

If More Of Us Valued Food And Cheer And Song

Jay Richards, Jonathan Witt

J.R.R. Tolkien Richard Purtill, 2011-05-02 Here is an in-depth look at the role myth, morality, and religion play in J.R.R. Tolkien's works such as *The Hobbit*, *The Lord of the Rings*, and *The Silmarillion*-including Tolkien's private letters and revealing opinions of his own work. Richard L. Purtill brilliantly argues that Tolkien's extraordinary ability to touch his readers' lives through his storytelling-so unlike much modern literature-accounts for his enormous literary success. This book demonstrates the moral depth in Tolkien's work and cuts through current subjectivism and cynicism about morality. A careful reader will find a subtle religious dimension to Tolkien's work-all the more potent because it is below the surface. Purtill reveals that Tolkien's fantasy stories creatively incorporate profound religious and ethical ideas. For example, Purtill shows us how hobbits reflect both the pettiness of parochial humanity and unexpected heroism. Purtill, author of 19 books, effectively addresses larger issues of the place of myth, the relation of religion and morality to literature, the relation of Tolkien's work to traditional mythology, and the lessons Tolkien's work teaches for our own lives.

The Hobbit Party Jay Richards, Jonathan Witt, 2014-09-18 Anyone who has read *The Hobbit* and *The Lord of the Rings* can gather that their author hated tyranny, but few know that the novelist who once described himself as a hobbit "in all but size" was "even by hobbit standards" a zealous proponent of economic freedom and small government. There is a growing concern among many that the West is sliding into political, economic, and moral bankruptcy. In his beloved novels of Middle-Earth, J.R.R. Tolkien has drawn us a map to freedom. Scholar Joseph Pearce, who himself has written articles and chapters on the political significance of Tolkien's work, testified in his book *Literary Giants, Literary Catholics*, "If much has been written on the religious significance of *The Lord of the Rings*, less has been written on its political significance-and the little that has been written is often erroneous in its conclusions and ignorant of Tolkien's intentions." Much more work is needed in this area, not least because Tolkien stated, implicitly at least, that the political significance of the work was second only to the religious in its importance. Several books ably explore how Tolkien's Catholic faith informed his fiction. None until now have centered on how his passion for liberty and limited government also shaped his work, or how this passion grew directly from his theological vision of man and creation. *The Hobbit Party* fills this void. The few existing pieces that do focus on the subject are mostly written by scholars with little or no formal training in literary analysis, and even less training in political economy. Witt and Richards bring to *The Hobbit Party* a combined expertise in literary studies, political theory, economics,

philosophy, and theology.

The Hero's Journey Harold Bloom, Blake Hobby, 2009 The hero's journey, a quest that leads to self-discovery, has been central to literature since the earliest epics. Covering the role of the hero's journey in Beowulf, The Lord of the Rings, Moby-Dick, and To Kill a Mockingbird, The Hero's Journey contains about 20 original and reprinted essays and critical analyses that discuss the role of the title's subject theme in a great work of literature.

Hobbit Lessons Devin Brown, 2013-10-01 Lessons on joy, friendship, dedication, sacrifice, and more will appeal to Hobbit fans, parents, teachers, librarians, graduates—and anyone looking for a creative way to explore timeless life lessons and important values of faith. Millions of fans worldwide have been attracted to The Hobbit for its unique combination of high adventure and profound truths. Tapping the excitement around the highly-anticipated Hobbit movie trilogy, Tolkien-scholar, Devin Brown, now presents a fast-paced and easy-to-follow presentation of timeless spiritual messages to help navigate your journey. Peppered with illustrations throughout, Hobbit Lessons offers troll-sized portions of relevance and regular nuggets of good Hobbit sense. The result is a collection of tangible bites of wisdom that are not only deeply moving but also great fun.

J.R.R. Tolkien, Robert E. Howard and the Birth of Modern Fantasy Deke Parsons, 2014-11-14 The birth of modern fantasy in 1930s Britain and America saw the development of new literary and film genres. J.R.R. Tolkien created modern fantasy with The Lord of the Rings, set in a fictional world based upon his life in the early 20th century British Empire, and his love of language and medieval literature. In small-town Texas, Robert E. Howard pounded out his own fantasy realm in his Conan stories, published serially in the ephemeral pulp magazines he loved. Jerry Siegel created Superman with Joe Shuster, and laid the foundation for perhaps the most far-reaching fantasy worlds: the universe of DC and Marvel comics. The work of extraordinary people who lived in an extraordinary decade, this modern fantasy canon still provides source material for the most successful literary and film franchises of the 21st century. Modern fantasy speaks to the human experience and still shows its origins from the lives and times of its creators.

