*A Natural History of the Romance Novel* Pamela Regis,2013-08-31 The romance novel has the strange distinction of being the most popular but least respected of literary genres. While it remains consistently dominant in bookstores and on best-seller lists, it is also widely dismissed by the critical community. Scholars have alleged that romance novels help create subservient readers, who are largely women, by confining heroines to stories that ignore issues other than love and marriage. Pamela Regis argues that such critical studies fail to take into consideration the personal choice of readers, offer any true definition of the romance novel, or discuss the nature and scope of the genre. Presenting the counterclaim that the romance novel does not enslave women but, on the contrary, is about celebrating freedom and joy, Regis offers a definition that provides critics with an expanded vocabulary for discussing a genre that is both classic and contemporary, sexy and entertaining. Taking the stance that the popular romance novel is a work of literature with a brilliant pedigree, Regis asserts that it is also a very old, stable form. She traces the literary history of the romance novel from canonical works such as Richardson's *Pamela* through Austen's *Pride and Prejudice*, Brontë's *Jane Eyre*, and E. M. Hull's *The Sheik*, and then turns to more contemporary works such as the novels of Georgette Heyer, Mary Stewart, Janet Dailey, Jayne Ann Krentz, and Nora Roberts.

**Dubcon** Milena Popova,2021-10-05 How the treatment of sexual consent in erotic fanfiction functions as a form of cultural activism. Sexual consent is--at best--a contested topic in Western societies and cultures. The #MeToo movement has

brought public attention to issues of sexual consent, revealing the endemic nature of sexual violence. Feminist academic approaches to sexual violence and consent are diverse and multidisciplinary--and yet consent itself is significantly undertheorized. In *Dubcon*, Milena Popova points to a community that has been considering issues of sex, power, and consent for many years: writers and readers of fanfiction. Their nuanced engagement with sexual consent, Popova argues, can shed light on these issues in ways not available to either academia or journalism. Popova explains that the term *dubcon* (short for dubious consent) was coined by the fanfiction community to make visible the gray areas between rape and consent--for example, in situations where the distribution of power may limit an individual's ability to give meaningful consent to sex. Popova offers a close reading of three fanfiction stories in the *Omegaverse* genre, examines the arranged marriage trope, and discusses the fanfiction community's response when a sports star who was a leading character in RPF (real person fiction) was accused of rape. Proposing that fanfiction offers a powerful discursive resistance on issues of rape and consent that challenges dominant discourses about gender, romance, sexuality, and consent, Popova shows that fanfiction functions as a form of cultural activism.

**Women and 'Value' in Jane Austen's Novels** Lynda A. Hall, 2017-02-22 Jane Austen's minor female characters expose the economic and social realities of British women in the long eighteenth century and reflect the conflict between intrinsic and expressed value within the evolving marketplace, where fluctuations and fictions inherent in the economic and moral value structures are exposed. Just as the newly-minted paper money was struggling to express its value, so do Austen's minor female characters struggle to assert their intrinsic value within a marketplace that expresses their worth as bearers of dowries. Austen's minor female characters expose the plight of women who settle for transactional marriages, become speculators and predators, or become superfluous women who have left the marriage market and battle for personal significance and existence. These characters illustrate the ambiguity of value within the marriage market economy, exposing women's limited choices. This book employs a socio-historical framework, considering the rise of a competitive consumer economy juxtaposed with affective individualism.

