The Essential Mystery Lists Roger M Sobin, 2011-09-30 For the first time in one place, Roger M. Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented. He has also included many of the “best of” lists by more than fifty of the most important contributors to the genre.; Mr. Sobin spent more than two decades gathering the data and lists in this volume, much of that time he used to recheck the accuracy of the material he had collected. Several of the “best of” lists appear here for the first time in book form. Several others have been unavailable for a number of years.; Of special note, are Anthony Boucher’s “Best Picks for the Year.” Boucher, one of the major mystery reviewers of all time, reviewed for The San Francisco Chronicle, Ellery Queen Mystery Magazine, and The New York Times. From these resources Mr. Sobin created “Boucher’s Best” and “Important Lists to Consider,” lists that provide insight into important writing in the field from 1942 through Boucher’s death in 1968.? This is a great resource for all mystery readers and collectors.; ; Winner of the 2008 Macavity Awards for Best Mystery Nonfiction.

Greatest Mystery Novels of Wilkie Collins Wilkie Collins, 2024-01-06 Wilkie Collins' *Greatest Mystery Novels of Wilkie Collins* serves as a masterful anthology that encapsulates the essence of the Victorian mystery genre. Collins, often regarded as the father of the detective novel, weaves intricate plots rich with suspense and psychological depth. This collection features his landmark works, including *The Woman in White* and *The Moonstone*, where innovative narrative techniques and multi-perspective storytelling immerse readers in layers of intrigue and social commentary. Collins' distinct style, marked by elaborate characterizations and meticulously crafted mysteries, redefined conventions and influenced future authors in the genre. Wilkie Collins (1824-1889) was an English novelist and playwright whose life experiences significantly shaped his literary output. A close associate of Charles Dickens, Collins was immersed in the cultural and social issues of his time, including debates surrounding class, gender roles, and the legal system. His personal struggles, particularly with health, added a sense of urgency to his work, driving him to explore themes of identity and morality through suspenseful narratives. His unique blend of gothic elements and detective fiction gave rise to a new literary form that continues to captivate audiences. This anthology is highly recommended for both fans of classic literature and newcomers to the mystery genre. Collins' skillful plotting and engaging prose make his works essential reading for those intrigued by the evolution of the detective story, while also providing profound insights into Victorian society. Delve into the pages of this collection to experience the pioneering brilliance of one of literature's greatest mystery writers.

Paul Auster's "The New York Trilogy" as Postmodern Detective Fiction Matthias Kugler, 1999-10-28

Inhaltsangabe: Abstract: Paul Auster's *New York Trilogy*, published in one volume for the first time in England in 1988 and in the U.S. in 1990 has been widely categorised as detective fiction among literary scholars and critics. There is, however, a striking diversity and lack of consensus regarding the classification of the trilogy within the existing genre forms of the

detective novel. Among others, Auster's stories are described as: metaanti-detective-fiction; mysteries about mysteries; a strangely humorous working of the detective novel; very soft-boiled; a metamystery; glassy little jigsaws; a mixture between the detective story and the nouveau roman; a metaphysical detective story; a deconstruction of the detective novel; antidetective-fiction; a late example of the anti-detective genre; and being related to 'hard-boiled' novels by authors like Hammett and Chandler. Such a striking lack of agreement within the secondary literature has inspired me to write this paper. It does not, however, elaborate further on this diversity of viewpoints although they all seem to have a certain validity and underline the richness and diversity of Auster's detective trilogy; neither do I intend to coin a new term for Auster's detective fiction. I would rather place The New York Trilogy within a more general and open literary form, namely postmodern detective fiction. This classifies Paul Auster as an American writer who is part of the generation that immediately followed the 'classical literary movement' of American postmodernism' of the 60s and 70s. His writing demonstrates that he has been influenced by the revolutionary and innovative postmodern concepts, characterised by the notion of 'anything goes on a planet of multiplicity' as well as by French poststructuralism. He may, however, be distinguished from a 'traditional' postmodern writer through a certain coherence in the narrative discourse, a neo-realistic approach and by showing a certain responsibility for social and moral aspects going beyond mere metafictional and subversive elements. Many of the ideas of postmodernism were formulated in theoretical literary texts of the 60s and 70s and based on formal experiments include the attempt of subverting the ability of language to refer truthfully to the world, and a radical turning away from coherent narrative discourse and plot. These ideas seem to have been internalized by the new generation of postmodern writers of the 80s to such [...]

Neo-Victorianism and Sensation Fiction Jessica Cox, 2019-11-11 This book represents the first full-length study of the relationship between neo-Victorianism and nineteenth-century sensation fiction. It examines the diverse and multiple legacies of Victorian popular fiction by authors such as Wilkie Collins and Mary Elizabeth Braddon, tracing their influence on a range of genres and works, including detective fiction, YA writing, Gothic literature, and stage and screen adaptations. In doing so, it forces a reappraisal of critical understandings of neo-Victorianism in terms of its origins and meanings, as well as offering an important critical intervention in popular fiction studies. The work traces the afterlife of Victorian sensation fiction, taking in the neo-Gothic writing of Daphne du Maurier and Victoria Holt, contemporary popular historical detective and YA fiction by authors including Elizabeth Peters and Philip Pullman, and the literary fiction of writers such as Joanne Harris and Charles Palliser. The work will appeal to scholars and students of Victorian fiction, neo-Victorianism, and popular culture alike.
