*The Roman Catholic Church - A Critical Appraisal* Hendrick Park, 2008-03 The Roman Catholic Church is the largest denomination with 1.1 billion adherents. Recently the pope Benedict XVI reasserted that the Catholic Church is the only true church founded by Christ. Today there is a pervasive indifference as to the question what is the true Christianity. This is a serious situation because there are numerous false or only partly true versions of Christianity. The author of this book attempts a critical appraisal of the Roman Catholic Church by the criteria of the Bible and history. The conclusion he reached is that the Catholic Church is a perversion of the Christianity of the New Testament. The author believes that he has substantiated the proposition that there are many unbiblical pagan elements in the Church. To give one example the monarchical papacy and the authoritarian church structure developed after the model of the authoritarian government of the ancient Roman Empire. No wonder that its official name is the Roman Catholic Church. A theologian and a minister. Received a doctorate in systematic theology from the University of Toronto. He did the ministerial work for 17 years in the United Church of Canada. Took early retirement in 1990 to study and write books, which is, he feels, the talent and his main vocation he has received from God. He respects the Bible as containing the revealed word of God. According to the prophets of God justice and mercy and the pure preservation of the true religion of God are God's two major concerns. He believes that God's major concerns should be all Christians' major concerns as well. *The Roman Catholic Church - A Critical Appraisal* was written from that perspective in order to attest to the true religion of God and to keep Christians from heading onto the wrong path.

**The Roman Catholic Church's Arrogant False Claims** Hendrick Park, 2016-11-29 The Roman Catholic Church's Arrogant False Claims grounds its critique of that body's doctrines, pronouncements and practices on the authoritative teachings embedded in the Bible. The author, Hendrick Park, a retired minister of the United Church of Canada, brings to his analysis insights gained from his work on a doctoral degree in theology from Emmanuel College, University of Toronto, and his research for two other books: *The Roman Catholic Church A Critical Appraisal* and *What is the True Christianity?* When Jesus spent forty days in the wilderness and faced the devil's temptations, he responded three times with bold claims that the people of God ought to trust in the authority of God's word. As heirs to that witness to the truth of life with God, Christians in today's church are called to preach, teach and live together in the same way leaning on God's word. The Roman Catholic

Churchs Arrogant False Claims enumerates the churchs claims, offers a critique, reviews the churchs history, evaluates the papacy and the actions of the Second Vatican Council and analyzes the churchs doctrines and dogmas. This treatment of the significant issues facing half of the worlds Christians brings the Scriptures into conversation with the practices and teachings of the churchs largest single tradition. Whether you find those claims attractive or alarming, you will discover in *The Roman Catholic Churchs Arrogant False Claims* food for your thoughtful reflections on the faith.

*German Catholics and Hitler's Wars* Gordon C. Zahn, 1988-09-30 Prior to the outbreak of World War II, nearly forty thousand German Catholics were involved in the German Catholic Peace League, a movement that caused many people in various countries to seriously reconsider the dimension of pacifism in their faith. During the course of the War, however, many of these same German Catholics raised no serious objection to serving in Germany's armies or swearing allegiance to Adolph Hitler. First published in 1962, *German Catholics and Hitler's Wars* created a furor, ultimately causing a serious reevaluation of church-state relationships and, in particular, of the morality of war. This work began as an attempt to understand the demise of the German Catholic Peace League. But because of various factors, including the destruction of vital records, Gordon C. Zahn began to consider the behavior of German Catholics in general and the evidence of their almost total conformity to the war demands of the Nazi regime. Using sociological analysis, he argues convincingly for the existence of a super-effective system of social controls, and of a selection between the competing values of Catholicism and nationalism. Although Zahn never speculates, conclusions are inescapable, chief among them that the traditional Catholic doctrine of the just war has ceased to be operative for Catholics in the modern world.