**The Novels of Anita Desai** Ramesh Kumar Gupta, 2002 The Book Is A Pioneering Study Of Its Kind, Chronologically Examining The Novels Of Anita Desai Mostly From A Feminist Point Of View. The Book Excels In Formally Analysing Indian And Western Traditions Of Feminism, Man-Woman Relationship And Art Of Characterisation In The Overall Context Of The Feminine Psyche Which It Thoroughly Examines. Anita Desai S Is A World Of Married Women Who Combat To Get Out Of The Manacles That Bind Them; To Evolve From Being A Mere Nonentity Victim To A Vibrant Individual Capable Of Breaking The Fetters Without Breaking The Relationship. The Book Is A Voyage From A Sense Of Incompetence And Paranoia To Self-Awareness And Resilience, To Self-Poise And Concord Within The Family Matrix. Dr. Gupta Shows How Anita Desai Has Depicted The Depths Of Human Consciousness And Subconsciousness In Her Existential Concern Which Makes Her Writings Uniquely Powerful Through Feminism. Hence, The Need And Justification Of The Book To Undertake The Present Study Of Her New Perspective On Feminism.

*Victorian Social Activists' Novels* Oliver Lovesey, 2024-07-31 The writers of these novels were involved in various types of activism, using approaches ranging from conservative amelioration to radical militancy. Their works employ a broad variety of genres from the novel of manners, sensation, education and vocation, to allegory, romance and lesbian fiction.

**The Novel** André Brink, 1998-05-29 The Postmodernist novel has become famous for the extremes of its narcissistic involvement with language. In this challenging and wide-ranging new study, André Brink argues that this self-consciousness has been a characteristic of the novel since its earliest stirrings. More specifically, every novel appears both to construct, and to be constructed by, its own notion of language, elaborated through all the strategies of narrative. Taking as his starting point 'the propensity for story' embedded in language, he offers stimulating new readings of novels from Cervantes to Calvino, demonstrating that in many respects the old familiar texts may be more startlingly modern, and the Postmodernist texts more firmly rooted in convention, than we tend to think.

**Only October** Caroline Lee, 2021-12-01 October Calendar wields a mean hammer. And rotary saw. And bit driver. As the resident handywoman on her family's ranch, she doesn't have time for something as silly as falling in love...even if her sisters do claim it's her turn. But she always has time for Lacey, her prize student, who has asked for her help to build her father something special, even though this means October is suddenly spending a lot more time dreaming about the girl's father and his gorgeous muscles. Single dad Clint Montoya isn't afraid of a little hard work, which is a good thing, because he's been struggling to keep his head above water ever since his daughter came into his life. In an attempt to make ends meet, he started up a new business, but discovered pretty quickly he's run out of room in his tiny home to manage it. He simply needs more space, and luckily, that's where the intriguing October Calendar comes in; a woman he's had his eyes on ever since Lacey began taking her classes years ago. Clint loves how much October has influenced and shaped his daughter into the amazing young lady she is now, but can he convince her to help him do it on a more permanent basis? October doesn't have

any idea what's on Clint's mind, but when Lacey suddenly needs her, she'll move Heaven and Earth to help the girl. Thrown into Clint's life, she's determined to support the little family, even if it means her sisters will have more reasons to tease her about falling in love.

**Peril and Protection in British Courtship Novels** Geri Chavis, 2020-10-07 *Peril and Protection in British Courtship Novels: A Study in Continuity and Change* explores the use and context of danger/safety language in British courtship novels published between 1719 and 1920. The term courtship novel encompasses works focusing on both female and male protagonists' journeys toward marriage, as well as those reflecting the intertwined nature of comic courtship and tragic seduction scenarios. Through careful tracking of peril and protection terms and imagery within the works of widely-read, influential authors, Professor Chavis provides a fresh view of the complex ways that the British novel has both maintained the status quo and embodied cultural change. Lucid discussions of each novel, arranged in chronological order, shed new light on major characters' preoccupations, values, internal struggles, and inter-actional styles and demonstrate the ways in which gender ideology and social norms governing male-female relationships were not only perpetuated but also challenged and satirized during the course of the British novel's development. Blending close textual analysis with historical/cultural and feminist criticism, this multi-faceted study invites readers to look with both a microscopic lens at the nuances of figurative and literal language and a telescopic lens at the ways in which modifications to views of masculinity and femininity and interactions within the courtship arena inform the novel genre's evolution.

