Adversaries of Dance Ann Louise Wagner,1997 Whether in the private parlor, public hall, commercial dance palace, or sleazy dive, dance has long been opposed by those who viewed it as immoral—more precisely as being a danger to the purity of those who practiced it, particularly women. In *Adversaries of Dance*, Ann Wagner presents a major study of opposition to dance over a period of four centuries in what is now the United States. Wagner bases her work on the thesis that the tradition of opposition to dance derived from white, male, Protestant clergy and evangelists who argued from a narrow and selective interpretation of biblical passages, and that the opposition thrived when denominational dogma held greater power over people's lives and when women's social roles were strictly limited. Central to Wagner's work, which will be welcomed by scholars of both religion and dance, are issues of gender, race, and socioeconomic status.

Maori and the State Richard S. Hill,2010-04-01 Presenting the most recent research and written by an expert in the field, this examination explores the principal interrelationships between the British Crown and the Maori people in the 1950s and 1960s when Crown assimilation policies intensified—and during the 1970s—when the pressure of the Maori renaissance encouraged policies and goals based on biculturalism. A subject central to New Zealand's culture, this is an important and historical analysis of the country and the wider issue of indigenous peoples' rights.

A Dancing Greatest Quotes - Quick, Short, Medium Or Long Quotes. Find the Perfect Dancing Quotations for All Occasions - Spicing Up Letters, Speeches Lois Bryant,2016-02-17 This book is the outcome of an idea, and the idea is very simple. It is that the best way to understand the dramatic transformation any idea can bring and to successfully bring ideas across, is to think of them as profound insights and moments of clarity often disguised as wit, captured in one single Quote. Ideas and products and messages and behaviors spread faster when they carry your message in a single line or paragraph: a Quote. To feel the impact a Quote can have, here are three Dancing Quotes from this book: 'Once you are dancing with the devil, the prettiest capers won't help you. - E. T. A. Hoffmann' 'One must still have chaos in oneself to be able to give birth to a dancing star. - Friedrich Nietzsche' 'Dancing begets warmth, which is the parent of wantonness. -

Henry Fielding' Three characteristics-one, contagiousness; two, the fact that little words can have big effects; and three, that insight happens not gradually but at one dramatic moment, using the right profound words-are the same three principles that define how an idea takes off, or a product goes viral. Of the three, the third, profound, trait... is the most important, because it is the principle that makes sense of the first two and that permits the greatest insight into why some ideas stick, some changes last, some words leave an impression, and others don't. This book will give you the opportunity to find that right Quote that can change it all.

Narrating Migrations from Africa and the Middle East Ruth Breeze, Sarali Gintsburg, Mike Baynham, 2022-09-08 Exploring narratives produced by different groups of MENA and SSA migrants or refugees, this book focuses on the spatial and temporal aspects of their experiences. In doing so, the authors examine a wide range of accounts of journeys to host countries and memories (or recreations) of "home". The spaces that migrants occupy (or not) in their new country; the spaces and times they share with local populations; and different conceptions of space and time across generations are also investigated, as are how feelings surrounding space and time are manifested within these different narratives and their affective-discursive practices. Taking both a traditional, linear view of migration as well as a multilinear, multimodal approach, the book presents an in-depth investigation into the ways in which people inhabit multiple real and digital spaces.

The American Dance Circle ,2000

80s Chart-Toppers Sharon Davis,2012-01-06 The '80s were a decade of musical change. As the '70s disco stranglehold was broken, rock, gay, dance and pop music competed with funk and soul, romantic ballads and political protest, computerised music and controversy. The glamour of costume, greasepaint and cross-dressing was put to good use by New Romantic groups like Spandau Ballet, Duran Duran, Soft Cell, Culture Club and the Human League, while the world also looked to Britain for the most exciting pop acts such as the multi-million-selling Wham!, Frankie Goes To Hollywood, Eurythmics and the Pet Shop Boys. Mainstream dance music was at its peak, spearheaded by Stock, Aitken and Waterman, and their stable of artists, including Kylie Minogue, Jason Donovan and Rick Astley, were all chart-topping names. From the USA came the artist of the decade, Michael Jackson, while Madonna and Whitney Houston provided the 'Girl Power' of the '80s. The decade also saw the philanthropic side of the music industry as the stars responded to famine in Ethiopia with the charity records 'Do They Know It's Christmas?' and 'We Are The World'. The '80s catered for all musical tastes, no matter how bizarre, and was far more eclectic than any other decade. From bubble-gum pop with Bucks Fizz to the stadium rock of Simple Minds,'80s Chart-Toppers brings a comprehensive year-by-year, month-by-month guide to the hottest sounds of the decade.

Sundancing Thomas E. Mails,1998 To the Plains Indians, the Sun Dance has traditionally been a profound religious ceremony, the highest form of worship of the Most Holy One. Thomas E. Mails was invited to attend and record in detail the Sioux Sun Dances at Rosebud and Pine Ridge. This was a singular honor no white man has been accorded before or since. The result is this groundbreaking work, illustrated with rare photographs and stunning four-color paintings.

