Andrew M. Drozd

For the Love of Dogs Kate May, 2017-06-08 To sit with a dog on a hillside on a glorious afternoon is to be back in Eden. Milan Kundera There is no love like that between a dog and its owner. Far above and beyond their well-documented loyalty and loving nature, the people who really know dogs love them all the more for their individual quirks and personalities - the funny sideways look they give you when they hear the jangle of their lead and realise it's time for walkies, the face-lick when you're sad, the way they will chase a feather or a glimmer of light and yet won't fetch the balls you throw... Packed with fascinating facts and trivia, heart-warming stories and inspiring quotes, *For the Love of Dogs* is perfect for anyone who values the trusty companionship of their favourite hound.

Clever Dog: Life Lessons From the World's Most Successful Animal Ryan O'meara, 2011-06-15 Review Looks at the skills and talents that dogs have utilised over thousands of years to become the most successful domestic animal of all - a master survivor! - *Dogs Today* Book Description The dog is undeniably the most successful domestic animal of all time. He shares his life with ours, has integrated into our society, and won the hearts and minds of millions of us. We call ourselves dog lovers because we do sincerely love them: they are fully-fledged members of our family, and we have elevated them to positions of authority in the human world. Assistance dogs, protection dogs, detection dogs, companion dogs ... they all enhance our lives immeasurably. In this book we will examine a whole raft of canine skills and talents, and try to piece together how and why the dog has enjoyed such immense success as a domesticated animal. We will look at the dog as a problem solver, conflict resolver, and health asset and as a decision maker and hero. Also, he is a loyal and trusted friend. *Clever Dog!* is a compendium of life lessons we can learn from our dogs, based on a combination of what we know about them and - indeed - what we think we might know about them. He's earned his epithet 'Man's best friend.' in this book, our aim is to examine how he did it and how we might emulate his talents in order to enjoy the same fortune and fulfillment in our lives. Be happy and successful: learn from the best!

Semantics, Culture, and Cognition Anna Wierzbicka, 1992-10-22 Not everything that can be said in one language can be said in another. The lexicons of different languages seem to suggest different conceptual universes. Investigating cultures from a universal, language-independent perspective, this book rejects analytical tools derived from the English language and Anglo culture and proposes instead a natural semantic metalanguage formulated in English words but based on lexical universals. The outcome of two and a half decades of research, the metalanguage is made up of universal semantic primitives in terms of which all meanings—including the most culture-specific ones—can be described and compared in a precise and illuminating way. Integrating insights from linguistics, cultural anthropology, and cognitive psychology, and written in simple, non-technical language, Semantics, Culture, and Cognition is accessible not only to scholars and students, but also to the general reader interested in semantics and the relationship between language and culture.

Modern Czech Literature: Writing in Times of Political Trauma Andrew M. Drozd, 2025-05-20 Modern Czech culture has experienced a series of political traumas starting in the 1930s. Despite the difficult, shifting conditions, Czech writers have not only managed to contend with the situation, but have produced many fine literary efforts. This volume consists of seven articles by an international team of authors who are specialists in Czech literature. The first four chapters treat very well-known writers. There is one chapter on Karel Čapek and his play The White Plague. There are three chapters on Milan Kundera, the internationally best-known Czech writer, with one of these chapters covering both Kundera and Bohumil Hrabal. The last three chapters deal with more recent and/or lesser-known writers. One chapter treats the Brothers Topol and the music underground, one chapter treats Czech literary responses to the period of the Normalization, and the final chapter treats Eda Kriseová. This volume presents new perspectives on Czech literature and will be of interest to specialists in Czech literature and history, Central European literature and history, Nazism and Communism. For example, although much has been written about Kundera, the three articles provide further treatments of three different aspects of his work: his ties to Russian literature, his misogyny, and the philosophical content of his novels. Specialists interested in the period of the

Normalization (and after) will find the last three chapters particularly useful. The chapters are suitable for classroom use in courses in both Czech literature and Czech (or Central European) history. All material from Czech-language sources presented in the chapters is given in English translation.

Wild Flock Susie Grade, 2018-03-20 Jesus spoke of the abundant life, but too many people come to faith in Christ and never experience it. Encountering the love and splendor of God in everyday life shouldn't be so hard, but sometimes it is. Too often we are trudging through life rather than soaring. Our souls long to live in freedom and joy, but often we are weighed down by shame, pressing responsibilities, and a far too busy life. Jesus tells us to consider the birds, the flowers, the bread and the wine. Seeing God's love and splendor is a daily spiritual practice that begins with opening our eyes. When God opens our eyes, everything changes.