Was Hitler a Riddle? Abraham Ascher, 2012-11-21 A study of what western leaders knew about Adolf Hitler and Nazi ideology & policies before the outbreak of World War II. *Was Hitler A Riddle?* is the first comparative study of how British, French, and American diplomats serving in Germany assessed Hitler and the Nazi movement. These assessments provided the governments in London, Paris, and Washington with ample information about the ruthlessness of the authorities in Germany and of their determination to conquer vast stretches of Europe. Had the British, French, and American leaders acted on this information and taken measures to rein in Hitler, the history of the twentieth century would have been far less bloody: the second world war might well have been avoided, the Soviet Union would not have expanded into central and eastern Europe, and the world would have been spared the Cold War. Praise for *Was Hitler a Riddle?* "A pioneering work of great importance." —Walter Laquer "Ascher is succinct, insightful, and convincing." —Evan Bukey, University of Arkansas "[A vast majority] . . . probably assume that the leaders of Great Britain, France, and the United States simply did not know what was happening in the early years of the Third Reich, much less understand it. Abraham Ascher's concise book *Was Hitler a Riddle?* definitively dispels this explanation. In what can only be described as a model of how properly to write scholarly history aimed at a broader audience, Ascher establishes that western leaders knew a great deal about Adolf Hitler,

the Nazi Party's ideology, and the policies of the new regime long before the German invasion of Poland.” —Russel Lemmons  
*A History of Catholic Antisemitism* R. Michael, 2008-03-31 Moving from the Catholic Church's pagan origins, through the Roman era, middle ages, and Reformation to the present, Robert Michael here provides a definitive history of Catholic antisemitism.

**Roman Catholicism & the Coming One World Religion** Billy Crone, 2019-03-21 Roman Catholicism may have been around for over 1,600 years now, but it is one of the most deceptive ongoing religious cults on the planet. Not only are they not Christian, but they lead people away from true Biblical Christianity, and frankly, straight into hell. Therefore, this book, *Roman Catholicism & the Coming One World Religion*, gives you the reader an in-depth understanding into the history, background, and false teachings of Roman Catholicism and their dastardly plans to create a global religion across the planet. Here you will uncover many powerful insights into such mind-blowing questions as: Is Catholicism Really Christian? Do Catholics Follow Doctrines of Demons? Is Catholicism a Cult? Do Catholics Follow False Doctrine? Is Catholicism Demonic? Do Catholics Teach a False Salvation? Is Catholicism the Great Harlot? Do Catholics Worship Mary? Can Catholicism & Christianity Coexist? Do Catholics Worship Saints? Will Catholicism Persecute True Christians? Do Catholics Need to be Witnessed To?

**The Joe Public Guide to the Roman Catholic Church** Joe Castello, 2022-10-31 The Roman Catholic Church is the original church of Christianity and is one of the oldest institutions in the world. It has survived for over 2,000 years and has over 1.2 billion adherents. This book observes how the Church has transitioned from a simple structure to one of great complexity and great wealth. This wealth is examined. The Roman Catholic Church has been responsible for many good things in this world but as this book shows, it has also been embroiled in many controversial episodes. The accusations that it has been involved with murder, the Mafia and unscrupulous wealth creation, are all covered in this short book. This book was written in 2019 by a non-Catholic for the benefit of other non-Catholics who have a natural curiosity regarding powerful and long-lasting institutions that have been very influential over so many people's lives.

**A Guide to Hitler's Munich** David Mathieson, 2020-01-19 Packed with historically significant locations, this history and guide offers a unique look at Munich as the site of Hitler's rise to power. Munich is one of Europe's most enchanting cities. It is a delight to explore its cobblestone streets and sunlight boulevards with views of the Bavarian Alps—especially during its world-famous Oktoberfest. Yet many visitors know that Munich also has a dark past. The Bavarian capital played a unique role in the ascent of Adolf Hitler, Nazism, and the Third Reich. It was in Munich that Hitler first entered the murky world of beer Keller politics after the First World War. It was also where he established the fanatical base of his NSDAP party. The city was, in his words, 'the capital of the movement'. This illustrative new book explains how Munich became inextricably linked with the rise and fall of Nazism. It provides the modern reader with a detailed guide to what happened where in the

city, why those events were important in the unfolding history of the Third Reich – and why they remain an important warning today.

