Dark Dragon Rebecca K. Busch,2021-10-29 Against nearly impossible odds, Sigrun managed to lead the fairies of the Northwoods off the battlefield victoriously, and the villagers eagerly welcome peaceful times. They easily sink back into their old routines, but Sigrun cannot. Darkness creeps around her and without reason, she becomes increasingly edgy and violent. Afraid of herself, and what she might do to anyone around her, she isolates herself and refuses to see even her closest friends. She is plagued by intense visions of a foreboding cave within a treacherous mountain range, and it becomes clear a force is pulling her there. Without a word, she disappears from the village in search of this cave. The journey is not without

its challenges. The very land that she is treading on is evil and working against her in ways she could have never imagined. Even though everything she faces pushes her back - she knows she must continue. It does not take long before Jae and Khalon realize Sigrun has fled the village. Knowing she has not been herself; they immediately depart after her. Facing hardships of their own they begin to wonder whether they will find her in time, or if she wants to be found at all. Evil snakes its way around her, lying to her and manipulating her, and leaches the power of the dragon for itself. All the while Sigrun is pushed further into a dark abyss. The Sigrun that they know, and love, may be lost to them forever.

Vengeance of the Dark Dragon Timothy David Carroll,2005-01-01 Michael is a fairly typical young man who has an unusual fascination with comic books. He is constantly reading them, thinking about them, even creating his own comic book characters to pit against one another in fantastic arenas that exist only in his own mind. For him, reality is only a place to visit when he cannot be in his own world. This humdrum way of life is bound for a change, however. One evening, while out with his friends, the young man finds himself face to face with the Dark Dragon, a creature born of his own imagination. The strange and powerful villain vows revenge on the helpless teenager for a crime he refuses to define, then vanishes. Empowered by a mysterious force he calls the Ether, Michael and his friends must now find a way to stop the Dark Dragon, who seems intent on destroying everything they hold dear.

The Ice Dragon George R. R. Martin,2010-04-01 The ice dragon was a creature of legend and fear, for no man had ever tamed one. When it flew overhead, it left in its wake desolate cold and frozen land. But Adara was not afraid. For Adara was a winter child, born during the worst freeze that anyone, even the Old Ones, could remember. Adara could not remember the first time she had seen the ice dragon. It seemed that it had always been in her life, glimpsed from afar as she played in the frigid snow long after the other children had fled the cold. In her fourth year she touched it, and in her fifth year she rode upon its broad, chilled back for the first time. Then, in her seventh year, on a calm summer day, fiery dragons from the North swooped down upon the peaceful farm that was Adara's home. And only a winter child--and the ice dragon who loved her--could save her world from utter destruction. The Ice Dragon marks the highly anticipated children's book debut of George R.R. Martin, the award-winning author of the New York Times best-selling series A Song of Ice and Fire and is set in the same world. Illustrated with lush, exquisitely detailed pencil drawings by acclaimed artist Yvonne Gilbert, The Ice Dragon is an unforgettable tale of courage, love, and sacrifice by one of the most honored fantasists of all time.
