David Scott

Trans Rights and Wrongs Isabel C. Jaramillo,Laura Carlson,2021-06-23 This book maps various national legal responses to gender mobility, including sex and name registration, access to gender modification interventions, and anti-discrimination protection (or lack thereof) and regulations. The importance of the underlying legislation and history is underlined in order to understand the law's functions concerning discrimination, exclusion, and violence, as well as the problematic nature of introducing biology into the regulation of human relations, and using it to justify pain and suffering. The respective chapters also highlight how various governmental authorities, as well as civil society, have been integral in fostering or impeding the welfare of trans persons, from judges and legislators, to medical commissions and law students. A collective effort of scholars scattered around the globe, this book recognizes the international trend toward self-determination in sex classification and a generous guarantee of rights for individuals expressing diverse gender identities. The book advocates the dissemination of a model for the protection of rights that not only focuses on formal equality, but also addresses the administrative obstacles that trans persons face in their daily lives. In addition, it underscores the importance of courts in either advancing or obstructing the realization of individual rights.

Abolitionist Voices David Scott,2025-03-19 Why have so many radical thinkers advocated for the abolition of prisons and punishment? And why have their ideas been so difficult to popularize or garner the political will for change? This book outlines several different approaches to penal abolitionism and showcases their calls for the ending of legal coercion, domination, and repression. This exciting and innovative edited collection shows how abolitionist ideas have continued topicality and relevance in the present day and how they can collectively help with devising new ways of thinking about social problems, as well as suggesting alternatives to existing penal policies, practices and institutions.

A Body of One's Own Patricio Simonetto,2024-01-16 Simonetto theorizes how trans bodies were shaped and understood in Argentina from the modern definition of sex at the end of the nineteenth century to the passing of Gender Identity Law in 2012. This project analyzes the process and history of sex change in Argentina during the twentieth century. By using sex change as a category of historical analysis, it is possible to consider the multiple layers, including both popular and medical discourses, with which people understood and experienced body transformation and the wide range of techniques with which they materialized their gendered bodies--

De la cultura al feminismo Marcela País Andrade, Belén Igarzabal, 2021-02-23 Marcela A. País Andrade y Belén Igarzábal, junto a RGC Ediciones, presentan el libro De la cultura al feminismo, que nos invita a conocer distintas experiencias artísticas/culturales (colectivas e individuales) llevadas a cabo por mujeres, disidencias, diversidades, colectivas (trans)feministas u otras que se vienen desarrollando en los últimos años, en total cuenta con más de 40 colaboraciones. Los relatos que aquí se tejen muestran las formas de expresar inequidades y violencias, de repensar las propias prácticas y repensarnos como gestorxs culturales, productorxs y agentes de la cultura. Las voces que se escuchan en este libro nos demandan debatir con el campo cultural argentino y tensionar el diseño, la ejecución y la gestión de las políticas culturales públicas. Nos movilizan a tomar conciencia de los desafíos que nos quedan por delante: afianzar las redes, visibilizar inequidades, promover políticas públicas y legislaciones en los distintos ámbitos de la cultura, y seguir promoviendo el respeto por las diferentes formas de feminismos y transfeminismos. Por lo tanto, esta compilación da cuenta de las disputas, resistencias y negociaciones que se dan en el marco de los procesos artísticos/culturales. Esperamos que su lectura sirva a nuevas experiencias en este proceso de desobedecer, de repensarse y de generar trabajos colectivos desde estas perspectivas.

