

Despachos De Guerra

Bolivia

Despachos de guerra Michael Herr,2024-11-20 Cuando Michael Herr fue a Vietnam en 1967 como corresponsal de Esquire era un escritor prácticamente desconocido. Pero fue ferviente y unánimemente alabado, ya desde el principio, tras publicar su famoso artículo «Sorbos infernales», y su reputación fue en aumento con la progresiva aparición de más trabajos suyos. Despachos de guerra confirmó lo que ya sabían sus primeros admiradores: nadie ha escrito de modo tan elocuente, vigoroso y aterrador sobre lo que fue combatir (y sobrevivir) en aquella guerra espectral. Sin las trabas del periodismo ortodoxo, prescindiendo de explicaciones oficiales y debates moralizantes, Michael Herr nos muestra a los combatientes tal como eran y nos transporta a la atmósfera pavorosa y alucinante en la que se movían, en la selva, entre emboscadas, acosados por el enemigo y por las pesadillas. Se han escrito muchos libros sobre Vietnam, pero Despachos de guerra es único: es una obra de valor perenne que figurará entre los mejores títulos sobre hombres en combate.

Armies Without Nations Robert H. Holden,2006-02-16 Public violence, a persistent feature of Latin American life since the collapse of Iberian rule in the 1820s, has been especially prominent in Central America. Robert H. Holden shows how public violence shaped the states that have governed Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua. Linking public violence and patrimonial political cultures, he shows how the early states improvised their authority by bargaining with armed bands or montoneras. Improvisation continued into the twentieth century as the bands were gradually superseded by semi-autonomous national armies, and as new agents of public violence emerged in the form of armed insurgencies and death squads. World War II, Holden argues, set into motion the globalization of public violence. Its most dramatic manifestation in Central America was the surge in U.S. military and police collaboration with the governments of the region, beginning with the Lend-Lease program of the 1940s and continuing through the Cold War. Although the scope of public violence had already been established by the people of the Central American countries, globalization intensified the violence and inhibited attempts to shrink its scope. Drawing on archival research in all five countries as well as in the United States, Holden elaborates the connections among the national, regional, and international dimensions of public violence. Armies Without Nations crosses the borders of Central American, Latin American, and North American history, providing a model for the study of global history and politics. Armies without Nations was a CHOICE Outstanding Academic Title for 2005.

Los Secretarios de Estado y del Despacho (1474-1724) (4 volúmenes) José Antonio Escudero,2020-02-03 Esta obra fue editada por vez primera por el entonces Instituto de Estudios Administrativos en 1969, con una segunda edición en 1976, y fue merecedora del Premio Menéndez Pelayo del CSIC y del Premio Nacional de Historia. En sus cuatro tomos, los dos últimos dedicados a una extensa colección diplomática o apéndice documental, José Antonio Escudero afronta el estudio de la maquinaria de gobierno de la monarquía española desde el reinado de los Reyes Católicos al de Felipe V, centrándose en la figura de los Secretarios de Estado y del Despacho. Analiza así en el régimen polisinodial (de varios sínodos o Consejos) de los Austrias la figura del Secretario de Estado o del Consejo de Estado, organismo que preside el propio rey. El Secretario de Estado en el siglo XVI (Francisco de los Cobos, Antonio Pérez, etc.) es un personaje poderoso que despacha por escrito y personalmente (a boca) con el monarca, declinando en el XVII cuando pierde ese despacho a boca en beneficio de los validos. Finalmente, con la entrada de los Borbones, y en aras de una mayor eficacia y fluidez del despacho, se constituye otra red de gobierno de órganos unipersonales, la de los Secretarios de Estado y del Despacho o Ministros, paralela a la de los Consejos, a la que se traspasan progresivamente las competencias de estos. El autor concluye el estudio en 1724, cuando ese sistema de los Secretarios de Estado y del Despacho se ha consolidado. Este libro explica, pues, los orígenes del régimen ministerial en España, habiendo dedicado el autor otro libro (*Los orígenes del Consejo de Ministros en España*, 2 tomos; también Premio Nacional de Historia), en cierto sentido continuación de este, a la consolidación y desarrollo de ese régimen ministerial en el siglo XVIII (con los Patiño, Ensenada, Aranda, Floridablanca, etc.), el cual llegará a nuestros días.

