Board Governance in Bank Foundations Chiara Leardini, Gina Rossi, Sara Moggi, 2014-01-08 Bank foundations serve an important purpose in the Italian nonprofit sector. This book presents the legal grounds, areas of intervention, and basic tools involved in the asset management and grant-making activities that such organizations undertake. A special emphasis focuses on the analyses of the organizational structure of bank foundations and the relevant aspects of governance, particularly with regard to the composition, roles, and responsibilities of bank foundation boards. The general reduction in the resources to which they have access requires a new strategy that clearly defines long-term goals and the necessary procedures to achieve them. The topic of strategic planning is therefore also central to this text, which examines its peculiarities, content and governing bodies. The analysis of some case studies provides a better understanding of the manner in which foundations interpret strategic planning and reveals strengths and weaknesses that demand careful attention.

Industrial Design and Artistic Expression Barbara Pasa, 2020-03-09 The complex nature of industrial design, which combines functional and aesthetic elements, allows different modes of protection: cumulative, separate or partially overlapping regimes are applicable according to different legal systems. The legal framework is rapidly changing, especially in Europe where the principle of cumulation of a special sui generis regime for protecting industrial design with copyright

rules has been established. In the last decade, national courts of some Member States conferred to the “cumulative regime” a peculiar meaning, other courts enforced design rights in line with the interpretation given by the Court of Justice of the EU. The copyright/design interface is presented here to a wider, non-specialist audience, taking as a starting point the notion of industrial design derived from design studies, on the border between art and science.

The Soul of the Haiku Giuseppe Viscusi,2016-09-12 The author, Pino Viscusi, witness of changes in culture and traditions of the 21st century, sees in haiku poems an important element for the integration and union among people. If art is universal in its nature, the exercise of writing haiku verses can affect the lives of all, from the youngest to the elderly, allowing us to rediscover the enchantment of nature and the love for small things.

Laura Battiferra and Her Literary Circle Laura Battiferra degli Ammannati,2007-11-01 Internationally known during her lifetime, Laura Battiferra (1523-89) was a gifted and prolific poet in Renaissance Florence. The author of nearly 400 sonnets remarkable for their subtlety, intricate narrative structure, and learned allusions, Battiferra, who was married to the prominent sculptor and architect Bartolomeo Ammannati, traversed an elite literary and artistic network, circulating her verse in a complex and intellectually fecund exchange with some of the most illustrious figures in Italian history. In this

bilingual anthology, Victoria Kirkham gathers Battiferra's most essential writing, including newly discovered poems, which provide modern readers with a valuable social chronicle of sixteenth-century Italy and the courtly culture of the Counter-Reformation.
