Race Lessons Prentice T. Chandler, Todd S. Hawley, 2017-05-01 We hold that the mission of social studies is not attainable, without attention to the ways in which race and racism play out in society—past, present, and future. In a follow up to the book, *Doing Race in Social Studies* (2015), this new volume addresses practical considerations of teaching about race within the context of history, geography, government, economics, and the behavioral sciences. *Race Lessons: Using Inquiry to Teach About Race in Social Studies* addresses the space between the theoretical and the practical and provides teachers and teacher educators with concrete lesson ideas for how to engage learners with social studies content and race. Oftentimes, social studies teachers do not teach about race because of several factors: teacher fear, personal notions of colorblindness, and attachment to multicultural narratives that stress assimilation. This volume will begin to help teachers and teacher educators start the conversation around realistic and practical race pedagogy. The chapters included in this volume are written by prominent social studies scholars and classroom teachers. This work is unique in that it represents an attempt to use Critical Race Theory and inquiry pedagogy (Inquiry Design Model) to teach about race in the social science disciplines.

Salsa on Bagel Moses Luevano Garcia, 2004 *Salsa on Bagel* depicts the formative years of Samuel Macias, from his first, most cognitive year at age five, to the swirling series of experiences surrounding his understanding of carnal knowledge just before age 19. Samuel Macias is born in Juarez, Mexico, where about half of the book takes place. Contrast between American life and small-town Mexican living is contemplated from the perspective of a Protestant - a Saturday-observing Protestant no less - in a predominantly Catholic country. From age ten, his story becomes the unique and yet, very common story of an immigrant in the land of opportunity. Do religion, sexuality, ethnicity, and other factors help Samuel size that opportunity? Find out in this adventure of emotion, humour, pop history, and rental-bedroom philosophizing.

TEFLers Guide - Mexico City Gary Denness, 2011

Opening the Borders Larry Blasko, 2007 Illegal immigration. About the only agreement in the vitriolic debate is that it's one of America's thorniest hot-button issues and will play a pivotal role in the 2008 presidential election. But right now,

politicians are tap-dancing around the topic with few solutions. So the big question remains: Is there a logical and humane solution that benefits the United States and Mexico? Renowned journalist and author Larry Blasko dives head-first into this raging controversy. You have one side shouting 'Deport Them ' and the other side shouting 'Love Them ' says Blasko. But the reality is hand-wringing and finger-pointing solve nothing. A logical solution could be implemented by now with all the energy both sides have expended screaming for extreme measures. With political irreverence as refreshing as the new ideas he proposes, Larry Blasko tells why and how to make the U.S.-Mexico border more open and at the same time more secure against illegal crossings. -Walter Mears, Pulitzer Prize winning political reporter

The African Presence in México Claudia Herrera, Museo de Historia Mexicana (Monterrey, Mexico), 2006 For nearly 500 years, the existence and contributions of the African descendants in Mexico have been overlooked. Soon Africans arrived in Mexico in 1519 Yanga, an African leader, founded the first free African township in the Americas (January 6, 1609). Since then Africans have continued to contribute their artistic, culinary, musical, and cultural traditions to Mexican culture through the present day. No exhibition has showcased the history, artistic expressions, and practices of Afro-Mexicans in such a broad scope as this one, which includes a comprehensive range of artwork from 18th Century Colonial Caste Paintings to contemporary artistic expressions.