**The Rise of the French Novel** Martin Turnell, 1978 Martin Turnell's *The Rise of the French Novel* is a successor to his highly praised earlier books, *The Novel in France* (1951) and *The Art of French Fiction* (1959). His aim now, however, is somewhat different, as can be seen from the title. It is well known that the reputations of many writers, novelists especially, diminish for a period following their deaths. Although in the eighteenth century Marivaux, Crébillon fils, and Rousseau all enjoyed a great deal of popularity during their lifetimes, it is only recently that they have been subject to truly searching studies. Yet they remain little read in English-speaking countries. Turnell emphasizes that in spite of the hostility of French critics and the fact that the novel did not reach its supremacy even in France until the nineteenth century, the beginning of its great rise was indeed with such writers as these. Their strong influence led such nineteenth-century novelists as Stendhal and Flaubert to all kinds of changes related to style, the enormous increase in the range of subject matter, and the marked development of language. Flaubert is the most striking example. It was pointed out some time ago by Eisenstein that *Madame Bovary* anticipates cinematic technique. One of Turnell's most interesting chapters explores the connections between the novel and film in general, and *Madame Bovary* in particular. In our own time, two of the most popular French novelists in both the United States and England are Alain-Fournier and Radiguet. They are given enthusiastic appreciations in Turnell's thoughtful book.

**Novels, Needleworks, and Empire** Chloe Wigston Smith, 2024-03-12 The first sustained study of the vibrant links between domestic craft and British colonialism In the eighteenth century, women's contributions to empire took fewer official forms than those collected in state archives. Their traces were recorded in material ways, through the ink they applied to paper or the artifacts they created with muslin, silk threads, feathers, and shells. Handiwork, such as sewing, knitting, embroidery, and other crafts, formed a familiar presence in the lives and learning of girls and women across social classes, and it was deeply connected to colonialism. Chloe Wigston Smith follows the material and visual images of the Atlantic world that found their way into the hands of women and girls in Britain and early America--in the objects they made, the books they held, the stories they read--and in doing so adjusted and altered the form and content of print and material culture. A range of artifacts made by women, including makers of color, brought the global into conversation with domestic crafts and consequently placed images of empire and colonialism within arm's reach. Together, fiction and handicrafts offer new evidence of women's material contributions to the home's place within the global eighteenth century, revealing the rich and complex connections between the global and the domestic.

**My Victorian Novel** Annette R. Federico, 2020-05-08 The previously unpublished essays collected here are by literary scholars who have dedicated their lives to reading and studying nineteenth-century British fiction and the Victorian world. Each writes about a novel that has acquired personal relevance to them--a work that has become entwined with their own story, or that remains elusive or compelling for reasons hard to explain. These are essays in the original sense of the word, attempts: individual and experiential approaches to literary works that have subjective meanings beyond social facts. By reflecting on their own histories with novels taught, studied, researched, and re-experienced in different contexts over many years, the contributors reveal how an aesthetic object comes to inhabit our critical, pedagogical, and personal lives. By inviting scholars to share their experiences with a favorite novel without the pressure of an analytical agenda, the sociable essays in *My Victorian Novel* seek to restore some vitality to the act of literary criticism, and encourage other scholars to talk about the importance of reading in their lives and the stories that have enchanted and transformed them. The novels in this collection include: *Jane Eyre* by Charlotte Brontë *The Duke's Children* by Anthony Trollope *The Adventures of Sherlock Holmes* by Arthur Conan Doyle *The Newcomes* by William Makepeace Thackeray *Middlemarch* by George Eliot *Daniel Deronda* by George Eliot *The Return of the Native* by Thomas Hardy *Vanity Fair* by William Makepeace Thackeray *North and South* by Elizabeth Gaskell *Bleak House* by Charles Dickens *David Copperfield* by Charles Dickens *New Grub Street* by George Gissing *The Pickwick Papers* by Charles Dickens *Dracula* by Bram Stoker *Wuthering Heights* by Emily Brontë
