**Global Elements in Chinese Literature** Sihe Chen, 2022-11-28 How has modern Chinese literature emerged from the collision of domestic social upheaval, foreign inspiration and sparks of creative genius during the past century? Sihe Chen explores this question from a global perspective, analysing how Chinese authors assimilated Western literary movements to create new forms of expression adapted to a society in rapid transformation. The author then examines these global influences in the works of selected contemporary Chinese novelists and poets. He shows that the problems these writers confront are common to all peoples and that Chinese literature expresses not only the story of China, but also that of humanity.

**William Golding** John Carey, 2010-06-01 In 1953, William Golding was a provincial schoolteacher writing books on his breaks, lunch hours and holidays. His work had been rejected by every major publisher—until an editor at Faber and Faber pulled his manuscript off the rejection pile. This was to become *Lord of the Flies*, a book that would sell in the millions and bring Golding worldwide recognition. Golding went on to become one of the most popular and influential British authors to have emerged since World War II. He received the Booker Prize for the novel *Rites of Passage* in 1980, and the Nobel Prize for Literature in 1983. Stephen King has stated that the Castle Rock in *Lord of the Flies* continues to inspire him, so much so that he named his entertainment company after it and has placed the Golding novel prominently in his novels *Hearts in Atlantis* and *Cujo*. Golding has been called a British *Vonnegut*—disheveled and darkly humorous, perverse when it would have been easier to be bitter, bitter when it would have been easier to be lazy, sometimes more disturbing than he is palatable and above all fascinating beyond measure. Yet despite the fame and acclaim, the renowned author saw himself as a monster—a reclusive depressive ruled by his fears and a man who battled alcoholism throughout his life. In addition to being a schoolteacher, Golding was a scientist, a sailor and a poet before becoming a bestselling author, and his embitterment and alienation, his family, the women in his past, along with his experiences in the war, inform his work. This is the first book to unpack the life and character of a man whose entire oeuvre dealt with the conflict between light and dark in the human soul, tracing the defects of society back to the defects of human nature itself. Drawing almost entirely on materials that have never before been made public, John Carey sheds new light on Golding. Through his exclusive access to Golding's family, Carey uses hundreds of letters, unpublished works and Golding's intimate journals to draw a revelatory and definitive portrait. An acclaimed critic, Carey enriches crucially our appreciation of the literary work of Golding, bringing us, as the best literary biographies do, back to the books. And with equal parts lyricism and driving emotion, Carey brings to light a life that is extraordinary to the point of transcendent and a writer who trusted the imagination above all things.

**Young Adult and Canonical Literature** Paula Greathouse, Victor Malo-Juvera, 2021-03-15 In the last decade alone, the world has changed in seismic ways as marriage equality has been ruled on by the supreme court, social justice issues such as #metoo and BlackLivesMatter have arisen, and issues of immigration and deportation have come to the forefront of politics across the globe. Thus, there is a need for an updated text that shares strategies for combining canonical and young adult

literature that reflects the changes society has - and continues to - experience. The purpose of our collection is to offer secondary (6-12) teachers engaging ideas and approaches for pairing young adult and canonical novels to provide unique examinations of topics that teaching either text in isolation could not afford. Our collection does not center canonical texts and most chapters show how both texts complement each other rather than the young adult text being only an extension of the canonical. Within each volume, the chapters are organized chronologically according to the publication date of the canonical text. The pairings offered in this collection allow for comparisons in some cases, for extensions in others, and for critique in all. Volume 2 covers *The Canterbury Tales* (1392) through *Fallen Angels* (1988).

Celebrate by getting more drunk and having insane amounts of sex, obviously. And pretty soon you've got another bestselling book on your hands. Stuffed full of ridiculous stories of bad decisions, debauchery, and sexual recklessness, *Assholes Finish First* starts where *I Hope They Serve Beer In Hell* left off, then proceeds to "some next-level shit." You already know how women react to confidence, game, and vodka, but what happens when you add money and fame to the mix? You get answers to the hard questions you've never thought of asking: • What's it like to have sex with a midget? What about two midgets? • What does it do to a man to watch a nineteen-year-old do wind sprints to sober up, so that she can have sex with you before her twin sister does? • At what number of virgins does deflowering them stop being fun and start feeling like a job? • When a girl you met three hours ago decides to tattoo your name on her body, what is the appropriate reaction? The answers are inside, they are absurd and hilarious, and they are the product of one man's experiences: His name is Tucker Max, and he is still an asshole.
