**Francis Bacon: Quotes and Facts** Blago Kirov, 2016-01-12 This book is an anthology of quotes from Francis Bacon and selected facts about Francis Bacon. It is impossible to love and to be wise. A prudent question is one-half of wisdom. A wise man will make more opportunities than he finds. Anger makes dull men witty, but it keeps them poor. Boldness is a child of ignorance. Opportunity makes a thief. Prosperity is the blessing of the Old Testament; adversity is the blessing of the New. A

crowd is not company; and faces are but a gallery of pictures; and talk but a tinkling cymbal, where there is no love. A healthy body is the guest-chamber of the soul; a sick, its prison. A just fear of an imminent danger, though there be no blow given, is a lawful cause of war. A lie faces God and shrinks from man.

Quotes by Francis Bacon Lilith Regan, 2020-04-12 Knowledge is power. Some books are to be tasted, others to be swallowed, and some few to be chewed and digested. Reading maketh a full man; conference a ready man; and writing an exact man. Read not to contradict and confute; nor to believe and take for granted; nor to find talk and discourse; but to weigh and consider. Histories make men wise; poets, witty; the mathematics, subtle; natural philosophy, deep; moral, grave; logic and rhetoric, able to contend. Who questions much, shall learn much, and retain much. In charity there is no excess. Our humanity is a poor thing, except for the divinity that stirs within us. A wise man will make more opportunities than he finds. There is no comparison between that which is lost by not succeeding and that which is lost by not trying.

**Sir Francis Bacon Quotes** Mazimum Q, 2023-01-03 Francis Bacon, 1st Viscount St Alban, was an English philosopher, statesman, scientist, jurist, orator, and author. He served both as Attorney General and as Lord Chancellor of England. He is remembered in literary terms for the sharp worldly wisdom of a few dozen essays; in constitutional history for his power as a speaker in Parliament and infamous trials and as James I's lord chancellor; and intellectually as a man who claimed all knowledge as his province.

Common and Uncommon Quotes: A Theory and History of Epigraphs Jared A. Griffin, 2023-03-07 'Common and Uncommon Quotes: A Theory and History of Epigraphs' is a prolegomenon to the study of epigraphic paratextuality. Building on the work of Gerard Genette's paratextual studies, this volume contextualizes and traces the practice of epigraphy in Anglophone literary history, from the fifteenth to the early twentieth century. This study explores how epigraphs are used by author-functions as a hermeneutic for their text and to establish ethos with their audience, and how that paratextual relationship changed as publishing opportunities and literacy rates grew over four centuries. The first broad-reaching study of this kind, 'Common and Uncommon Quotes' seeks to understand how epigraphs work: through their privilege on the page, their appeal to conjured ideas of the past, and their calls to citizenship.
