Strong and Free Lyndsay Doyle,2020-11-02 Adolescent girls are dropping out of sports at an alarming rate, despite having more opportunities than ever before. More than that, mainstream media coverage of women's sports has declined over the last twenty years, and currently accounts for less than 5 percent of the total. Is it possible that there's a connection between these dispiriting statistics? Is it possible that young girls would have a better chance of staying in sports if they could actually see the older equivalent of themselves more often? With *Strong and Free*, Lyndsay Doyle believes we have the power to change their lifestyle trajectories through photographs. Here is inspiration for Canadian female athletes, coaches, and officials in one collection, assembled in the hopes of expanding media coverage of female sports and encouraging young girls to enroll and stay involved. These photographs capture sporting women in all walks of life—all ages, all body types, from beginners to Olympians. These women share common traits that often transcend sports: determination, perseverance, dedication, patience, and responsibility for showing young girls how sport can benefit them. *Strong and Free* gives these incredible role models for young girls a powerful voice. Our girls are watching us. Our nieces, cousins, sisters, neighbours, daughters. If we don't show them what they're capable of, who will?

Free Spells that Work Dayanara Blue Star, 2015-03-28 For hundreds of years, pagans and witches have used spell casting as a means of changing their lives and expressing their spirituality. Learning to cast spells is an artful meditation, a valuable way to get in touch with your true desires, gain personal insight and magnetize the wealth of positivity that flows through the Earth and the spiritual plane. Your altar and spell casting tools provide a physical medium for the energy and intention manifested from the deepest part of your soul. Intention affects all of your actions, on both conscious and subconscious levels. You are a link in the chain of energy that flows within everything that exists. Everyone has the ability to channel this energy and use it in pursuit of their goals and desires. While this energy is extremely powerful, you need not be an experienced mage to conjure positivity through spiritual practice. You can cast effective spells using even the simplest tools, because the power comes from within yourself. Spell casting isn't the same as making a wish; it is planting the seeds of intention so that your desires may grow and flourish. Pagan tradition has long recognized that intuition, psychic energy, and motivation are elements of the mind that can be combined harmoniously and channeled together to achieve various goals. In mainstream circles, many people look toward the power of 'affirmations' to improve their life. While the language is different, it is quite similar to the methods Wiccans and other pagans have been using since the ancient times. By using spells, you're creating a dialogue with the flow of energy from all realms of the Universe. You can think of the results as a response to your communication, and these results may surprise you. Cast your spells with an open heart and an honest mind, and be as honest with yourself as possible. The spells listed in this book can be altered to suit your specific needs and desires, and it is always best to go with your intuition---go with what 'feels' most true to you. Spells do not work if you yourself do not believe what you're saying or doing, so make it meaningful. It is my pleasure to share my knowledge I've obtained through years of studying and practicing the craft. My spiritual journey is always evolving, and I cherish the ability to help others along with their journeys as well. The more you practice, the more in tune you will be with your own unique connection with the cosmic flow of energy that is the very pulse of Life. Use your creativity, keep an open mind, and the path toward whatever you are seeking will unfold before you, with new illuminations along the way. Love and light to all! Dayanara Blue Star