Argentina humana Juan Grabois, 2024-12-01 «¿Somos un país sin remedio ni fortalezas? Imaginemos un país de todos para todos, basado en métodos constructivos, visiones colectivas y experiencias reales, y en nuestras múltiples fortalezas como sociedad». Frustración e incertidumbre se expresan en una creciente insatisfacción con la democracia y un cuestionamiento del papel del Estado, canalizados con éxito por las nuevas derechas. A partir de la premisa de que otra Argentina es posible, Juan Grabois propone sublimar la bronca, amasar la esperanza y recuperar el gobierno. El autor despliega una caja de herramientas conceptuales, describe cuál es el paradigma humanista en política y nos invita a imaginar esa otra Argentina con la mente despierta, los pies en la tierra y todos a la mesa, tomando nota de nuestras muchas fortalezas como sociedad. El propósito de este libro es detallar las formas concretas de ejecución que permitan la realización efectiva en el presente de los principios políticos que a lo largo de la historia han ido cimentándose en la conciencia colectiva. Se reafirma también la vigencia de los sueños e ideales del movimiento nacional-popular, planteando al mismo tiempo una profunda actualización teórica, táctica y estratégica para su concreción. No aventura una revolución ni una reforma, sino compartir un proyecto simple que, por su propia simplicidad, en un mundo de anárquica injusticia, es de una radicalidad contracultural que molesta a los que prefieren la comodidad política e intelectual de la deshumanización paulatina. No queremos, ni más ni menos, que una Argentina humana. «Nos toca vivir un tiempo líquido. Los grandes ideales políticos jaqueados, los sistemas de creencia erosionados, la realidad acelerada, la insatisfacción permanente, las decepciones constantes, nos llevan a vivir en una vorágine en donde es difícil percibir con claridad, sentir con bondad y caminar en una dirección. Terminamos perdidos en el laberinto». «Quisiera ofrecer al lector un recorrido por los principales

conceptos que consideramos necesarios para movernos en la acción política. [...] Muchas veces las acciones visibles de los actores políticos no parecen asociadas a un propósito. [...] La política sin propósito es la forma esencial de corrupción». «Hay mucho que ya existe y debemos defender, mucho que perdimos y debemos recuperar, pero mucho más que no existe y debemos crear. [...] En mi experiencia, imaginar el futuro es una forma de iluminar el sentido del propósito y una fuente inagotable de motivación».

Las personas LGBT. Identidades, violencias y derechos de las víctimas Manuel Páez Ramírez.,2022-10-24 La presente investigación aborda tres aspectos centrales para comprender a profundidad los derechos de las personas LGBT. En primer lugar, precisa el significado y los antecedentes históricos de las llamadas identidades diversas. A continuación, desarrolla las nociones e implicaciones de las violencias individuales y estructurales más comunes que enfrentan a nivel global y en un ámbito local determinado. Por último, ofrece una mirada panorámica sobre los avances jurídicos contemporáneos en materia de garantías a las víctimas de violaciones a los derechos humanos por motivos de prejuicio sexual y de género y ofrece algunas recomendaciones en clave de reforma legal con el objeto de incrementar su aptitud restaurativa y preventiva.

Derechos humanos en la Argentina: Informe 2016 Centro de Estudios Legales y Sociales,2019-11-20 Este es el vigésimo Informe sobre los derechos humanos en la Argentina editado por el Centro de Estudios Legales y Sociales. En sus diez capítulos analizamos hechos y debates ocurridos entre enero de 2015 y abril de 2016 y proponemos reformas y decisiones necesarias, algunas de ellas urgentes, para revertir las violaciones a los derechos humanos que persisten en nuestro país. En este volumen nos ocupamos de las políticas de memoria, verdad y justicia a cuarenta años del golpe; las vulneraciones de derechos en tomas de tierra y asentamientos; la construcción de una agenda regresiva en torno de la cuestión narco; el sistema de inteligencia en democracia; los hechos de violencia letal con participación de integrantes de las fuerzas de seguridad; la investigación y sanción judicial de casos de tortura; las consecuencias del aumento sostenido del encarcelamiento; la violencia institucional a la luz de la Ley de Protección Integral a las Mujeres; el acceso a la justicia como una cuestión de derechos humanos; la libertad de expresión. El Centro de Estudios Legales y Sociales es una organización argentina creada en plena dictadura cívico-militar, que promueve la protección y la ampliación del ejercicio efectivo de los derechos humanos, la justicia y la inclusión social. El CELS utiliza la incidencia política, el litigio estratégico, la investigación aplicada y la conformación de alianzas para llevar a cabo su misión en el ámbito nacional e internacional.