Terrible Freedom Amy C. Beal, 2024-04-23 From her childhood in Detroit to her professional career in New York City, American composer Lucia Dlugoszewski (1925–2000) lived a life of relentless creativity as a poet and writer, composer for dance, theater, and film, and, eventually, choreographer. Forging her own path after briefly studying with John Cage and Edgard Varèse, Dlugoszewski tackled the musical issues of her time. She expanded sonic resources, invented instruments, brought new focus to timbre and texture, collaborated with artists across disciplines, and incorporated spiritual, psychological, and philosophical influences into her work. Remembered today almost solely as the musical director for the Erick Hawkins Dance Company, Dlugoszewski's compositional output, writings on aesthetics, creative relationships, and graphic poetry deserve careful examination on their own terms within the history of American experimental music.

Rethinking Society in the 21st Century, Fourth Edition Kate Bezanson, Michelle Webber, 2016-09-01 *Rethinking Society in the 21st Century* is a critical collection of readings that provides students with a foundational knowledge base in sociology. The fourth edition has been thoroughly updated to include significant Canadian content, with a greater focus on indigeneity, gender, and sexuality and a new section dedicated to social movements, social change, and emerging fields. This anthology introduces students to the fundamental elements of sociology with a balance of classical theory—Marx, Weber, Durkheim, Mills—and more contemporary approaches found in the works of Michel Foucault and Dorothy Smith. Building on this theoretical grounding, the text outlines core concepts in sociology as well as major social institutions such as families, the economy and labour, education, health care, and media. Covering a wide breadth of topics, including chapters on animals, the environment, crime, trans issues, class, ethnicity, and race, this new edition explores critical debates in Canadian society with an emphasis on intersectional approaches to social inequalities. This volume is rich with pedagogical features that promote critical understanding, including detailed introductions that speak to the contextual history of the source material and discussion questions for each section. Uniquely designed for introductory courses, *Rethinking Society in the 21st Century* is the ideal reader for Canadian students of sociology.

Destiny Waited And Courage Roared Dale Davis, 2014-04 How did a small-town girl from Texas grow up to travel to twenty-five nations by prayer and God's interventions? How did she have the courage, strength, and determination to risk everything, even her life, to carry Bibles and the salvation message to places even some men would not go? *Destiny Waited*

and Courage Roared tells how this gutsy woman's faith and bulldog tenacity faced life-threatening adventures as she smuggled Bibles into lands where God's Word is often forbidden. This is not the typical missionary or evangelistic book, for it contains common-sense, Biblical teachings and riveting stories of narrow escapes and emotional salvation experiences. Dale Davis's extraordinary relationship with her Father God will inspire you to engage in your own journey with God, explore new cultures, and reach the world in obedience to His calling on your life. Her stories may cause you to cry and laugh, but they will certainly have you in awe at how God and Dale teamed together to conquer seemingly impossible situations. Destiny Waited and Courage Roared uniquely reaches people of all ages with real stories that need no embellishment and that educate, evangelize, and entertain, which are key marks of Dale's ministry. Over her forty years of serving God, Dale has taught in Christian education, led youth and children's ministries, directed outreach and street ministries, performed and taught theatrical clowning, and attended Bible school in La Marque, Texas. Dale is available for booking engagements including teaching seminars on evangelism, using drama to teach the Bible, presenting motivational messages, and speaking to women's groups about overcoming pain and sorrow. She also leads mission tours and looks forward to meeting you in person at one of her presentations. Contact Dale through her website daledavisministries.com or her blog or by e-mailing her at dale@daledavisministries.com.

Relevance and Marginalisation in Scandinavian and European Performing Arts 1770-1860 Randi Margrete Selvik, Svein Gladsø, Annabella Skagen, 2020-12-30 Relevance and Marginalisation in Scandinavian and European Performing Arts 1770-1860: Questioning Canons reveals how various cultural processes have influenced what has been included, and what has been marginalised from canons of European music, dance, and theatre around the turn of the nineteenth century and the following decades. This collection of essays includes discussion of the piano repertory for young ladies in England; canonisation of the French minuet; marginalisation of the popular German dramatist Kotzebue from the dramatic canon; dance repertory and social life in Christiania (Oslo); informal cultural activities in Trondheim; repertory of Norwegian musical clocks; female itinerant performers in the Nordic sphere; preconditions, dissemination, and popularity of equestrian drama; marginalisation and amateur staging of a Singspiel by the renowned Danish playwright Oehlenschläger, also with perspectives on the music and its composers; and the perceived relevance of Henrik Ibsen's staged theatre repertory and early dramas. By questioning established notions about canon, marginalisation, and relevance within the performing arts in the period 1770-1860, this book asserts itself as an intriguing text both to the culturally interested public and to scholars and students of musicology, dance research, and theatre studies.

Creating Literacy Communities as Pathways to Student Success Jessica Singer Early, Christina Saidy, 2018-10-04 Creating Literacy Communities as Pathways to Student Success offers a model for using literacy as a pathway for secondary students to explore fields from which they are often systematically excluded. In particular, this volume demonstrates how

access for young Latina students to STEM related fields can be bolstered through engagement with mentors in writing and reading programs. Written for pre- and in-service teachers, as well as scholars across disciplines, this book aims to re-conceptualize the ways in which writing can best serve ethnically and linguistically diverse students, especially girls.