The Household (of the Detroit Free Press). May Perrin Goff, 1881

Run Free Teresa Ruiz, 2014 Being raised in the sixties and knowing I stuck out from my frizzy hair and reddish-brown skin, I kept to myself. My family was not the Brady Bunch family; we were surrounded by violence. My father would beat our mother so much, and we had to witness the beatings most of my lives. After my father was sent away and after several moves and feeling we would finally have a normal life without the violence, my father would come back in the family. At first it would be calm, but within months the violence would come back. We never lived in a home for more than a year, so friends were not there. I was a loner throughout my child life. I learned to fight for blood at the age of seven, and as a teenager, I hated living at home. I ran away so much; I felt safer sleeping in someone's closet or in their cars than at home. If my father was not there beating or harassing my family, my brothers were in opposite gangs, so there were drive-by shootings at our home. I would come home from school with my frizzy hair and skinny body, looking so awkward from the girls from school. I stayed to myself. On the way home from school, I would walk up the street and see lowrider cars and Harley-Davidson choppers and smell of marijuana coming from the garage. I stayed to myself. After all the violence at home and my mother going through all the beatings, I made a promise to myself that I would not let it happen to me. I dropped out of school at tenth grade and got my first job and my first date. We were opposite from each other, but the romance was there, although he spoke no English and I spoke not a word of Spanish. My father was against the relationship from the beginning, but I dated him despite what my father said. I moved out at seventeen and was asked to go to Mexico for the weekend. I was warned not to go by my mother, but I still did. (I should have listened.) I was held there for nine months. The first month was of my choice, but the next eight months were not. I was not allowed to leave the ranch. When I took a chance, I was chased down and beaten within an inch of my life. Once I escaped and went back to California, I found out I was pregnant and someone told the father of my baby. He showed up, and I was advised by my mother and his aunt that the baby needed a father. I had no choice but to try to make it work. But the violence got worse. I refused to be a victim of violence, so with the help of the women's shelter and the police department, I learned how to escape the violence and make a living for my children. I'm hoping this book reaches other domestic abuse victims to show that you can have a violence-free life. But like they told me in the shelter, you have to make it work, and once you're on your way, walk forward, not backward. The shelter led me away to a better life. One thing I will always remember was that when I was only nineteen with two children, they said once you're on your own, you're the parent. You had a chance to be a teenager and chose to be an adult to have children so young; your children are the priority. That made me think I need to be strong. I knew what that meant: responsibility. I also noticed that once I was on my own and had my own apartment with my children, it was calm. I had my children on a schedule, and I was on a budget. I did want to date like other girls my age, but it was too early. I would always want to find someone that needed to find somewhere to stay with me. Every time I would try to help someone, it turned out to disrupt my

home, so I decided that it's just my children and myself. Maybe I just did not trust anyone. I'm proud that I had the strength to pull through. I went back to high school and one year of college. Got out of the welfare system and started to raise my children violence-free. My nest is warm and full of songs and love. Sure, it's hard with bills, and I am always short with cash and have babies getting sick and cars breaking down and me losing a job and of course me gettin

Live Free or Die Ernest Hebert, 2021-08-03 The struggle between the rural working class and the upper crust intensifies in this turning-point novel of the Darby Chronicles as Freddy Elman, son of the town trash collector, and Lilith Salmon, daughter of a prestigious family, embark on their ill-fated love affair. Seeing Darby through new eyes, Freddy comes to realize that the kind of people who hunkered down among these tree-infested, rock-strewn hills is dying out, replaced by people with money, education, culture, people 'wise in the ways of the world.' As that world increasingly intervenes, the lovers' attempt to bridge the chasm that divides their class-alienated families inevitably collapses in Hebert's tragic tale that echoes Shakespeare's Romeo and Juliet. This is a book for anyone interested in local politics, privilege, and poverty, all embedded in a story of love and death in the woods and on the ledges of the Granite State.

Free Country Jeremy Duns, 2010-08-05 It is May 1969, and MI6 double agent Paul Dark stands alongside mourners at the funeral of Sir Colin Templeton; the former head of the organisation, the man he knew simply as 'Chief' -- and the man he killed in cold blood. Dark has got away with it, evading the attentions of both his fellow British spies and the KGB operatives to whom he long ago pledged loyalty. But that precarious security is about to be shattered, launching Dark back into the heart of an international conspiracy and making him a target for both exposure and assassination. Desperate to escape his predicament, Dark gambles everything on one last throw of the dice, exposing his Soviet handler to the British. But before long, he finds he has no choice but to go on the run again, taking him to the labyrinthine backstreets of Rome. The race is on to stop a deadly plot that dates back to the early years of the Cold War. The second part of the Paul Dark trilogy, and sequel to the critically acclaimed *Free Agent*, *Free Country* is another sweat-soaked Sixties-set spy thriller in the tradition of Len Deighton and Frederick Forsyth.
