**The Tolstoy**s Dimitry Tolstoy-Miloslavsky,1991 The Tolstoy family claims to descend from a man named Indris who traveled from the Holy Roman Empire in the 1200s and converted to the Russian Orthodox Church. He became a Boyar in Chernigov and his son took the name of Konstantin. One of their descendants was Andrei who moved to Moscow in the 1400s and was given the name Tolstoy by Grand Prince Vasily II. Descendants live in Russia, throughout Europe and in other parts of the world.

**Tolstoy's 'What is Art?'** Terry Diffey,2014-08-27 With its demand that works of art be judged according to the their morally didactic content, Tolstoy's reviled aesthetics has seemed to exclude from the canon far too many works widely accepted as masterpieces, including Shakespeare and Beethoven. This book, first published in 1985, argues that these are not mere oversights on the part of Tolstoy: he knew full well the consequences of his line of reasoning. The author contends that, even if we disagree with and eventually reject much of what Tolstoy concludes, his account of the nature and purpose of art is nevertheless worth consideration. Diffey's argument by no means accepts all of 'What is Art?', but by suggesting that the work is best interpreted as a counterpoint to the amoral aestheticism prevalent in Russia at the time, he does much to restore it to a status deserving attention, particularly in today's climate of extreme relativism.

The Future of Aesthetics Francis Edward Sparshott,1998-01-01 Widely admired as one of Canada's leading philosophers, Francis Sparshott is a major figure in postwar philosophical aesthetics. In this book he presents an annotated version of the text of the four 1996 Ryle Lectures that he gave at Trent University. Addressing the nature and prospects of aesthetics as a discipline, Sparshott discusses beauty, taste, and the place of imagination, fiction, and fine art in societies. He investigates the place of such a discipline in the broad social structures provided by universities and civilizations, and tackles many perennially interesting questions about education and the life of the mind. Written with wit and charm, the lectures journey through a vast terrain of references, yet wear their learning lightly. Sparshott's engaging style and humane vision will, as always, attract a wide and diverse readership.
