Theodore Lyons

Hiring the Heavens Jean Slatter, 2005 While written in a lighthearted style, this book is based on the serious concept that everyone is part of God and that, like parents, God expects everyone at some point to grow up spiritually and take charge, and that the heavens will support the process if called upon.

Finding Your Lost Child Ynge Ljung, 2019-02-05 Finding Your Lost Child teaches parents how to help children on the autism spectrum (A-spectrum) become more harmonious and happier by living allergy-free! In the last 20+ years, A-Spectrum children have increased in unexplainable numbers. As a result, more and more parents must learn how to incorporate them into society, by helping their children and by educating the general population. For parents of children on the A-spectrum who want to learn how to help their child become healthier, have fewer temper tantrums, and have less cravings for sugars and detrimental foods, Finding Your Lost Child shows parents how to have a healthy and happy family by changing their lifestyle and learning how to alleviate—and even eliminate—allergies. Ynge Ljung's guide outlines how doing so causes the whole family to feel and act better—even seeing progress in as little as two weeks. Ynge teaches parents: How

to eliminate allergies in their own home The benefits of a healthy lifestyle How to shop at the grocery store and how to really read food labels What pro and pre-biotics really are A different approach to communication with their non-verbal child Not only do parents learn how to help children on the A-spectrum, but the whole family benefits from living a harmonious, allergy-free life!

Messengers of Love, Light & Grace Terry Lynn Taylor, 2011-02-08 Time and time again as humans we box ourselves into corners, lose sight of the important things, and fail to heed the creative and intuitive voices that offer us assistance. According to Terry Lynn Taylor, one of the best-known and well-recognized experts on angels, it is in such moments that we should turn to angels. They are always there to help. All we have to do is ask. In her new book, *Messengers of Love, Light and Grace*, Terry explains how to recognize and access the angels in our lives. She offers a creative approach for having our wants and needs met by calling on our angels to work their magic. According to Terry, this process is far more than angels simply answering our prayers. Rather, they guide us in the right direction through intuitive communications that allow us to generate the answers to our questions and problems ourselves.

Nine Simple Laws to Create Joy and Grace Aaron L. Singleton, Sue Hanks Singleton, 2013-03-27 Sue Hanks Singleton's near-death experience provided her with an invaluable vision about the big picture and how the universe works. In *Nine Simple Laws to Create Joy and Grace*, she shares a treasure trove of wisdom on reclaiming and using the spiritual underpinnings of the universal laws to create a more conscious, fulfilled, and dynamic life. Sue and her husband and coauthor, Aaron L. Singleton, reveal which universal laws are the architects with blueprints; which laws are the reliable builders and carpenters who carry out the architectural plans; and which laws provide the infrastructure, much like electricians and plumbers, to build your path to happiness. With a chapter dedicated to each law, this guide includes descriptions, examples, quotations, and artwork. This is followed by exercises to enhance your understanding of the law and to practice it on your own, a daily affirmation for each law to help you focus, and Stone Play Crystal Layouts for each law.

Intentionally written with many layers of understanding, *Nine Simple Laws to Create Joy and Grace* helps you discover the timeless and joyful wisdom of living in cooperation with the heightened awareness of the nine universal laws. Learn to begin anew and to manifest joy and grace in your life.

The Outsourced Self Arlie Russell Hochschild, 2012-05-08 From the famed author of the bestselling *The Second Shift* and *The Time Bind*, a pathbreaking look at the transformation of private life in our for-profit world The family has long been a haven in a heartless world, the one place immune to market forces and economic calculations, where the personal, the private, and the emotional hold sway. Yet as Arlie Russell Hochschild shows in *The Outsourced Self*, that is no longer the case: everything that was once part of private life—love, friendship, child rearing—is being transformed into packaged expertise to be sold back to confused, harried Americans. Drawing on hundreds of interviews and original research, Hochschild follows the incursions of the market into every stage of intimate life. From dating services that train you to be the CEO of your love life to wedding planners who create a couple's personal narrative; from nameologists (who help you name your child) to wantologists (who help you name your goals); from commercial surrogate farms in India to hired mourners who will scatter your loved one's ashes in the ocean of your choice—Hochschild reveals a world in which the most intuitive and emotional of human acts have become work for hire. Sharp and clear-eyed, Hochschild is full of sympathy for overstressed, outsourcing Americans, even as she warns of the market's threat to the personal realm they are striving so hard to preserve.

A Guide to Angel Communication and Spiritual Laws Nancy Yearout, 2024-11-26 This book was written to inspire humanity to connect back to Spirit/God and the Angelic Realm. We are energetic souls having a human experience, but we have lost our connection to source energy and our friends the Angels. The Divine spark lives within all of us, and to ignite that spark we need to connect to the heavenly realms of source energy and the natural forces of Mother Earth. These are the connections that bring the energy of joy, peace, harmony, and love into our lives. Within this book, you will learn how to connect to Spirit/God and to your Guardian Angel. You will also discover the Universal Laws that will strengthen this bond. My hope is that all of humanity connect with this Divine energy to bring love to each other and our planet.

Mastering Life's Energies Maria Nemeth, 2007 Everyone has had luminous moments in their lives. It's the a-ha moment when one experiences the beauty and grace of life, whether it be when looking into the eyes of a newborn child or watching the sun set over the ocean. But those moments are usually too brief. Too often, people walk around in a fog, feeling vaguely frustrated, resigned, and cynical and asking all the wrong questions about how to make life better. They miss the purpose for

being alive: to wake up and become oneself, to allow others to contribute to them and to, in turn, contribute their gifts to the world. This book gives readers specific methods for allowing luminosity into their lives on a consistent basis, allowing them to view the world with much younger, more vibrant eyes.
