**Gestione delle raccolte e cooperazione nella biblioteca ibrida** Nicola Benvenuti,Rossana Morriello,2006 This volume contains the proceedings of the Conference on the Management of collections and co-operation in the hybrid library, which was organised in Florence on 13 October 2005 by the Italian Libraries Association (Tuscan Section and University and Research Committee). The contributions are dedicated in particular to grasping the opportunities and adaptations generated by Internet and the possibility of disseminating electronic documents, both in the development of the collections and the planning of services and in the study of new forms of communication between institutions.

**History of Universities** Mordechai Feingold,2007-09-13 Volume XXII/1 of History of Universities contains the customary mix of learned articles, book reviews, conference reports, and bibliographical information, which makes this publication such an indispensable tool for the historian of higher education. Its contributions range widely geographically, chronologically, and in subject-matter. The volume is, as always, a lively combination of original research and invaluable reference material.

*L'«anima cristiana» della contestazione* Maria Bocci,2020-11-24 La storia della gioventù cattolica durante i lunghi anni Sessanta è indispensabile per capire la contestazione studentesca. All'origine della solidarietà generazionale e della sollevazione simultanea dei ragazzi del Sessantotto ci sono infatti tensioni ideali pregnanti e capaci di creare orizzonti comuni di senso, tanto più presenti nelle fasce della popolazione giovanile collegate al mondo cattolico. Questa è la storia di una delle avanguardie più notevoli del Sessantotto italiano, gli studenti dell'Università Cattolica. Il volume ne segue le prospettive ideologiche e le dinamiche di sviluppo tra anni Cinquanta e Sessanta, grazie a un notevole apparato di documenti editi e inediti che permette una ricostruzione puntuale e complessiva degli eventi, suggerendo chiavi interpretative utili per capire come e perché i ragazzi dell'ateneo del Sacro Cuore hanno anticipato i tempi e hanno fornito reperti avanzati che nel '68 si sono collocati in prima linea.
