Salvaging Empire James J. A. Blair, 2023-08-15 *Salvaging Empire* probes the historical roots and current predicaments of a twenty-first century settler colony seeking to control an uncertain future through resource management and environmental science. Four decades after a violent 1982 war between the United Kingdom and Argentina reestablished British authority over the Falkland Islands (Las Malvinas in Spanish), a commercial fishing boom and offshore oil discoveries have intensified the sovereignty dispute over the South Atlantic archipelago. Scholarly literature on the South Atlantic focuses primarily on military history of the 1982 conflict. However, contested claims over natural resources have now made this disputed territory a critical site for examining the wider relationship between imperial sovereignty and environmental governance. James J. A. Blair argues that by claiming self-determination and consenting to British sovereignty, the Falkland Islanders have crafted a settler colonial protectorate to extract resources and extend empire in the South Atlantic. Responding to current debates in environmental anthropology, critical geography, Atlantic history, political ecology, and science and technology studies, Blair describes how settlers have asserted indigeneity in dynamic relation with the environment. *Salvaging Empire* uncovers the South Atlantic's outsized importance for understanding the broader implications of resource management and environmental science for the geopolitics of empire.

Gus Jon Gresham, In this action-packed eco-novel, wild talking monkeys lead a revolution in a troubled Singapore. Gus, a precocious Raffles' banded langur, seeks to get home to Bukit Timah Nature Reserve, a Filipino nurse tries to heal her grief, and an auditor strives to be a clown. Their adventures take place along the Rail Corridor, among the shophouses of Blair Plain, and beneath the skyscrapers of downtown Singapore.

Mum & Dad Joanna Trollope, 2020-03-05 A Richard & Judy Book Club Pick Set in the vineyards of Spain, *Mum & Dad* is a heartwarming family drama about later life and healing old wounds. From Joanna Trollope, the number one bestselling author of *An Unsuitable Match*, filled with her trademark humour and wisdom. 'Trollope's bestselling novel brings elegance and warmth to a painfully familiar dilemma' - Daily Mail What happens when family roles are reversed and the children must look after mum and dad? It's been twenty-five years since Gus and Monica left England to start a new life in Spain, building a wine business from the ground up. However, when Gus suffers a stroke and their idyllic Mediterranean life is thrown into upheaval, it's left to their three grown-up children in London to step in . . . As the children descend on the vineyard, it

becomes clear that each has their own idea of how best to handle their mum and dad, as well as the family business. But as long-simmering resentments rise to the surface and tensions reach breaking point, will the family finally fall apart? 'No-one dissects the intricacies of family relationships quite like Joanna Trollope' - Good Housekeeping

Almost a Spy Charles Petty, 2012-01-12 The author introduces you to a myriad of characters, expatriate embassy personnel, Royals, spies, and party-goers. From mansions of the oil-rich to surprise haram (forbidden) gambling junkets with members of the Royal family to being charged in absentia and imprisoned and tortured for espionage, Chuck held on to tell us his story. You will be introduced to this flamboyant host and his hostess and their worldwide travels. They have journeyed through African Safaris and exploited the waters of the Nile, have been special guests of the King of Thailand, and held meetings with one of Chucks counterparts in Moscow. Cross over to the other side of his cover jobs as he exposes the intrigue of the Jeddah Conference where kings, princes, and ministers begged Kuwait to arbitrate with Saddam Hussein to save their country. Learn how Kuwait's ruling family not only spurned efforts to hold off invasion but failed to even make preparations to protect their population from impending death and destruction. For many years the Kuwaitis had been stealing Iraqi oil, and Saddam was there for payback. Purse strings and the toss of a coin decided which side the Americans would be on and where the line would be drawn in the sand. Follow Chuck on Ali Baba runs and night crawling, behind enemy lines and closed doors of Ministries, palaces, and mosque offices, while searching for monetary trails destined for terrorist links. During his on and off relationship with Kuwait, Chuck moved his efforts over to the Horn of Africa, to the stifling hot dusty streets of Mogadishu, Somalia, where the United Nations was trying to set up a legitimate government. With six to seven Marine Corp shooters for constant protection, he conducted business from the seaport and airport via the K-4 sniper alley to the United Nations compound on the grounds of the former American Embassy. In Somalia his daily duties included personal negotiations with the two opposing War Lords, Mohammed Farah Aideed and Moha

The Connection David Clark, 2023-07-31 James Fraser is a resident of Hartlepool, who to satisfy his anger and rage turned his hand at boxing then street fighting unsuccessfully, so to make something of a life going nowhere joined the army using his natural ability to succeed as a champion in all subjects he partakes in like boxing, shooting and hand to hand combat. After progressing up the ranks to become a sergeant he passes the selection process to enter the SAS. While in the Regiment he is sent undercover in a 4-man unit all over the world to perform surveillance and obtaining vital information on drug Cartels, terrorists, gangsters and organised crime members. After a very successful career James leaves the Regiment and uses his knowledge and experience to train and become a certified Private Investigator with his first case to look for a missing woman that involves him being recruited by MI6 taking him from England to Singapore, where he teams up with an old colleague, then onto Jakarta which involves meeting old foes and new enemies that gets him recruited by the CIA. Carnage and love ensue before he returns to England,

