

The End Of Faith

A. J. Polan

The End of Faith Sam Harris, 2004 Harris offers a vivid historical tour of mankind's willingness to suspend reason in favor of religious beliefs, even when those beliefs are used to justify harmful behavior and sometimes heinous crimes.

The End of Faith Sam Harris, 2004 A startling analysis of the clash of faith and reason in today's world, this historical tour of mankind's willingness to suspend reason in favor of religious beliefs, even when those beliefs are used to justify atrocities, asserts that in the shadow of weapons of mass destruction, we cannot expect to survive our religious differences indefinitely. Most controversially, argues that moderate lip service to religion only blinds us to the real perils of fundamentalism. Harris also draws on new evidence from neuroscience and insights from philosophy to explore spirituality as a biological, brain-based need, and invokes that need in taking a secular humanistic approach to solving the problems of this world.

The End of Certainty and the Beginning of Faith D. Brian Austin, 2000 Austin defines a vision for uniting the aims of science and Christian faith by examining the retreat from certainty that characterizes contemporary science and philosophy.

Summary: The End of Faith Businessnews Publishing, 2017-01-30

Sam Harris and the End of Faith Anab Whitehouse, 2018-09-02 This work is a critical exploration of a book by Sam Harris entitled 'The End of Faith: Religion, Terror and the Future of Reason'. While the book by Mr. Harris puts forth arguments that attempt to paint all spirituality and religion with broad strokes of derision, castigation, and rejection, Mr. Harris also reserves a great deal of space within his book for casting aspersions on Islam and Muslims. The present critical review examines the many errors, misunderstandings, and problems contained in the aforementioned work of Mr. Harris. This book - minus corrections, new formatting, and name change -- was previously published as: 'Sam Harris and the End of Faith: A Muslim's Critical Response'.

Lenin and the End of Politics A. J. Polan, 1984-01-01

The Ending of Mark and the Ends of God Donald Juel, Beverly Roberts Gaventa, Patrick D. Miller, 2005-01-01 Among his many contributions to New Testament studies, Donald Juel was perhaps best known for his treatment of the ending of Mark's

Gospel. He saw the open-endedness of Mark as powerfully unsettling for the reader who desires to tame and predict God's actions. In this series of essays, edited by Beverly Roberts Gaventa and Patrick Miller, theologians begin with Juel's own work and reflect on the unsettling in the context of their own work.

Summa Theologica, Volume 3 (Part II, Second Section) St Thomas Aquinas, 2013-01-01 The Summa Theologica is the best-known work of Italian philosopher, scholar, and Dominican friar SAINT THOMAS AQUINAS (1225-1274), widely considered the Catholic Church's greatest theologian. Famously consulted (immediately after the Bible) on religious questions at the Council of Trent, Aquinas's masterpiece has been considered a summary of official Church philosophy ever

since. Aquinas considers approximately 10,000 questions on Church doctrine covering the roles and nature of God, man, and Jesus, then lays out objections to Church teachings and systematically confronts each, using Biblical verses, theologians, and philosophers to bolster his arguments. In Volume III, Aquinas addresses: faith and heresy charity peace and war mercy, anger, and justice prayer truth and much more. This massive work of scholarship, spanning five volumes, addresses just about every possible query or argument that any believer or atheist could have, and remains essential, more than seven hundred years after it was written, for clergy, religious historians, and serious students of Catholic thought.

Finding Dignity at the End of Life Kathleen D. Benton, Renzo Pegoraro, 2020-09-08 *Finding Dignity at the End of Life* discusses the need for palliative care as a human right and explores a whole-person methodology for use in treatment. The book examines the concept of palliative care as a holistic human right from the perspective of multiple aspects of faith, ideology, culture, and nationality. Integrating a humanities-based approach, chapters provide detailed discussions of spirituality, suffering, and healing from scholars from around the world. Within each chapter, the authors address a different cultural and religious focus by examining how this topic relates to questions of inherent dignity, both ethically and theologically, and how different spiritual lenses may inform our interpretation of medical outcomes. Mental health practitioners, allied professionals, and theologians will find this a useful and reflective guide to palliative care and its connection to faith, spirituality, and culture.

Music in Medieval Rituals for the End of Life Elaine Stratton Hild, 2023-12-15 For centuries of European history,

singing for a person at the moment of death was considered to be the ideal accompaniment to a life's ending. In *Music in Medieval Rituals for the End of Life*, author Elaine Stratton Hild examines and recovers the chants sung for the dying during the Middle Ages, beginning in the late eighth century. Along with the first editions of these melodies, she offers considerations of the functions that music played within the deathbed rituals, arguing that the chants served as vehicles with which communities offered comfort to a dying person. The book presents close readings of rituals from diverse communities, each as they appear in a single source. The rituals' chants are transcribed into modern notation and analyzed, both for their text-music relationships and for their functions within the rituals. Hild shows that within the widespread practice, local versions of the liturgies--along with their chant repertoires--remained unstandardized throughout the Middle Ages. Yet some commonalities are evident among these varied local practices. One is the use of song. Beginning in the ninth century, sources most often prescribe chant, not the Eucharist, for the final moments of life. Another commonality is the positive depiction of the afterlife conveyed by the chants. Created for the powerful and the poor, the educated and the uneducated, women and men, monastics, clerics, and laity, these manuscripts offer a glimpse into the religious practices that distinguished communities from one another and also bound them together within a single tradition.
