Christmas Piano Songs for Kids Monty Webb,2021-11-27 The BEST Christmas Gift for Tiny Aspiring Pianists! Do you have a little one at home who just loves to mess around with the Piano? Maybe they are just dying to play along to their favorite Christmas songs but are put off by all the complicated sheet music and boring teaching methods? Well, you've certainly come to the right place. Our Christmas songbook is just perfect for kids of all ages, even if they have absolutely zero prior experience before playing the piano. You see, every song in this book has only the most basic notation (which is perfect for complete beginners) with all the letters clearly written above each note - so they won't get bogged down with memorizing all the notes first. PLUS all the songs have the lyrics clearly written beneath them, so your little ones can sing their hearts out to all their favorite songs. But maybe you can't remember exactly what all the symbols mean? Hmm, what was that squiggle again?? Don't worry! We've got you covered. You and your kids will love reading through our crash course to learn piano with our special bonus section at the beginning of the book. It's kid-friendly & fun. Watch their face light up as they effortlessly soak up everything they need to know to then go on and play EVERY song in the book. It's that easy. Take a look for yourself, it's perfect for everyone to have a tinkle with (but be careful - it gets addictive!) Inside you'll find: □ Simple Sheet Music for 30 Christmas Classics (Jingle Bells, Silent Night, Away in a Manger, Hark! The Herald Angels Sing, The First Noel, We Wish You a Merry Christmas, O Christmas Tree, the list goes on...) □ FREE MP3 Files for every song - listen before you play. It makes the learning process all the more easier. □ ALL songs have easy-to-read notation, with labeled notes & clear fonts (great for kids). □ A BONUS Crash Course for Beginners, teaching everything from basic rhythm to some very clever tricks for knowing what each note is on the piano (hint, it involves a cute dog.) □ Compose Your Own Music! This section at the end gives your child the unique opportunity to let their creativity run wild, and write their own Christmas carols. □ No more floppy books! Don't you just hate it when your book keeps falling off the piano stand? They constantly flop all over the place and drive us all crazy! For this reason, we've added extra-large margins and dotted lines to allow your kids to have fun cutting out their favorite pieces to lay out on the piano stand whilst they play. This means no more frantic turning of pages, no more squinting to see what the notes are near the spine of the book. One Note at a Time Heather Milnes,2021-10-13 ONE NOTE AT A TIME Fun, fun, fun all the way! All the time that I was

writing this little music book I constantly tried to make it fun for kids to use. The tunes are REALLY easy and the whole layout is inviting to little pianists. The book is graded extremely carefully. Each tune is just a small step harder than the one before so that young learners can move forward through the book without getting stuck. Large clear print and colourful illustrations will draw children on and keep them at the piano keys for many hours. Pianists will need to use both hands and will learn to read music in the treble AND bass clef, but they will never have to play more than one note at the same time. This will build their music skills without leading to the frustration that they sometimes have when trying to co-ordinate two hands which are doing different things:(Look out for: Over 40 songs, including nursery rhymes, Scottish and English folk songs, solos and duets. A really useful introduction covering basic music theory such as how to find the notes on the keyboard and how to count the beats. Fun quizzes and challenges to make learning more interesting. Quirky illustrations brighten up the pages and keep kids smiling. I hope you will give it a try, Heather Heather Milnes is a piano teacher with over 30 years experience of teaching young children. She is also the writer of over 25 very popular music books for young learners. All her books are thoroughly tested by her students before being released!

Little Pianist. Piano Songbook for Kids Aria Altmann, 2021-10 One of the biggest mistakes when someone starts learning to play the piano is playing songs with their index finger instead of using all fingers and both hands. Most piano sheet music for kids has notes for practicing with the right hand only, which encourages the 'plinky-plonk' playing that children should avoid. In this book, however, all songs have treble and bass clef notes for practicing with both hands! So, suppose you are looking for a diverse collection of 55 large print piano songs for children, young learners, or adult students that are simple enough for beginners to play and show letters (note names), numbers (fingerings), and lyrics. In that case, this is the perfect book for you. In this book, you will get: 55 EASY PIANO SONGS FOR KIDS - All songs have been arranged especially for young learners. This means that all complex chords and rhythms have been simplified. Also, all the pieces are kept relatively short, only one or two pages long. This will allow your child to enter the magic world of piano without frustration. FROM EASIEST TO HARDEST - Are you tired of searching for piano pieces with the appropriate difficulty? At the beginning of this book, you will find very simple songs, and then they gradually get more challenging as the book progresses. This will keep your child motivated and enable them to progress through the levels. DIFFERENT TYPES OF SONGS - You will get a diverse selection of pieces: well-known children's songs and nursery rhymes and simplified classical pieces, as well as famous English evergreens and international folk songs. This varied selection of easy sheet music will fuel your kid's enjoyment when practicing the piano. WITH LETTERS AND NUMBERS - The most straightforward songs in this book are presented with letters above the music notes to help you know what keys to press. However, as the pieces get more complex, the note names have been deliberately left out to encourage note recognition. All songs include finger placements (numbers) in problem areas. LARGE PRINT - Most music notes for beginners are pretty small, so learners struggle to read them without squinting. To avoid this, all songs in this book have a clear layout and large print for students to follow the pieces easily. NOTES FOR BOTH HANDS - Most easy piano pieces for children have notes for practicing one hand only, encouraging them to play songs with only their index finger. The proper technique, however, is playing with all fingers and both hands. That's why all pieces in this book are in both treble and bass clef (i.e., both right and left hand). BONUS: FREE AUDIO FILES TO DOWNLOAD - Do you want to get an idea of what a piece should sound like? If you are unsure how to play a piece, our audio files will help you get a feel for the melody. Buy this book NOW and enter the splendid world of piano and music! Ideal also as a wonderful birthday present or Christmas gift.
