In the Heights Lin-Manuel Miranda, Quiara Alegría Hudes, Jeremy McCarter, 2021-06-15 NEW YORK TIMES BESTSELLER

• The eagerly awaited follow-up to the #1 New York Times bestseller *Hamilton: The Revolution*, Lin-Manuel Miranda's new book gives readers an extraordinary inside look at *In the Heights*, his breakout Broadway debut, written with Quiara Alegría Hudes, now a Hollywood blockbuster. "[An] exuberant, unique, and invaluable record of dynamic, brilliant, and soulful creativity."—Booklist (starred review) In 2008, *In the Heights*, a new musical from up-and-coming young artists, electrified Broadway. The show's vibrant mix of Latin music and hip-hop captured life in Washington Heights, the Latino neighborhood in upper Manhattan. It won four Tony Awards and became an international hit, delighting audiences around the world. For the film version, director Jon M. Chu (*Crazy Rich Asians*) brought the story home, filming its spectacular dance numbers on location in Washington Heights. That's where Usnavi, Nina, and their neighbors chase their dreams and ask a universal question: Where do I belong? *In the Heights: Finding Home* reunites Miranda with Jeremy McCarter, co-author of *Hamilton: The Revolution*, and Quiara Alegría Hudes, the Pulitzer Prize-winning librettist of the Broadway musical and screenwriter of the film. They do more than trace the making of an unlikely Broadway smash and a major motion picture: They give readers an intimate look at the decades-long creative life of *In the Heights*. Like *Hamilton: The Revolution*, the book offers untold stories, perceptive essays, and the lyrics to Miranda's songs—complete with his funny, heartfelt annotations. It also features newly commissioned portraits and never-before-seen photos from backstage, the movie set, and productions around the world. This is the story of characters who search for a home—and the artists who created one.

In the Heights (Songbook), 2008-09-01 (Vocal Selections). The 2008 Broadway musical *In the Heights* explores three days in the characters' lives in the New York City Latino neighborhood of Washington Heights, with an infectious score featuring hip-hop, salsa, merengue and soul music. Our piano/vocal selections songbook features 14 tunes from the production, which won the Tony for Best Musical and Best Original Score, plus awards from the Drama Desk, Outer Critics Circle, Theatre World and more! The Invention of Brownstone Brooklyn Suleiman Osman,2011-03-09 Considered one of the city's most notorious industrial slums in the 1940s and 1950s, Brownstone Brooklyn by the 1980s had become a post-industrial landscape of hip bars, yoga studios, and beautifully renovated, wildly expensive townhouses. In *The Invention of Brownstone Brooklyn*, Suleiman Osman offers a groundbreaking history of this unexpected transformation. Challenging the conventional wisdom that New York City's renaissance started in the 1990s, Osman locates the origins of gentrification in Brooklyn in the cultural upheavals of the 1960s and 1970s. Gentrification began as a grassroots movement led by young and idealistic white college graduates searching for authenticity and life outside the burgeoning suburbs. Where postwar city leaders championed slum clearance and modern architecture, brownstoners (as they called themselves) fought for a new romantic urban ideal that celebrated historic buildings, industrial lofts and traditional ethnic neighborhoods as a refuge from an increasingly technocratic society. Osman examines the emergence of a slow-growth progressive coalition as brownstoners joined with poorer residents to battle city planners and local machine politicians. But as brownstoners migrated into poorer areas, race and class tensions emerged, and by the 1980s, as newspapers parodied yuppies and anti-gentrification activists marched through increasingly expensive neighborhoods, brownstoners debated whether their search for authenticity had been a success or failure.

Battles of the Crimean War W. Baring Pemberton,2017-04-07 The Crimean War has been called 'the last great war to be fought without the help of modern resources of science'. It was also the last great war to be fought by the British army in all its splendour of scarlet and gold, using weapons and tactics which would not have astonished the Prince Rupert or the Duke of Marlborough. Many who fought in the First, and not a few who fought in the Second, World War will have known personally those who took part in such battles and heard their accounts from their own lips. On the other hand no campaign should be more familiar, because none has been 'covered' more fully and more candidly. The historian of the Crimean battles

has then (it would appear) only to make a synthesis of the innumerable letters and reports and his story is complete. Unfortunately this is not so. With smoke from the black powder then used drifting across the battlefield, lying heavily over batteries, the combatant could often see and report little more than what had happened in his vicinity; and even in this he is not necessarily reliable... As for those who recollected in tranquillity—and there were many—it is enough to record the remark of a contemporary Canadian military historian: ‘Memory can play tricks upon an officer after some lapse of time, especially when the officer’s own interest and prejudice are engaged.’ Beset by these difficulties the writer who surrounds every incident with reservations and qualifications will rapidly weary his readers. He must on matters of moment, such for example as Nolan’s responsibility for the Light Brigade charge, use his judgment on the evidence available and make up his own mind. This I have tried to do.”