Fairy-Tale Films Beyond Disney Jack Zipes, Pauline Greenhill, Kendra Magnus-Johnston, 2015-09-16 The fairy tale has become one of the dominant cultural forms and genres internationally, thanks in large part to its many manifestations on screen. Yet the history and relevance of the fairy-tale film have largely been neglected. In this follow-up to Jack Zipes's award-winning book The Enchanted Screen (2011), Fairy-Tale Films Beyond Disney offers the first book-length multinational, multidisciplinary exploration of fairy-tale cinema. Bringing together twenty-three of the world's top fairy-tale scholars to analyze the enormous scope of these films, Zipes and colleagues Pauline Greenhill and Kendra Magnus-Johnston present perspectives on film from every part of the globe, from Hayao Miyazaki's Spirited Away, to Jan Švankmajer's Alice, to the transnational adaptations of 1001 Nights and Hans Christian Andersen. Contributors explore filmic traditions in each area

not only from their different cultural backgrounds, but from a range of academic fields, including criminal justice studies, education, film studies, folkloristics, gender studies, and literary studies. *Fairy-Tale Films Beyond Disney* offers readers an opportunity to explore the intersections, disparities, historical and national contexts of its subject, and to further appreciate what has become an undeniably global phenomenon.

Uncle John's Bathroom Reader Quintessential Collection of Notable Quotables Bathroom Readers'

Institute, 2012-09-01 An all-new follow up quotation book to 2004's *Uncle John's Bathroom Reader Colossal Collection of Quotable Quotes*, complete with indexes by name and by subject for easy reference. Here it is: the quintessential collection of notable quotes for all occasions. Grouped together in weird categories as only Uncle John could do, you'll find quotes about farts, firsts, dogs, Canada, male chauvinist pigs, colors, TV, aliens, and more! And not just quotes, either--there are great facts, fun quizzes, and a few longer articles about how quotations shape our world. As if that weren't enough, there are a ton of eye-opening new entries for *Uncle John's Quotationary*. (Love: "Being stupid together." --Paul Valery) And to make it easier than ever to find the exact quote you're looking for, there is a by-subject index as well a by-name index. Here are but a few of the thousands of great quotations awaiting you: * "I don't really care what I'm famous for." --Jessica Simpson * "Life is a tragedy when seen in close-up, but a comedy in long-shot." --Charlie Chaplin * "The way that I feel about music is there is no right and wrong. Only true and false." --Fiona Apple * "One of the advantages of being disorderly is that one is constantly making exciting discoveries." --A. A. Milne * "Bears are crazy. They'll bite your head if you're wearing a steak on it." --Space Ghost * "I don't mind not being president. I just mind that someone else is." --Ted Kennedy * "If little else, the brain is an educational toy." --Tom Robbins

Keep Calm and Have a Cupcake Evelyn Beilenson, 2011-05-06 Cakewalk through the busy banquet of life with this little compendium of comforting quotations! "Sweetness is one of the five basic tastes and is almost universally regarded as a pleasurable experience, so enjoy your cupcake." "There is no love sincerer than the love of food." "Life is short -- have your cupcake and eat it too." Short and sweet (just like cupcakes), this pretty little book offers uplifting servings of sanity sure to warm the heart (and sweet tooth). Yummy mini gift book features a hardcover binding and pink-and-white dust jacket. Keep the 24K gold-plated cupcake charm on the ribbon bookmark or wear it on a bracelet.

The Life of Dad Jon Finkel, Art Eddy, 2019-05-07 A heartwarming and enlightening collection of advice, wisdom, and practical skills featuring an all-star cast of fathers from the popular online community Life of Dad. Becoming a dad gives men a VIP pass into the greatest club on earth: fatherhood. Its rewards are unmatched, its challenges, uncharted. The experience can reach euphoric highs and gut-punching lows. For those moments (and everything in between), *The Life of Dad* has your back. *The Life of Dad* is an all-encompassing, entertaining distillation of the full dad experience, through a collection of interviews, podcasts, online chats, Facebook Lives, and more, dispensing collective wisdom from dads who have been in the

trenches. From Shaquille O’Neal explaining how he’s taught his kids to be grateful, or Michael Strahan highlighting the importance of accountability, or Jim Gaffigan discussing the challenges of having a house full of kids, *The Life of Dad* has it all. Including thoughts from Ice Cube, Henry Winkler, Chris Jericho, Denis Leary, Freddie Prinze Jr, Charles Tillman, Mark Feuerstein, and many, many more, you’ll find plenty of camaraderie in the hardest—but most rewarding—job of your life!