**Hitler, the War, and the Pope, Revised and Expanded** Ronald Rychlak, 2010-05-27 Was Pope Pius XII a Nazi Sympathizer? For almost fifty years, a controversy has raged about Pope Pius XII. Was the Pope who had shepherded the Church through World War II a Nazi sympathizer? Was he, as some have dared call him, Hitler's pope? Did he do nothing to help the Jewish people in the grips of the Holocaust? In a thoroughly researched and meticulously documented analysis of the historical record, Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII. Not only does he refute the accusations against the Pope, but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and, by extension, the Church. Let those who doubt but read Rychlak, follow his exquisitely organized courtroom-like arguments. What Professor Rychlak brings to the forum are facts, not rhetoric; dates, not conjecture; evidence, not slander.... The world owes Ronald Rychlak a debt for bringing the truth to light. -- Rabbi Eric A. Silver In his well-crafted pages...the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances, of a holy man vying against an evil man, of a human being trying to save the lives of other human beings, of a light shining in the darkness. -- John Cardinal O'Connor (1920-2000) Archbishop of New York (from the Foreword to the first edition) I have read many books on Pius XII, and this is by far the most dispassionate in laying out the context, relevant facts, accusations, and evidence pro and con. The book is highly engaging because it is filled with so many little-known facts. The research has been prodigious. Yet the presentation is as down-to-earth as it would have to be in a courtroom.... This is a wonderfully realistic book. -- Michael Novak, George Frederick Jewett Scholar in Religion, Philosophy, and Public Policy, American Enterprise Institute

*Hitler's Pope* John Cornwell, 2000 Draws on secret archives to present a record of the career of Pope Pius XII, showing his collaboration with the Nazis and his anti-Semitism, and discusses his continuing influence.

*Biography of Adolf Hitler* Mahesh Sharma, 2021-01-01 Adolf Hitler, born in Austria, was the ruler of Germany for twelve years. His reign culminated in World War II, in which millions of people died. This is the reason why he is counted among the most disgusting and evil people in history till date. Hitler was very interested in the arts from an early age and wanted to become an architect. He went to Munich (Germany) in 1913 and was fascinated by the art and architecture there. Despite being a German patriot, he could not get any government position because he did not have full citizenship there. Even after World War I, he remained in the army and progressed to the rank of police detective. Gradually Hitler became a good speaker. After listening to his speech, people would follow him like crazy and believe whatever he said. Hitler succeeded in bridging the gap between the lower and middle classes and bringing them to the same level. Ultimately, with the help of several parties, he seized power in Germany and took control of the army. Despite a lot being known about Hitler's ambition,

autocracy and military operations, the common man remains eager to know more about him. In this book, detailed light has been thrown on many unknown aspects and many unknown secrets of this well-known and controversial personality of the 20th century.

**The Holocaust** David M. Crowe, 2018-05-04 This book details the history of the Jews, their two-millennia-old struggle with a larger Christian world, and the historical anti-Semitism that created the environment that helped pave the way for the Holocaust. It helps students develop the interpretative skills in the fields of history and law.

A Bible Believer Looks at World History Frederick Widdowson, 2010-08-08 This is a review of world history from a Bible believer's perspective. It is designed for use by homeschoolers but anyone can learn from it.

*Hitler's Forgotten Ally* D. Deletant, 2006-04-12 This book is the first complete study in English of Antonescu's part in the Second World War. Antonescu was a major ally of Hitler and Romania fielded the third largest Axis army, joined the Tripartite Pact in November 1940 as a sovereign state and participated in the attack on the Soviet Union of 22 June 1941 as an equal partner of Germany.

Origin Of The Second World War A.J.P. Taylor, 1996-04 From the Back Cover: From the moment of its publication in 1961, A.J.P. Taylor's seminal work caused a storm of praise and controversy, and it has since been recognized as a classic: the first book ever to examine exclusively and in depth the causes of the Second World War and to apportion the responsibility among Allies and Germans alike. With crisp, clear prose and brilliant analysis, Taylor established that the war, far from being premeditated, was a mistake, the result on both sides of diplomatic blunders. He argued that Hitler was more an opportunist than an ideologue who owed his successes to Great Britain's and France's tacking between resistance and appeasement, and to an American policy akin to the significant episode of the dog in the night, to which Sherlock Holmes once drew attention. When Watson objected: 'But the dog did nothing in the night, Holmes answered: 'That was the significant episode.' The Times Literary Supplement called The Origins of the Second World War simple, devastating, superlatively readable, and deeply disturbing, and it remains so now-a groundbreaking book of enduring importance.

