve housing, employment, and health conditions for African Americans, and he played a major role in the integration of the Young Men's Christian Association (YMCA). With honest appreciation and fervent admiration for Mays's many accomplishments and lasting legacy, Roper deftly captures the heart and passion of his subject, his lifelong quest for social equality, and his unwavering faith in the potential for good in the American people.

**Benjamin Elijah Mays, Schoolmaster of the Movement** Randal Maurice Jelks, 2012-05-15 In this first full-length biography of Benjamin Mays (1894-1984), Randal Maurice Jelks chronicles the life of the man Martin Luther King Jr. called his spiritual and intellectual father. Dean of the Howard University School of Religion, president of Morehouse College, and mentor to influential black leaders, Mays had a profound impact on the education of the leadership of the black church and of

a generation of activists, policymakers, and educators. Jelks argues that Mays's ability to connect the message of Christianity with the responsibility to challenge injustice prepared the black church for its pivotal role in the civil rights movement. From Mays's humble origins in Epworth, South Carolina, through his doctoral education, his work with institutions such as the National Urban League, the NAACP, and the national YMCA movement, and his significant career in academia, Jelks creates a rich portrait of the man, the teacher, and the scholar. Benjamin Elijah Mays, Schoolmaster of the Movement is a powerful portrayal of one man's faith, thought, and mentorship in bringing American apartheid to an end.

**Holding Fast to Dreams** Freeman A. Hrabowski III, 2015-05-05 An education leader relates how his experiences with the civil rights movement led him to develop programs promoting educational success in science and technology for African Americans and others. In *Holding Fast to Dreams*, 2018 American Council on Education (ACE) Lifetime Achievement Award winner Freeman Hrabowski recounts his journey as an educator, a university president, and a pioneer in developing successful, holistic programs for high-achieving students of all races. When Hrabowski was twelve years old, a civil rights leader visited his Birmingham, Alabama, church and spoke about a children's march for civil rights and opportunity. That leader was the Reverend Martin Luther King Jr., and that march changed Hrabowski's life. Until then, Freeman was a kid

who loved school and solving math problems. Although his family had always stressed the importance of education, he never expected that the world might change and that black and white students would one day study together. But hearing King speak changed everything for Hrabowski, who convinced his parents that he needed to answer King's call to stand up for equality. While participating in the famed Children's Crusade, he spent five terrifying nights in jail—during which Freeman became a leader for the younger kids, as he learned about the risk and sacrifice that it would take to fight for justice. Hrabowski went on to fuse his passion for education and for equality, as he made his life's work inspiring high academic achievement among students of all races in science and engineering. It also brought him from Birmingham to Baltimore, where he has been president of the University of Maryland, Baltimore County for more than two decades. While at UMBC, he co-founded the Meyerhoff Scholars Program, which has been one of the most successful programs for educating African Americans who go on to earn doctorates in the STEM disciplines.

**Bible Study for Busy Pastors and Ministers** Reginald F. Davis, 2011-02-25 Pastors and ministers have one of the most challenging jobs on Earth. Of all their tasks, one responsibility they cannot neglect is teaching the word of God. Unfortunately, church leaders seldom have enough time to prepare Bible studies for their congregation. This book is a quick resource to help fill that gap. These thematically arranged Bible studies each contain an introduction to a topic and a list of relevant Scripture readings for that topic. Pastors can use the introduction to spark discussion within small groups or to focus on the specific themes during sermon writing. **Through the Eyes of Titans: Finding Courage to Redeem the Soul of a Nation** Danjuma G. Gibson, 2024-01-10 Human beings tend to romanticize history or idealize historical figures. This is nowhere more apparent than the civil rights

era of the twentieth century. The problem is that when we idealize history, we fail to learn from it. The result is that history repeats itself along with its sins and atrocities. The January 6 Capitol insurrection and the current racial reckoning we are experiencing is unoriginal to the American experience. We have been here before. This book seeks to humanize people we have idealized. Readers are invited to challenge racial hatred and injustice in their own context by looking to the lives of historical figures who have faced the challenges we currently face. By examining the self-care practices of personalities like Ida B. Wells, Fannie Lou Hamer, Benjamin Elijah Mays, and Martin Luther King Jr., this book examines the practices of introspection and self-work these historical figures engaged in that enabled them to fulfill the body of work they are celebrated for today. By humanizing these historical titans, we can emulate similar practices of self-care and introspection in our own lives that can equip us in continuing the ongoing work of dismantling structures of racial hatred and oppression, and promoting freedom, love, equity, and justice to redeem the soul of a nation.