The Complete Wellbeing Manual Emma Van Hinsbergh, 2022-11-30 *The Complete Wellbeing Manual* is your modern-day guide to ultimate health and happiness. A comprehensive source of information and inspiration, this illustrated full-color book contains everything you need to know to bring balance and harmony into your life. Learn how to transform your lifestyle, banish stress, supercharge your diet, reach your fitness goals and boost your vitality levels. The Business of Being Laurie Buchanan, 2025-07-30 This book isn't just about being in business; it's about the business of being. But when you stop to think about it, each of us is like a small business. Successful business owners implement strategies that improve their prospects for success. Similarly, as human beings, it serves us well to implement guiding principles that inspire us to live our purpose and reach our goals. The rich ganache filling that flows through the center of this book is the story of *La Mandarine Bleue*, a delicious depiction of how nine individuals used twelve steps of a business plan to find their vocation and undergo a transformation (with some French recipes thrown in for good measure). From a business plan and metrics to mission and goals with everything between—investors, clients and customers, marketing strategies, and goodwill development—this book clearly maps how to create personal transformation at the intersection of business and spirituality. Merging the language of business and self-help, *The Business of Being* will teach you how to enhance profitability—body, mind, and spirit.

The Christian World of The Hobbit Devin Brown, 2012-10-01 In his beloved story *The Hobbit*, J.R.R. Tolkien takes readers into a world unlike any other, yet so much seems familiar. As Bilbo journeys there and back again, glimpses of the spiritual are seen. *The Christian World of The Hobbit* does what no book has done: it brings Tolkien fans new delight by introducing a side of Tolkien that is rarely explored but vitally important to his writings—especially *The Hobbit*. Written by internationally regarded Tolkien-scholar Devin Brown, this approachable, witty, and highly entertaining book offers up fresh perspectives to fans of *The Hobbit*, both the book and the film adaptation. Ernst Bloch Jack Zipes, 2019-08-03 This book provides a comprehensive introduction to and overview of the life and

philosophy of Ernst Bloch. Bloch has had a strange fate in the English-speaking world. He wrote his famous three-volume opus, *The Principle of Hope*, while living in exile in the United States from 1938 to 1940. It was first published, however, in East Germany in the 1950s after he had returned to Europe and became a professor of philosophy at the University of Leipzig. Gradually, his other numerous works became better known and widespread in Europe and scholars in the US and UK started to take note of his works. Yet, he has still remained a somewhat neglected figure in the humanities. While this book does not set out to entirely rectify this neglect, it does offer readers an introduction to Bloch's works and the opportunity to understand more about the importance of utopian thought. Through an exploration of some of Bloch's more controversial communist leanings and relationship to the Soviet Union, a study of Bloch's utopian quest, and even a comparison with J. R. R. Tolkien, this comprehensive study demonstrates just how interesting a figure Ernst Bloch really was, and how his philosophy of hope has laid the basis for secular humanism.

Freeburg Dan Harkins, 2018-03-01 *Freeburg* details how a sick and tired city in Florida became the first in America to institute the universal mandate to vote. A young history teacher named Saul McGinty is prematurely disillusioned by the darkest moments in his own nation's history – and his own. As he finds himself speechless before his young charges, his life grinding to a lonely halt in Ohio, he's called back to Freeburg to clean up his childhood home after the apparent suicide of his estranged father, a wounded and whacked-out veteran of the first Gulf War, who's left behind clues for his son to find that point instead to a nation-changing idea that he's purportedly been killed to squash. Though sobering, *Freeburg* is also a silly, studied, heartfelt, and honest depiction of some of our most embarrassing modern mistakes. It offers a seemingly simple solution to many of America's modern woes and a path of redemption to restore its esteem in the eyes of the world.

Climate Change and the Health of Nations Anthony McMichael, 2017-01-05 When we think of climate change, we often picture man-made global warming, caused by greenhouse gas emissions. But natural climate change has occurred throughout human history, and populations have had to adapt to the climate's vicissitudes. Anthony McMichael, a renowned epidemiologist and a pioneer in the field of how human health relates to climate change, is the ideal person to tell this story. In *Climate Change and the Health of Nations*, McMichael shows how the natural environment has vast direct and indirect repercussions for human health and welfare. He takes us on a tour of human history through the lens of major transformations in climate. From the very beginning of our species some five million years ago, human biology has evolved in response to cooling temperatures, new food sources, and changing geography. As societies began to form, they too adapted in relation to their environments, most notably with the development of agriculture eleven thousand years ago. Agricultural civilization was a Faustian bargain, however: the prosperity and comfort that an agrarian society provides relies on the assumption that the environment will largely remain stable. Indeed, for agriculture to succeed, environmental conditions must be just right, which McMichael refers to as the Goldilocks phenomenon. Global warming is disrupting this balance, just

as other climate-related upheavals have tested human societies throughout history. As McMichael shows, the break-up of the Roman Empire, the bubonic Plague of Justinian, and the mysterious collapse of Mayan civilization all have roots in climate change. Why devote so much analysis to the past, when the daunting future of climate change is already here? Because the story of mankind as previous survival in the face of an unpredictable and unstable climate, and of the terrible toll that climate change can take, could not be more important as we face the realities of a warming planet. This sweeping magnum opus is not only a rigorous, innovative, and fascinating exploration of how the climate affects the human condition, but also an urgent call to recognize our species' utter reliance on the earth as it is.

