Presidential Sheet Music Danny O. Crew, 2001-01-01 Political historians have traditionally interpreted the people and events of each presidential era by studying books, periodicals, letters, diaries and speeches. One source of printed material that has not received much scholarly attention is published music, much of which has been all but lost in the archives of libraries and museums. These two volumes of *Presidential Sheet Music* present an exhaustive listing of presidential-related music in all printed forms, with information on each piece.

Disney Theatrical Productions Amy Osatinski, 2019-02-07 *Disney Theatrical Productions: Producing Broadway Musicals* the Disney Way is the first work of scholarship to comprehensively examine the history and production practices of Disney Theatrical Productions (DTP), the theatrical producing arm of the studio branch of the Walt Disney Corporation. This book uncovers how DTP has forged a new model for producing large-scale musicals on Broadway by functioning as an independent theatrical producer under the umbrella of a large entertainment corporation. Case studies of three productions (*The Lion King*, *Tarzan*, and *Newsies*) demonstrate the flexibility and ingenuity of DTP, and showcase the various production models that the company has employed over the years. Exploring topics such as the history of DTP, its impact on the revitalization of Times Square, and its ability to open up a new audience base for Broadway theatre, this volume examines the impact that DTP has had on American musicals, both domestically and internationally, and how its accomplishments have helped reshape the Broadway landscape. This book is relevant to students in Musical Theatre, History of Musical Theatre, Theatre History, and Arts Management courses, along with general Disney enthusiasts.