Criminalisation of Dissent in Times of Crisis Anna Di Ronco,Rossella Selmini,2024-12-26 This book provides a wide-ranging, global exploration of policies and practices which have sought to undermine dissent during recent and less recent social, political, economic and health 'crises'. Examining various cases of activism and opposition from both the Global North and the Global South, and drawing on multi-disciplinary insights, this book analyses the many ways in which state and non-state actors have targeted dissent, activism and protest, including by vulnerable groups. This includes strategies that have

silenced dissenting opinions, restricted the right to protest, intensified policing practices and the surveillance of activists, imposed onerous administrative fines, criminalised and prosecuted dissenters, and even killed activists. Fundamentally, this volume considers 'criminalisation' as a process that develops on a continuum of control and repressive practices that aim to undermine dissent. It contributes to the broader discussion on criminalisation processes, policing, the rule of law, and the quality of our democracies.

Historia feminista de la literatura argentina, 2024-12-20 Este tomo propone una historia feminista de las estéticas transmediales que implica una comprensión de los lenguajes artísticos o "modos de decir". Por eso, los trabajos que integran el tomo pueden considerarse ensayos de imaginación teórica, crítica y artística en un estado de pura especulación: con la literatura argentina van hacia la teoría, los métodos, los activismos, las visualidades y gráficas, las formas de vida, el sonido, el movimiento, las tecnologías, las puestas en escena, la cocina, la gestoría cultural, el fútbol y los museos y buscan encontrar una zona de cercanía.

New Democratic Initiatives in Authoritarian Twenty-First Century Latin America Manuel Larabure, Charmain Levy, Dan Furukawa Marques, 2024-12-15 New Democratic Initiatives in Authoritarian Twenty-First Century Latin America uses a multidisciplinary approach to understand the coincidence of emerging social movements, seeking more meaningful forms of democratic participation, on the one hand, and the rise of new authoritarian politics that in part rely on chaos and disorder as mechanisms of domination, on the other. This edited collection argues that Latin America has entered a new phase of political and economic volatility in which traditional conceptual divisions between democracy and authoritarianism need to be re-thought. How are democratic movements coping with and reacting to the new right-wing politics of Jair Bolsonaro and Javier Milei, which among other things, attempt to incorporate the popular classes? Does the "second pink tide" offer meaningful avenues for popular empowerment? How are counter hegemonic struggles built? What are the challenges and opportunities faced by women, queer and trans people, cultural workers, people with disabilities and indigenous groups in this conjuncture? These are the key questions addressed in this book.

Historia feminista de la literatura argentina - Tomo IV Laura A. Arnés, Lucía De Leone, María José Punte, 2020-10-23 El tomo IV de la Historia feminista de la literatura argentina abarca el período 1990-2020. El proyecto se ocupa de revisar los archivos y resignificarlos, cuestionando tanto sus fundamentos patriarcales como los de la crítica que le dio cuerpo; desafiar no solo las ausencias sino los protocolos de representación, sus estructuras y normalizaciones. Al promover ficciones y lecturas que ponen en contacto cuerpos sexuales y textuales que la crítica no pudo o no quiso ver en contigüidad, son activadas perspectivas hasta el momento inimaginables. Al moverse en una línea paralela al canon, las experiencias literarias rescatadas en este tomo se vuelven más dinámicas y adquieren una eficacia política impensable: porque se saben campo de tensiones no autónomo respecto de la política y de los afectos; porque ponen en escena que toda intimidad es imaginaria y

política, y que el valor literario no es sino una construcción con diversas dimensiones; porque son voces encarnadas que profundizan en las ficciones del yo (aunque transpiran siempre algo de lo personal, un hilo que las mantiene unidas a lo viviente). Este volumen es una entrada posible, un gesto de apertura hacia ciertas zonas de la literatura del presente que no son materia habitual de la crítica literaria argentina. El tomo dialoga con muchos de los problemas que se le acreditan al arte actual y a la literatura contemporánea: las figuraciones de espacio y temporalidad, las negociaciones interdisciplinarias y la pregunta por su estatuto en la era de la desdiferenciación, los debates en torno al realismo y las especulaciones acerca del régimen actual de lo literario.

