**Kanyayug** Oyindrila Basu,2019-03-25 She walked into the fire, and the world watched her with loaded eyes. Was she obeying her husband or punishing herself? What was her secret sin? She was an Asura queen. Her righteousness and devotion protected her sinful husband, but couldn't protect her virtue. But, did she give up? She was the young sister of the 'Devi' and the wife of the younger Ikshwaku prince, but what was her name? She is known as the deadliest demoness of all times but, where did she come from? Who are these women? What did they do? How did they live? These questions have been doing rounds through generations of oral tradition in Ramayana. But somehow, the various versions and retellings of the great epic have submerged these stories under the sand of cultural idealism. Lord Rama, the Maryadapurushottam, is what the abridged tales intended to establish and consolidate the foregrounds of Indian patriarchy with positivism. The women have played irreplaceable roles in the formation of the Ramayana, but their stories have always come in as subplots in the grandeur of heroism. Kanyayug, for the first time, unapologetically unearths the unsung stories of these women. Their plight, their pain, their emotions, their inner battles and deep-hidden secrets come to life through the creative ink of the author. This unique Literary fiction, while studying the exemplary Women in Ramayana, challenges old myths and reconstructs Devi, Asura, Apsara and Yaksha together, by bringing each one from the epic and unifying them in a single narrative.

*Connecting Africa and Asia* Yoichi Mine,2022-04-19 By 2100, more than 80 per cent of the world's population is expected to live in Afrasia (Africa and Asia). This book draws lessons from history, provides a new cognitive map of the world, and discusses multiple challenges global citizens will face in the age of Afrasia, an emerging macro-region. The centre of gravity of the world is shifting. Whether the world can manage a soft landing into sustainable equilibrium depends on the nature of the dialogue people in Africa and Asia will organise. The author argues that a state of equilibrium between the two is achievable, provided issues related to gender, employment, agriculture, human-nature relationships, and multicultural coexistence are simultaneously addressed. Can future Afrasia present itself as a community determined not to allow the return of predatory practice internally and externally? Will the fates of African and Asian peoples converge or diverge? How about the future relationships between Afrasia and the rest of the world? Exploring these questions using multiple disciplines, this book will be of interest to professional researchers and graduate students in IR and Afro-Asian relations, as well as Asian and African area studies, demography, geography, history, development economics, anthropology, language education, and religious studies. *Christ With Us* Warren Shipton,2016-12-13 What do you know about the Old Testament sanctuary and its fulfillment in Christ's ministry on earth and in heaven? Have you considered how the sanctuary sheds light on salvation, the nature of humanity, the law and the gospel, the judgment, Christian life and worship, the believer's assurance, or last-day events? Most Christians recognize that the spring festivals of Israel pointed to Jesus' death, resurrection and enthronement at the right hand of God, but they somehow miss the correlation of the fall festivals to Christ's heavenly ministry. In *Christ With Us*, Warren Shipton draws from the imagery and teachings of Hebrews, Revelation, and other New Testament passages (with help from scholarly sources and history) to shed light on the sanctuary as depicted in the books of Moses, the prophets and the Psalms. His aim is to assist the reader in better understanding and appreciating God's means of dealing with the sin problem through Jesus' sacrifice on earth and ministry as High Priest in heaven, revealing God's character of love, mercy and justice and the spiritual connections between the teachings of the sanctuary, the concept of the great controversy, and other major biblical teachings. The book is a primer for the newcomer to the topic of the sanctuary as well as a resource for the seasoned student. If you want to know more about Jesus and how the Old Testament sanctuary points forward to what He did for humankind in dying on the cross and what He continues to do for us in heaven as our High Priest, this book is for you.

**Primates in Fragments** Laura K. Marsh, Colin A. Chapman, 2013-09-07 This book is number two in a series for Primates in Fragments. In this volume, ten years after the first <http://www.springer.com/social+sciences/anthropology+%26+archaeology/book/978-0-306-47696-9>, we continue to address issues regarding primates within a fractured landscape. There are seven sections based on specific categories of primates in fragments. In the Introductory section, authors discuss the issues surrounding primates in remnant habitats as well as encourage discussion about what we mean by fragmentation on a landscape scale. In the Long-Term and Regional Studies section, authors present information on changes that have occurred during longer studies as well as changes that have occurred over regions. In the Landscape, Metapopulations and the Matrix section, authors cover topics from dry to moist forests, and from metapopulations to single species use of multiple fragments locations. In Feeding and Behavioral Ecology, authors take a closer look at the flexibility and responsiveness of primates in fragments in terms of their food choices, resource use, and behavioral changes. In Endemic, Endangered, and Nocturnal Primates authors uncover details involving critical primates living in major city centers to the heights of the Himalayas. In Genetics, Disease and Parasites authors cover topics including population viability, disease and parasite transmission between primates in fragments and humans. Finally, in the Conservation and Ecology: Threats and Management section, we synthesize information in this volume and make recommendations for the future of work in this field and the survivability of primates in fragments.