Velázquez and The Surrender of Breda Anthony Bailey, 2011-11-08 Behind the famous painting by Diego Velázquez lies a rich story of the artist's life in art What began as propaganda art to celebrate a rare Spanish victory in the Eighty Years' War with Holland, The Surrender at Breda is today recognized as Velázquez's narrative masterpiece. Breda is packed with vivid military detail—whole armies are suggested on the huge canvas, twelve feet high and eleven feet wide. Unlike typical surrender scenes, there is neither a heroic victor on horseback nor a vanquished commander on his knees. Instead the rivals appear on foot almost as equals. The loser bends forward to offer the key and receives a chivalrous pat on his shoulder, as if to say: Fortune has favored me, but our roles might have been reversed. Anthony Bailey examines the paintings from which the artist arose, coaxing stories from them that flesh out a complete portrait of one of the world's major artists whose personal life has remained largely unknown.

Freedom in the Air Hamish Ross, 2007-11-12 “Deals with a little-known aspect of the war . . . alongside the moving story of one man's relationship with a very special animal.”—Sqn Ldr Paul Scott, *Spirit of the Air* This biography tells of the life of Václav Robert Bozděch, a Czech airman who escaped from the Nazi invasion, fought with the French and finally arrived in Britain to fly as an air-gunner with the RAF during World War II. He returned to his homeland after World War II but escaped back to the UK again when the communists gained control. Again he joined the RAF and rose to the rank of Warrant Officer. The unique part of this is that from his time in France, throughout World War II and until halfway through his second tour with the RAF, Bozděch was inseparable from his Alsatian dog, Antis, who became famous and was awarded a dog equivalent to the VC. Antis flew with his owner on many bomber raids, became the squadron mascot and was officially a serving RAF dog. He played an amazing part in the second escape from the Czech communist regime, when Bozděch was lucky to make it over the border to the US zone in Germany. “The main hero of the book is not Bozděch himself, but his Alsatian, Antis . . . This book makes clear the extent of wartime and post-war suffering endured by Czechs and others fulfilling their roles in the overall search for freedom.”—Aircraft Owner & Pilot “This absorbing account of flying in WWII is based on the inseparable

bond between man and dog. It is a moving story with humor and sadness. A Great Read that is Highly Recommended.”—Firetrench

Memory Ireland Oona Frawley, 2014-05-16 Recent years have seen cultural memory become a significant element in area studies and the humanities. Ireland, with its trauma-filled history and huge global diaspora, presents a fascinating subject for work in this vein. This series as a whole seeks to construct a landscape of cultural memory in Ireland, looking to map—through an examination of various historical moments, spaces, and cultural forms—the ways in which cultural memory shifts over time. Volume 3 focuses on the impact of trauma on cultural memory by considering two cruxes, the Famine and the Troubles, as formative to the study of Irish cultural memory. Topics include hunger strikes, monuments to the Famine, trauma and the politics of memory in the Irish peace process, and Ulster Loyalist battles in the twenty-first century. Gathering the work of leading scholars such as Graham Dawson, Richard Kearney, Margaret Kelleher, David Lloyd, and Joseph Valente, this collection is an essential contribution to the field of Irish studies.

Patrick Marber's Closer Graham Saunders, 2013-06-06 Closer emerged as one of the most successful plays of the 1990s, and one with a continuing afterlife through the academy award nominated film adaptation in 2004. Although the work of dramatists such as Sarah Kane and Mark Ravenhill initially attracted the most critical and academic attention, Patrick Marber's Closer had long West End and Broadway runs. The play has since gone on to repeat this success in over 30 other countries.

Quotes by Milan Kundera Lilith Regan, 2020-03-20 Two people in love, alone, isolated from the world, that's beautiful. You can't measure the mutual affection of two human beings by the number of words they exchange. Anyone whose goal is 'something higher' must expect someday to suffer vertigo. What is vertigo? Fear of falling? No, Vertigo is something other than fear of falling. It is the voice of the emptiness below us which tempts and lures us, it is the desire to fall, against which, terrified, we defend ourselves. When the heart speaks, the mind finds it indecent to object. Dogs are our link to paradise. They don't know evil or jealousy or discontent. To sit with a dog on a hillside on a glorious afternoon is to be back in Eden, where doing nothing was not boring--it was peace.

A Guided Tour Through the Museum of Communism Slavenka Drakulic, 2011-02-22 A wry, cutting deconstruction of

the Communist empire by one of Eastern Europe's exceptional authors. Called a perceptive and amusing social critic, with a wonderful eye for detail by The Washington Post, Slavenka Drakulic-a native of Croatia-has emerged as one of the most popular and respected critics of Communism to come out of the former Eastern Bloc. In *A Guided Tour Through the Museum of Communism*, she offers a eight-part exploration of Communism by way of an unusual cast of narrators, each from a different country, who reflect on the fall of Communism. Together they constitute an Orwellian send-up of absurdities during the final years of European Communism that showcase this author's tremendous talent.
