Online Banking Security Measures and Data Protection Aljawarneh, Shadi A., 2016-09-23 Technological innovations in the banking sector have provided numerous benefits to customers and banks alike; however, the use of e-banking increases vulnerability to system attacks and threats, making effective security measures more vital than ever. Online Banking Security Measures and Data Protection is an authoritative reference source for the latest scholarly material on the challenges presented by the implementation of e-banking in contemporary financial systems. Presenting emerging techniques to secure these systems against potential threats and highlighting theoretical foundations and real-world case studies, this book is ideally designed for professionals, practitioners, upper-level students, and technology developers interested in the latest developments in e-banking security.

INDIAN BANKING Prof. Sri Hari V., Prof. Saravanan L.G., Dr. Sreenivas D.L., Prof. Jayashree Tambad,

Banking Sector Reforms in India and Performance Evaluation of Commercial Banks Debaprosanna Nandy, 2010-07-29 The Committee on Financial System (CFS), popularly known as Narasimham Committee, was set up in 1991 to make recommendations for bringing about the necessary reforms in the financial sector. Narasimham Committee appraised and acknowledged the success and progress of Indian banks since the major banks were nationalized on 19 July 1969. Unfortunately, the developments were witnessed only in the field of expansion and spread of bank branches, generation of huge employment and mobilization of savings rather than also in improvement in efficiency. Besides, corruption, fraud, misutilization in public money, outdated technology, and politicization in policy making were found to be major drawbacks in the real progress of the banks. As the banking sector plays an important and crucial role in the economy of a country for its stabilization and balanced growth, major reforms were urgently needed, after 22 years of nationalization, to revive Indian banks. This was not only in the field of profitability, but also in the overall efficiency, viz., better management of non-performing assets (NPAs), satisfying capital requirements, increased cost effectiveness and control, enhanced customer service, improved technology, establishing competitive interest rate, effective man-power planning, introduction of asset-liability management, better productivity, launching new products, and becoming more competent to face the upcoming challenges and competition from foreign as well as private sector banks in the era of globalization and liberalization. The objectives of the study are to examine the need and relevance of reforms in Indian banks, to assess the

efficiency and profitability of Indian banks during reforms from different perspectives, to discuss various issues of NPA management in the light of reforms, to measure the performance of the banks of West Bengal during the reforms, to analyse the role of information technology and its relevancy in Indian banks in the era of reforms, and to impart necessary suggestions for the improvement of the efficiency and profitability of Indian banks.

ADOPTION OF INTERNET BANKING: A CUSTOMER-CENTRIC STUDY OF PUBLIC AND PRIVATE SECTOR BANKS IN KERALA Dr. Aneeshkumar G.S. , Dr. Sybila Pius Fernandez , Dr. Andrews Thomas, 2025-04-17 1.1 Introduction The banking sector is focused on meeting the financial needs of the society by providing an enhanced customer experience. A well-developed banking system provides a firm and durable bedrock for the economic development of the country. The convergence of Information Technology (IT) with Communication Technology (CT) has revolutionized the banking services across the globe. Information Technology has become an inevitable instrument in today's organizations (Grabner-Krauter and

Faullant, (2008). The financial sector particularly the banking sector was the first to utilize IT in 1960's. Since the introduction of the Internet in 1969, it has evolved from the sole domain of the computer techie and the academic to a mainstream channel of communication.

Win-Win Corporations Shashank Shah, 2016-12-07 Why did Ratan Tata decide to pay for all the victims of 26/11 whether injured in the Taj or anywhere else? Why did HDFC's Aditya Puri insist that employees leave for home by 5.30 p.m.? How did HUL develop a cheaper, better product to beat its competitor, Nirma? What do Taj Hotels, HDFC, HUL, L&T and BPCL have in common? They are the win-win corporations! Based on over a decade of research, Shashank Shah takes these truly outstanding Indian companies and studies how they do business. Each of these companies has exceptional practices when it comes to stakeholder management. Whether the stakeholder is an employee, customer, investor, vendor or even society at large, these companies reveal how looking at everyone else's interests doesn't really mean compromising on your own. Often, the two complement each other and that is what makes a win-win solution for everyone. This book gives an inside look into what motivates exceptional companies and how they are a cut above the rest. Full of fascinating anecdotes, leadership philosophy and background stories of organizations, Win-Win Corporations is an inspiring read into what makes companies great.

Economic Empowerment of Women for Sustainable Development Dr. V. Malarvizhi, Dr. S. Gandhimathi, Dr. R. Annapoorni, 2024-03-25 In the global pursuit of equitable progress, the empowerment of women emerges as not merely an ethical imperative but a pragmatic necessity. The imperative of women's economic empowerment finds resonance throughout history, woven into the fabric of social movements, policy reforms, and economic progress. From the suffragette movements of the late 19th and early 20th centuries to the landmark conventions on women's rights and development in the latter half of the 20th century, the trajectory of gender equality has been marked by both triumphs and trials. The 1995 Fourth World Conference on Women in Beijing stands as a watershed moment, galvanizing global commitments to women's empowerment and setting forth an ambitious agenda for action. Subsequent milestones, including the adoption of the Sustainable Development Goals (SDGs) in 2015, further underscore the intertwined nature of gender equality and sustainable development. Over the years though the researchers, academicians and government have tried to find ways and means for economic empowerment of women many aspects of women economic empowerment-entrepreneurship and innovation, work place equality, global partnership etc are yet to be completely resolved. Little attention has been paid to the above aspects by the researchers, policy makers and development planners. The present volume titled "Economic Empowerment of Women for Sustainable Development" containing 32 papers covers different aspects and issues related to economic empowerment of women and sustainable development. It is an initiative for shedding light on the pivotal role women play in fostering sustainable economic development. The main themes with the volume covers are: financial inclusion, education skill development, technology and digital inclusion, leadership, decision making, policy and advocacy. The volume will provide women's input and health for the academicians, researchers, policy makers and government officials.