Censura y recepción de Hemingway en España Douglas Edward Laprade,2005 Aquest llibre és un estudi de la censura i recepció que les obres d'Ernest Hemingway van tenir a Espanya. En el primer capítol es demostra que quan el nord-americà va escriure «Per a qui toquen les campanes» defensava la política cultural de l'Aliança d'Intel·lectuals Antifeixistes per a la

Defensa de la Cultura. A més, s'hi ofereix una anàlisi al·legòrica de la novel·la amb l'objectiu de demostrar com el text s'assembla a les al·legories d'Alberti. El segon capítol resumeix la crítica espanyola sobre les obres de Hemingway. Es fa atenció especial a les ressenyes anticipades que es publicaren a Espanya abans que els seus llibres apareguesssen en el país. Cinc dels set capítols d'aquest llibre són resultat de la recerca que s'ha dut a terme en l'Arxiu General de l'Administració d'Alcalá de Henares. El tercer capítol és un resum dels expedients compilats pels censors espanyols sobre les obres de l'escriptor publicades a Espanya durant el règim de Franco. El quart comenta l'expedient que els censors franquistes van reunir sobre el llibre «Hemingway, entre la vida y la muerte», de l'autor espanyol José Luis Castillo-Puche. Aquest capítol demostra com els censors controlaren la crítica sobre Hemingway, a més de censurar els llibres de l'escriptor. El cinquè capítol reproduceix i comenta la correspondència sobre el film «Per a qui toquen les campanes» enviada entre l'ambaixador d'Espanya a Washington i els cònsols espanyols als Estats Units. El sisè capítol publica i comenta la correspondència sobre el film «Les neus del Kilimanjaro» enviada entre els diplomàtics espanyols destinats als Estats Units. El setè estudia l'expedient compilat sobre Gustavo Durán, amic de Hemingway durant la Guerra Civil i personatge de la novel·la «Per a qui toquen les campanes». Aquest expedient aporta una nova interpretació de les al·lusions al poble d'Usera en la novel·la de Hemingway.

Shadows at Dawn Karl Jacoby, 2009-11-24 A masterful reconstruction of one of the worst Indian massacres in American history In April 1871, a group of Americans, Mexicans, and Tohono O'odham Indians surrounded an Apache village at dawn and murdered nearly 150 men, women, and children in their sleep. In the past century the attack, which came to be known as the Camp Grant Massacre, has largely faded from memory. Now, drawing on oral histories, contemporary newspaper reports, and the participants' own accounts, prize-winning author Karl Jacoby brings this perplexing incident and tumultuous era to life to paint a sweeping panorama of the American Southwest—a world far more complex, diverse, and morally ambiguous than the traditional portrayals of the Old West.

Anuario de Leyes Y Disposiciones Supremas Bolivia, 1864

Soldado de tierra y mar Gonzalo M. Quintero Saravia, 2017-06-19 Tradicionalmente, la figura del invicto y muy condecorado general Pablo Morillo, ha oscilado entre el olvido y el odio. Héroe de la Historia de España que inició su carrera militar como soldado de mar y tierra en las jornadas de Cabo San Vicente, Trafalgar y Bailén; alcanzó gloria durante la sangrienta guerra contra la Francia de Napoleón, y acabó por dirigir al ejército realista en América, su servicio fiel a la Corona y a la Patria ha sido siempre ignorado. Personaje clave de un convulso periodo de más de cien años marcado por los pronunciamientos y el caudillismo, inicio de un período de guerras civiles que teñirían de sangre Europa y América desde principios del siglo xix hasta bien entrado el siglo siguiente, la relevancia de sus acciones obliga a que nos acerquemos a los hechos que protagonizó a ambos lados del Atlántico de manera completamente objetiva, rigurosa y desapasionada. En ese contexto, la trascendencia de Pablo Morillo va más allá de su papel como jefe del ejército realista que se enfrentó a las

fuerzas independentistas de Bolívar, o a su posterior participación en la Guerra Carlista. Su carrera y biografía resultan de especial interés para comprender toda la historia de la época y para volver a examinar algunos de los mitos que la han envuelto.