Great Books for High School Kids Rick Ayers, Amy Crawford, 2004-05-15 Teachers Rick Ayers and Amy Crawford always wanted to find a guide to the vast world of great books for teenagers-one that didn't talk down or moralize. When they couldn't find one, they set out to create it. An early prototype offered at Cody's Bookstore in Berkeley, California, was an instant success. Great Books for High School Kids is the culmination of their efforts. Collecting recommendations and essays from colleagues and advisers around the country, this is a rollicking, thoughtful, against-the-grain guide that challenges stodgy notions of what great books are and what kids are ready for. The book starts with seven essays by high school teachers about exciting, exemplary experiences they have had reading books with students in the classroom-from Dorothy Allison's *Bastard Out of Carolina* to Toni Morrison's *Song of Solomon* to Aeschylus's *Oresteia* trilogy. Augmented by an index of more than seventy subjects, the book also has an annotated list of hundreds of Recommended Great Books. The recommendations are playful and irreverent, ambitious and entertaining, and they go way beyond traditional reading lists. From classics to the unexpected, from literary novels to nonfiction, some drama, and even a little poetry, these are all books that teenagers have read with pleasure and can read on their own. Great Books for High School Kids is an invitation and a sourcebook for inspiring passionate, lifelong readers-a book that could seriously change the lives of teachers, of families, and of kids.

The GI Mediterranean Diet Fedon Lindberg, 2009-05-12 An all-encompassing primer on combining the glycemic-index monitoring system to a Mediterranean diet reveals their innate compatibility and potential for supporting health goals, in a four-week program complemented by low-GI menus that includes such options as Moroccan chicken, Greek moussaka, and nut-encrusted cheesecake. Original.

The Gift of Friendship Dawn Camp, 2016-02-09 Whether next door or in the next time zone, our friends provide some of our most important relationships. We cherish time spent with them, endure time spent apart, and look forward to the next time we can have coffee or rush to greet them as they walk toward our door. And nothing warms our hearts like reading stories of true friendship. Collecting over fifty true stories from some of today's best writers, Dawn Camp offers readers a chance to sit back and experience the gift of friendship. With its beautiful photographs and poignant prose, this collection is

a great gift for a dear friend and the perfect pick-me-up any time you need a boost. Contributors include Crystal Paine, Liz Curtis Higgs, Tsh Oxenreider, Myquillyn Smith, Jennifer Dukes Lee, Lisa-Jo Baker, Jessica Turner, Lysa TerKeurst, Bonnie Gray, Holley Gerth, Renee Swope, and many more.

Generations of Family Favourites Book Two Rj Woodward, 2011-05-18 Every family has favourite recipes that have passed down through the generations. I have spent a good part of my life wishing someone in our family would take the time to compile some of their favourites. As children we were encouraged to express ourselves through cooking. Many of these recipes have been tried, tested and loved by all. They have been expressed in a level that even the youngest reader can attempt their first creations without fear of failure. Take this book and make it your recipe box, mark the recipes you love, add them on. A small width but a great demand. Our family is a circle of love and strength. With every birth and every union, the circle grows. Every joy shared adds more love. Every crisis faced together makes the circle stronger. Memories have been cherished as well as our recipes.

Sugar and Vice Eve Calder, 2020-04-28 In Eve Calder's *Sugar and Vice*, things are heating up at the Cookie House when star pastry chef and amateur sleuth Kate McGuire finds herself in the midst of a shocking murder mystery. **OUT OF THE OVEN** Lately, Kate has a lot on her dessert plate. She's launching a cookie-of-the-day challenge in the heart of Coral Cay, providing sweet treats for the reception of the town's handsome new veterinarian—not to mention dealing with tourists in town for a pirate festival and the surprise arrival of her former fiancé, Evan, who seems determined to win her back. **AND INTO THE FIRE** And if that's not enough, a skeleton has been found—in the backyard behind her best friend Maxi's floral shop. Kate knows Maxi could never hurt a fly. Maybe the remains belong to Sir George Bly, a long-dead pirate whose name has become urban legend—until now? It's time for Kate to use every trick in the recipe book to prove Maxi's innocence, and find the truth about the skeleton, before the last of the cookies crumble... Praise for the Cookie House mystery series: "Delightful...memorable...satisfying."—Booklist "Marvelous." —Fresh Fiction