Política y estética de los cuerpos.Distribución de lo sensible en la literatura y las artes visuales Alicia Montes, María Cristina Ares, 2019 ¿Cómo se puede definir una política de los cuerpos? ¿De qué manera cada cuerpo, en su singularidad, se vuelve político? ¿Es posible relacionar estética y política? Los trabajos de investigación que se incluyen en este volumen pretenden dar una respuesta a estas preguntas, interpretando el pensamiento no pensado que emerge en los materiales del corpus de trabajo seleccionado (textos literarios, historietas, filmes, obras de arte audiovisuales de diversa índole). Existe un reparto de lo sensible (lo perceptible, imaginable, decible y escribible) que, desarmando los binarismos y jerarquías naturalizados característicos de nuestra cultura, pone en acto la equivalencia de todos los cuerpos y los recupera en su materialidad haciéndolos simbolizables, en tanto cuerpos existentes que merecen ser cuidados, respetados y valorados en su diferencia. En este sentido, la estética cobra la figura de una política de la vida y no sobre la vida que pone en un plano de igualdad todos los cuerpos con su singularidad.

Sostenibilidad y desarrollo. Seguros inclusivos María Cristina Escribano Gamir, En esta segunda edición del Curso de Verano sobre sostenibilidad, desarrollo y seguros inclusivos, que tuvo lugar en julio de 2024 en la Facultad de Ciencias Jurídicas y Sociales de Toledo, UCLM, organizado por el Área de Derecho Mercantil, volvimos a detenernos en el análisis académico y práctico de los seguros inclusivos como instrumento de sostenibilidad y desarrollo. Hablar de seguros inclusivos es hacerlo de seguros universales, sencillos, estandarizados y de comercialización masiva. Por ello, aquéllos se han constituido como una de las principales herramientas para reducir la brecha de protección del seguro en sociedades emergentes. En esta publicación se ofrece al lector interesado algunas de las cuestiones más relevantes de la materia hoy en día.

Women's Rights in Movement Inés M. Pousadela, Simone R. Bohn, 2023-10-11 This book provides an updated comparative overview of women's movements in Latin America and the Caribbean, filling some of the gaps left by the existing literature. It brings together case studies of nine countries – Argentina, Brazil, Chile, Colombia, Dominican Republic, Ecuador, Mexico, Nicaragua, and Peru – and includes a comparative analysis of the overall evolution of women's rights movements across the region during the past decades. This analysis shows Latin America as the home to the largest, strongest, and most densely regionally and globally interconnected women's rights movements in the Global South. Each chapter in this volume seeks to understand where the struggles for women's rights come from, how they stand today and where they are headed to. To do so, they all use qualitative methodologies, and most resort to first-hand accounts of the processes described and reflections by the actors on their own experiences, collected through surveys, in-depth interviews and/or ethnographic observations. The comparative analysis of the different national case studies reveals the main struggles in which women's rights movements are currently involved in Latin America and the Caribbean: the quest for political representation within the State and its political institutions; the fight against gender violence and the struggle for sexual and reproductive rights – especially abortion rights. Women's Rights in Movement: Dynamics of Feminist Change in Latin America and the Caribbean will be a valuable resource for researchers, activists and policy makers interested in the struggles for women's rights not only in Latin America and the Caribbean, but in different parts of the world. It will be of special interest to sociologists, political scientists, anthropologists and other social scientists working in interdisciplinary fields such as gender and social movements studies.

Be Gay, Do Crime Zane McNeill, Blu Buchanan, Riley Clare Valentine, 2025-09-16 Sometimes it pays to be gay and do crime. As communities are boldly rising to challenge capitalism, white supremacy, and authoritarianism, Be Gay, Do Crime: Everyday Acts of Queer Resistance and Rebellion is your ultimate guide to LGBTQ+ resilience and rebellion. Packed with daily snapshots of radical queer history, this book celebrates the bold, the brave, and the beautifully defiant moments that have shaped the fight for justice. Ever wonder why the Stonewall protests became an uprising or what the earliest acts of queer resistance looked like? How about the ways queer communities have organized against oppression across the globe? Be Gay, Do Crime dives into these stories and so many more—from fierce acts of resistance to joyful victories—bringing to life the rich, diverse history of LGBTQ+ liberation. By situating readers within a larger pattern of struggle, these everyday acts counter the erasure of queer people from history and serve as a reminder that our struggles are part of a broader fight

against systemic violence and dehumanization. But, this isn't just a history book; it's a rallying cry. Flip to any page, soak up some inspiration, and join the legacy of resistance.