Cambodia Noir Nick Seeley, 2016-03-15 A “sinuous, shattering thriller” (Booklist, starred review) with a heart-stopping conclusion about a mysterious American woman who disappears in to the Cambodian underworld, and the photojournalist who tracks her through the clues left in her diary, by an author whose “plotting and pacing are as sharp and original as his writing” (Nelson DeMille). Phnom Penh, Cambodia: Lawless, drug-soaked, forgotten—it’s where bad journalists go to die. For once-great war photographer Will Keller, that’s kind of a mission statement: he spends his days floating from one score to the next, taking any job that pays; his nights are a haze of sex, drugs, booze, and brawling. But Will’s downward spiral is interrupted by Kara Saito, a beautiful young woman who shows up and begs Will to help find her sister, June, who disappeared during a stint as an intern at the local paper. So begins Will’s “journey to the heart of drug-fueled noirness” (New York Journal of Books). There’s a world of bad things June could have got mixed up in: the Phnom Penh underworld is in an uproar after a huge drug bust; a local reporter has been murdered in what looks like a political hit; and the government and opposition are locked in a standoff that could throw the country into chaos at any moment. Will’s best clue is her diary: an unsettled collection of experiences, memories, and dreams, reflecting a young woman at once repelled and fascinated by the chaos of Cambodia. As Will digs deeper into June’s past, he uncovers one disturbing fact after another about the missing girl and her bloody family history. In the end, the most dangerous thing in Cambodia may be June herself. Propulsive, electric, and exotically enthralling, *Cambodia Noir* “has it all: sex, drugs, and mystery” (MetroUS). Debut author Nick Seeley “impresses on every count,” (BookPage, Top Mystery Pick) exploring what happens when we venture into dark places...when we get in over our heads...when we get lost. “If ever a case was made for place as character in a novel, Seeley makes it here with scene after nightmarish scene...This is distinctive work” (Kirkus Reviews).

Schooling as Uncertainty Frances Vavrus, 2021-01-28 In today's uncertain world, few beliefs remain as firmly entrenched as the optimistic view that more schooling will lead to a better life. Though this may be true in the aggregate, how do we explain the circumstances when schooling fails to produce certainty or even does us harm? *Schooling as Uncertainty* addresses this question by combining ethnography and memoir as it guides readers on a 30-year journey through fieldwork and familyhood in Tanzania and academic life in the USA. Using reflexive, longitudinal ethnographic research, the book examines how African youth, particularly young women, employ schooling in an attempt to counter the uncertainties of marriage, child rearing, employment, and HIV/AIDS. Adopting a narrative approach, Vavrus tells the story of how her life became entangled with a community on Mount Kilimanjaro and how she and they sought greater security through schooling and, to varying degrees, succeeded.

Hemingway's Guns Silvio Calabi, Steve Helsley, Roger Sanger, 2010-11-01 Ernest Hemingway is a mythic writer and alpha male. As a hunter and conservationist, he drew greatly from the strong example of Theodore Roosevelt, and he much enjoyed teaching newcomers to shoot and hunt. Including short excerpts from Hemingway's works, these stories of his guns

and rifles tell us as much about him as a lifelong, expert hunter and shooter as a man.

The Sugar King of California Sandra E. Bonura,2024-06 Claus Spreckels (1828-1908) emigrated from his homeland of Germany to the United States with only seventy-five cents in his pocket, built a sugar empire, and became one of the richest Americans in history alongside John D. Rockefeller, Warren Buffett, and Bill Gates. Migrating to San Francisco after the gold rush, Spreckels built the largest sugar beet factory of its kind in the United States. His sugar beet production in the Salinas Valley changed the focus of valley agriculture from dry to irrigated crops, resulting in the vast modern agricultural-industrial economy in today's "Salad Bowl of the World." When Spreckels gave America its first sugar cube, he became the "Sugar

King." The indomitable Spreckels was a colorful and complicated character on both sides of the Pacific. A kingpin in the development of the Hawai'i-California sugarcane industry, he wielded a clenched fist over Hawai'i's economy for nearly two decades after occupying a position of unrivaled power and political influence with the Hawaiian monarchy, while also advancing major technology developments on the islands. The Sugar King's legacy continued as the Spreckels family developed large portions of California, building and breaking monopolies in agriculture, shipping, railroading, finance, real estate, horse breeding, utilities, streetcars, and water infrastructure, and building entire towns and cities from infrastructure to superstructure. In *The Sugar King of California* Sandra E. Bonura tells the rags-to-riches story of Spreckels's role in the developments of the sugarcane industry in the American West and across the Pacific, triumphing in a milieu rife with cronyism and corruption and ultimately transforming California's industry and labor. Harshly criticized by his enemies for ruthless business tactics but loved by his employees, he was unapologetic in his quest for wealth, asserting "Spreckels's success is California's success." But there's always a cost for single-minded determination; the legendary family quarrels even included a murder charge. Spreckels's biography is one of business triumph and tragedy, a portrait of a family torn apart by money, jealousy, and ego.
