Expanding Receptive and Expressive Skills Through Stories (EXPRESS) Evelyn R. Klein, Sharon Lee Armstrong, Janice Gordon, Donna Kennedy, Carolyn Gerber Satko, Elisa Shipon-Blum, 2017-11-15 EXPanding Receptive and Expressive Skills through Stories (EXPRESS): Language Formulation in Children with Selective Mutism and Other Communication Needs is a resource that provides a treatment approach for speech-language pathologists, teachers, psychologists, parents, and others working with children with selective mutism and other language delays or disorders such as language learning disabilities, autism spectrum disorders, or for children learning English as a second language. It is a program for expanding receptive and expressive language skills with five levels of communication to accommodate children from nonvocal stages through spontaneous vocalization. The EXPRESS approach includes activity modules corresponding to classic children's stories. Children's literature is used as a flexible and adaptable tool for presenting activities designed to help expand vocabulary and grammar, engage in question-answer routines, improve sentence formulation, and generate narrative language. Creativity and imagination are also fostered using sentence formulation and story generation. EXPRESS supports the Common Core State Standards for English and Language Arts. Each of the modules requires the corresponding storybook that can be obtained individually or found within The 20th Century Children's Book Treasury, a compendium that includes all the stories. EXPRESS requires the use of classic children's stories to complete the activity modules. The stories can be obtained individually, through an inclusive compendium, or through online videos. To obtain each storybook individually, contact your preferred library or bookseller. The 20th Century Children's Book Treasury (ISBN-13: 978-0679886471) is a compendium that includes all the stories. It can be purchased through your preferred bookseller (such as Amazon) or the publisher (Penguin Random House). Disclaimer: At the time of publication all information and links are accurate. Parents Make the Difference Susan Voorhees, 2014-05-14 Reading to your children has been recommended to parents of young children for decades by literacy experts. The act of shared book reading can promote academic, language, and literacy development; this is grounded in research. Not all shared book reading, however, is equally effective. In Parents Make the Difference: Nourishing Literacy Development through Shared book Reading, Susan Voorhees guides parents to conduct enjoyable and productive book reading interactions with their young children. Parents will be informed about language and literacy learning in the early years and how to best engage in before, during, and after shared book reading activities. While this book was written as an invitation to parents, teachers will also find it to be informative in guiding them to establish a supportive climate for sound, developmentally appropriate literacy teaching practices. It is the responsibility of

all shareholders to nourish the literacy development of young children as they naturally move toward learning to read and become lovers of reading.

Violet Scott Thomas,2019-09-24 For many children, the summer of 1988 was filled with sunshine and laughter. But for ten-year-old Kris Barlow, it was her chance to say goodbye to her dying mother. Three decades later, loss returns—her husband killed in a car accident. And so, Kris goes home to the place where she first knew pain—to that summer house overlooking the crystal waters of Lost Lake. It's there that Kris and her eight-year-old daughter will make a stand against grief. But a shadow has fallen over the quiet lake town of Pacington, Kansas. Beneath its surface, an evil has grown—and inside that home where Kris Barlow last saw her mother, an old friend awaits her return.

With *The Bears' Picnic*, literary legends Stan and Jan Berenstain provide a red-and-white-checked tablecloth to enhance a giggle-filled escape. Beginner Books are fun, funny, and easy to read! I Can Read It All by Myself Paul V. Allen, 2021-05-28 In the late 1950s, Ted Geisel took on the challenge of creating a book using only 250 unique first-grade words, something that aspiring readers would have both the ability and the desire to read. The result was an unlikely children's classic, *The Cat in the Hat*. But Geisel didn't stop there. Using *The Cat in the Hat* as a template, he teamed with Helen Geisel and Phyllis Cerf to create Beginner Books, a whole new category of readers that combined research-based literacy practices with the logical insanity of Dr. Seuss. The books were an enormous success, giving the world such authors and illustrators as P. D. Eastman, Roy McKie, and Stan and Jan Berenstain, and beloved bestsellers such as *Are You My Mother?*; *Go, Dog. Go!*; *Put Me in the Zoo*; and *Green Eggs and Ham*. The story of Beginner Books—and Ted Geisel's role as “president, policymaker, and editor” of the line for thirty years—has been told briefly in various biographies of Dr. Seuss, but *I Can Read It All by Myself: The Beginner Books Story* presents it in full detail for the first time. Drawn from archival research and dozens of brand-new interviews, *I Can Read It All by Myself* explores the origins, philosophies, and operations of Beginner Books from *The Cat in the Hat* in 1957 to 2019's *A Skunk in My Bunk*, and reveals the often-fascinating lives of the writers and illustrators who created them.

Ilg,2012-01-18 A three-year-old is a real puzzle to parents, sometimes anxious to please and befriend, sometimes strong-willed and difficult to get along with. At the heart of the three-year-old's personality is often an emotional insecurity—and this causes a host of problems for parents! Drs.