**Hard Right Turn** Jerry Carrier, 2015-10-01 In America, even the left is right of center; just how far right is subject to debate. There really is no longer an American left, as it has been systematically destroyed. This rightward drift is seen in historic events like the Red Scare of the 1920s where thousands of innocent Russian and Jewish-Americans were imprisoned and deported by J. Edgar Hoover under President Wilson. There were plots like the secret financing of Hitler's rise to power by the Rockefeller, Harriman and Bush-Walker families managed by the Dulles Brothers. There was the Businessmen and Banker's Plot to overthrow Roosevelt and install a fascist government in the United States just before WWII. There was the OSS/CIA cooperation with the Catholic Church in the Ratlines to hide and bring Nazi war criminals into the United States. American phobias against communism, socialism and the left have allowed those on the right to suppress and eliminate the left and to harass, imprison or assassinate its leaders since 1848. The US government has eliminated and assassinated the left, and with no counterbalance the country veers further and further to the right. In this book Jerry Carrier seeks to define Left as it applies in the United States. He traces some of the original influences and provides a succinct history of the American left, including the McCarthy witch hunts and the xenophobia of the China Lobby. That history includes illegal CIA and FBI operations to stop the left, civil rights, anti-war, Latino, Asian, Native American, gay and women's movements. It includes the US intelligence service's long ties to the Mafia and the Unione Corse, the French Mafia, and their illegal drug activities. It includes the assassinations of JFK, RFK and MLK. It includes the treasonous acts of Nixon and Kissinger to win in 1968, by Reagan and Bush in 1980, and the buying of elections by the Koch Brothers. From Rousseau to Obama, this book gives the rise and fall of the American left. Victims includes Mother Jones, Eugene Debs, Big Bill Haywood, Gus Hall, and Angela Davis. It includes the assassinations of foreign leaders like Patrice Lumumba and even UN Secretary General Dag Hammarskjold and attempts on Sukarno and Castro as well as dozens of US inspired coups.

**Essays on Hitler's Europe** István Deák, 2001-01-01 István Deák is one of the world's most knowledgeable and clearheaded authorities on the Second World War, and for decades his commentary has been among the most illuminating and influential contributions to the vast discourse on the politics, history, and scholarship of the period. Writing chiefly for the New York Review of Books and the New Republic, Deák has crafted review essays that cover the breadth and depth of the huge literature on this ominous moment in European history when the survival of democracy and human decency were at stake. ø Collected here for the first time, these articles chart changing reactions and analyses by the regimes and populations of Europe and reveal how postwar governments, historians, and ordinary citizens attempt to come to terms with?or to evade?the realities of the Holocaust, war, fascism, and resistance movements. They track the acts of scoundrels and the collusion of ordinary citizens in the so-called Final Solution but also show how others in authority and on the street heroically opposed the evil of the day. With its depth, conciseness, and interpretive power, this collection allows readers to consider

more clearly and completely than ever before what has been said, how thought has shifted, and what we have learned about these momentous, world-changing events.

**Hitler Youth, 1922-1945** Jean-Denis G.G. Lepage, 2009-03-23 During the Nazi regime's swift rise to power, no single target of nazification took higher priority than Germany's young people. Well aware that the Nazi party could thrive only through the support of future generations, Hitler instituted a youth movement, the Hitler Jugend (Hitler Youth), which indoctrinated the easily malleable students of Germany's schools and universities. Along with its female counterpart, the Bund deutscher Madel (League of German Girls), the Hitler Youth produced many thousands of young Germans who were deeply and fanatically imbued with the Nazi racist ideology. This heavily illustrated book outlines the history and development of the Hitler Youth from its origins in 1922 until it was disbanded by the allied powers in 1945.
