**Blue Is the Warmest Color** Julie Maroh, 2013-09-02 A New York Times bestseller The original graphic novel adapted into the film *Blue Is the Warmest Color*, winner of the Palme d'Or at the 2013 Cannes Film Festival; released in the US this fall by IFC Films/Sundance Selects In this tender, bittersweet, full-color graphic novel, a young woman named Clementine discovers herself and the elusive magic of love when she meets a confident blue-haired girl named Emma: a lesbian love story for the ages that bristles with the energy of youth and rebellion and the eternal light of desire. First published in France by Glénat, the book has won several awards, including the Audience Prize at the Angoulême International Comics Festival, Europe's largest. The live-action, French-language film version of the book, entitled *Blue Is the Warmest Color*, won the Palme d'Or at the Cannes Film Festival in May 2013. Directed by director Abdellatif Kechiche and starring Lea Seydoux and Adele Exarchopoulos, the film generated both wide praise and controversy. It will be released in the US through Sundance Selects/IFC Films. Julie Maroh is an author and illustrator originally from northern France.

Comics Harriet E.H. Earle, 2020-12-10 *Comics: An Introduction* provides a clear and detailed introduction to the Comics form - including graphic narratives and a range of other genres - explaining key terms, history, theories, and major themes. The book uses a variety of examples to show the rich history as well as the current cultural relevance and significance of Comics. Taking a broadly global approach, Harriet Earle discusses the history and development of the form internationally, as well as how to navigate comics as a new way of reading. Earle also pushes beyond the book to lay out the ways that fans engage with their comics of choice - and how this can impact the industry. She also analyses how Comics can work for social change and political comment. Discussing journalism and life writing, she examines how the coming together of word and image gives us new ways to discuss our world and ourselves. A glossary and further reading section help those new to Comics solidify their understanding and further their exploration of this dynamic and growing field.

**Comic Book Film Style** Dru Jeffries, 2017-09-05 Superhero films and comic book adaptations dominate contemporary Hollywood filmmaking, and it is not just the storylines of these blockbuster spectacles that have been influenced by comics. The comic book medium itself has profoundly influenced how movies look and sound today, as well as how viewers approach them as texts. *Comic Book Film Style* explores how the unique conventions and formal structure of comic books have had a profound impact on film aesthetics, so that the different representational abilities of comics and film are put on simultaneous

display in a cinematic work. With close readings of films including *Batman: The Movie*, *American Splendor*, *Superman*, *Hulk*, *Spider-Man 2*, *V for Vendetta*, *300*, *Scott Pilgrim vs. the World*, *Watchmen*, *The Losers*, and *Creepshow*, Dru Jeffries offers a new and more cogent definition of the comic book film as a stylistic approach rather than a genre, repositioning the study of comic book films from adaptation and genre studies to formal/stylistic analysis. He discusses how comic book films appropriate comics' drawn imagery, vandalize the fourth wall with the use of graphic text, dissect the film frame into discrete panels, and treat time as a flexible construct rather than a fixed flow, among other things. This cinematic remediation of comic books' formal structure and unique visual conventions, Jeffries asserts, fundamentally challenges the classical continuity paradigm and its contemporary variants, placing the comic book film at the forefront of stylistic experimentation in post-classical Hollywood.

**The Movie Quiz Book** Little White Lies, 2019-08-26 Imagine the best pub quiz you've ever been to, but without suffering the hangover the next morning! From heroic heroines, famous final lines and award-winning directors, to Hollywood's golden age, memorable movie flops and the film world's biggest franchises, the book's over 1,600 questions cover every aspect of the movies. Thrown in among the brain-testing questions are a series of visual quizzes and challenges—including an It's a Wonderful Life spot-the-difference and the world premiere of a Jean-Claude van Damme-themed wordsearch! Put together by the team at indie film magazine Little White Lies, *The Movie Quiz Book* includes 120 movie quizzes, from seriously difficult text-based, to downright silly illustrated visual quizzes. *The Movie Quiz Book* is illustrated by Sophie Mo.

*The Cinematic Influence* Peter C. Pugsley, Ben McCann, 2022-12-29 Exploring the multiple aesthetic and cultural links between French and Japanese cinema, *The Cinematic Influence* is packed with vivid examples and case studies of films by Akira Kurosawa, Jean-Luc Godard, Hirokazu Kore-eda, Claire Denis, Naomi Kawase, Michel Gondry and many others. It illustrates the vast array of cinematic connections that mark a long history of mutual influence and reverence between filmmakers in France and Japan. The book provides new insights into the ways that national cinemas resist Hollywood to maintain and strengthen their own cultural practices and how these national cinemas perform the task of informing and enlightening other cultures about what it means to be French or Japanese. This book also deepens our understandings of film's role as a viable cultural and economic player in individual nations. Importantly, the reader will see that film operates as a form of cultural exchange between France and Japan, and more broadly, Europe and Asia. This is the first major book to investigate the crossover between these two diverse national cinemas by tracking their history of shared narrative and stylistic techniques.
