

Charaktere In Meiner Nhe

Heribert Wienkamp

Diagnostics of Manipulations Heribert Wienkamp, 2025-01-27 Manipulations are encountered at every turn and in countless everyday situations. If this is the case, the (early) recognition of manipulations takes absolute precedence. This is especially true for specialists regarding their diagnostics and analysis. In everything that is presented and offered in verbal expressions, the tentative differentiation between fiction and truth is the focus of the events. Because only a reasonably complete and truthful outline of the problem contains the potential for gaining insight or uncovering lies or half-truths. Lies, deceptions, excuses, etc., are manipulative activities or reactions that are intended to create a different, namely consciously false impression. However, manipulative maneuvers can be observed and require further investigation not only in interpersonal situations but also in larger social contexts or systems, for example, to successfully play games like chess or to solve problems through regulations accepted by all. This publication could particularly benefit the following target groups: executives, HR experts in academia and practice, and specialists who need to assess the credibility of statements based on fiction and truth or who are involved in other support mandates.

Kritik der Urteilskraft und Schriften zur Naturphilosophie Immanuel Kant, 1786

Diagnostik von Manipulationen Heribert Wienkamp, 2024-05-27 Manipulationen begegnen uns auf „Schritt und Tritt“ und in unzähligen alltäglichen Situationen. Wenn dem so ist, hat das (frühzeitige) Erkennen von Manipulationen absoluten Vorrang. Dies gilt erst recht bei Fachexperten bezüglich ihrer Diagnostik und Analyse. Bei allem, was an verbalen Äußerungen aufgetischt und angeboten wird, steht die versuchsweise Differenzierung zwischen Dichtung und Wahrheit im Focus des Geschehens. Denn nur eine einigermaßen vollständige und wahrheitsgetreue Problem skizze birgt das Potenzial zur Erkenntnisgewinnung bzw. zur Entlarvung von Lügen oder Halbwahrheiten. Lügen, Täuschungen, Ausreden usw. sind manipulative Aktivitäten oder Reaktionen, die einen anderen, nämlich bewusst falschen Eindruck erzeugen sollen. Aber nicht nur in interpersonellen Situationen, sondern auch in größeren sozialen Zusammenhängen oder Systemen sind manipulative Manöver festzustellen und genauer zu erforschen, um z.B. Spiele wie das Schachspiel erfolgreich zu absolvieren oder Probleme durch von allen akzeptierte Regelungen zu lösen. Von dieser Publikation könnten als Zielgruppen besonders profitieren: Führungskräfte, Personalexperten in Wissenschaft und Praxis und Spezialisten, die entweder die Glaubwürdigkeit von Aussagen auf „Dichtung und Wahrheit“ zu beurteilen haben oder sonstigen Betreuungsmandaten

nachgehen.

Nach allen Regeln der Kunst Hanns-Josef Ortheil, 2024-11-18 Vom weißen Blatt zum Buch Hanns-Josef Ortheil, Schriftsteller und Professor für Literarisches Schreiben an der Universität Hildesheim, entwirft in *Nach allen Regeln der Kunst* ein schillerndes, anregendes Panorama seiner über dreißigjährigen, unkonventionellen und erfrischend gegenwartsbezogenen Lehre. Vom berüchtigten weißen Blatt ausgehend, lädt er anhand von inspirierenden Schreibaufgaben zu einer weiten Reise durch die Ländereien des Erzählens ein – von der Skizze und ersten Entwürfen bis hin zur Erzählung oder der Arbeit am Roman. Anhand von Seitenblicken auf andere Texte und Bücher entsteht nebenbei auch eine breit angelegte Recherche nach den unterschiedlichen Facetten literarischer Formen und Kreativität. Auf verblüffende Weise bezieht Ortheils Lehre nicht vermutete Vorgaben anderer Künste wie Musik, Malerei, Fotografie oder Film in das literarische Entwerfen und Planen mit ein. Nicht zuletzt ist sein Buch eine faszinierende Erzählung über den Umgang mit jungen oder älteren Schreibtalenten, die sich bedingungslos für das eigene Schreiben entschieden haben – und bietet dadurch viele Anregungen für alle, die diesen kreativen Schaffensprozess selbst erleben möchten.

Private Lives and Collective Destinies Benedict Schofield, 2012 Nineteenth-century Germany witnessed many debates on the nature of the nation, both before and after unification in 1871. Bourgeois authors engaged closely with questions of class and national identity, and resourcefully sought to influence the collective destiny of the German people through works of popular fiction and cultural history. Typical of this trend was the realist writer Gustav Freytag (1816-1895), the most widely read novelist of his era. Innovatively exploring all of Freytag's works (poetry, drama, novels, history, journalism, biography and literary theory), Schofield examines how his popular writing systematically re-imagined the social structures of German society, embedding political agendas within contemporary stories of private lives. Connecting the aesthetics of Realism with the political aims of the bourgeoisie, the study both reassesses Freytag's position within the German literary canon and re-evaluates received opinion on the socio-political function of Realism in German culture. Benedict Schofield is Lecturer in German at King's College London.
