Joseph Holbrooke Paul Watt, Anne-Marie Forbes, 2014-12-23 This is the first scholarly work to document the musical life of Joseph Holbrooke, one of Britain's most prolific and controversial composers during the first half of the twentieth century. Holbrooke was outspoken on many issues, including the maligned fortunes of British composers, which he believed were brought about by apathy and indifference on the part of critics and the public. Despite doubts in various quarters over Holbrooke's ability to forge a unique compositional idiom, many of his works were performed to critical acclaim in Britain, Europe, and the United States. Today, Holbrooke's music is increasingly enjoyed and recorded. *Joseph Holbrooke: Composer, Critic, and Musical Patriot* opens with a biographical overview of Holbrooke that concentrates on his relationship with Granville Bantock and Wales and the role that Lord Howard de Walden played in Holbrooke's work and development. Contributors offer studies of a selection of repertory by Holbrooke, including his chamber music, the operas *Pierrot* and *Pierrette* and *The Enchanted Garden*, and his tone poem "The Raven." The final chapter describes Holbrooke's patriotism by examining his book *Contemporary British Composers*, which was published in 1925. Included is an appendix that provides the first comprehensive and corrected list of Holbrooke's compositions. This book will interest not only musicologists, musicians and listeners interested in the repertory of the British classical music tradition but also scholars and general readers interested in the ways Celticism, poetic inspiration, and nationalist ideology were expressed in the work of classical composers in the early twentieth century.

The Death of a Child Peter Stanford, 2011-05-26 The Death of a Child is a collection of a dozen essays in which parents and siblings tell their own stories of losing a child, brother or sister, and of how they have coped with bereavement and grief. Their experiences range from the earliest losses - actress and author Carol Drinkwater's miscarriages, Irish writer Catherine Dunne's still-birth and the death of Sarah Brown's daughter Jennifer at ten days old - right up to campaigner Augusto Odone losing his severely disabled son, Lorenzo, the day after his 30th birthday, or novelist Wendy Perriam coping with the death of her daughter, Pauline, when she was 43. The essays reflect the different causes of bereavement - illness (brief and long-term), accident, and malice. The collection ends with a reflection by the celebrated psychotherapist, Dorothy Rowe, on surviving the loss of a child, and a glossary of useful organisations.

The Harmony of the Soul: Sigfrid Karg-Elert's Letters "To His Australian Friends" Harold Fabrikant, 2010 Sigfrid Karg-Elert was an important composer in the first decades of the 20th century. He was however largely ignored as a composer in his native Germany until the 1960s, but it was the English-speaking world which 'discovered' him in the early 1900s and realised that he was one of the most important organ-composers of his era. Arthur Nickson was a leading Australian-born musician, initially trained in Melbourne, and later in London. This book contains the letters from a bilateral correspondence, which started cautiously, formally, in 1913; it was interrupted by the Great War but recommenced in 1923. Nickson shared these letters with few others. Many had no idea of their content until the collection was published for the first time, solely in an English translation, in 1996. This is now the second edition of that same work, in which some translations are revised, more extensive annotations provided, and the entire original German text reproduced.

Accessible Orchestral Repertoire Daniel Chetel, 2020-06-15 Accessible Orchestral Repertoire is a reference volume for conductors who lead non-professional symphonic orchestras, offering practical and insightful commentary on music appropriate for intermediate and advanced youth, community, and collegiate orchestras. Modeled on and complimentary to Daniels' Orchestral Music, it is a repertoire and programming resource for youth, academic, and community orchestras. The works included in this book are a combination of well-known warhorses and lesser known gems—clear favorites for young or amateur players and as well as more challenging pieces. Functioning like an annotated bibliography, entries on individual works include information about the composer, instrumentation, movement length, and publisher. Each entry also features notes regarding the particular pedagogical, stylistic, logistical, and technical strengths and challenges of the specific work. Accessible Orchestral Repertoire will help every conductor in the process of selecting repertoire that will both feature and enrich any individual non-professional ensemble for which thoughtful and strategic programming is required.
