Helene A. Shugart

Heavy Helene A. Shugart, 2016-06-07 The current obesity epidemic has been at the top of the national and, increasingly, global public agenda for the last decade, the subject of extensive and intensive concern, scrutiny, and corrective efforts from various quarters. In the United States, much of this attention is predicated on the official discourse, or story, of obesity—that it is a matter of personal responsibility, specifically to the end of monitoring and ensuring appropriate caloric balance. However, even though it continues to have cultural presumption, that discourse does not resonate with the populace, which may explain why efforts of redress have been notoriously ineffective. In this book, Helene Shugart places obesity in cultural, political, and economic context, arguing that current anxieties regarding obesity reflect the contemporary crisis in neoliberalism, and that the failure of the official discourse of obesity mirrors the failure of neoliberalism more broadly: specifically, to account for authenticity, a powerfully resonant cultural concept today. She chronicles a number of competing discourses of obesity that have arisen in response to the failed official discourse, examining and evaluating each in relation to the idea of authenticity; assessing the practical and behavioral implications of each discourse for both obesity incidence and redress; and establishing the significance of each discourse for negotiating neoliberalism in crisis more broadly.

The Confident Woman Marjorie Hansen Shaevitz, 2012-01-04 How Confident Are You? Marjorie Hansen Shaevitz has won national awards for her work in women's health and has enjoyed the success some people only dream of: a prosperous professional life; a long, happy marriage; two Stanford-educated children; and a bestselling book, *The Superwoman Syndrome*, which coined a term for a generation of women. Despite all of her accomplishments, however, she struggled with the issue of confidence. After conducting extensive research, she found that she was far from alone: Many women experience the paradox of enjoying success in their business and personal lives while lacking confidence in themselves. *The Confident Woman* focuses on the issues that women face in growing up as girls in this society. Using a series of seven steps, complete with techniques and questions, Shaevitz presents an accessible and proven program that helps women regain their confidence. It is written for women of all ages, ending with an epilogue for mothers who want practical tips for raising

confident daughters. In clear, concise prose -- filled with anecdotes and humor -- The Confident Woman focuses on what women say they want: practical advice that they can use now.

The Confident Woman Devotional Joyce Meyer,2018-10-16 In this revised and expanded edition based on her #1 New York Times bestseller The Confident Woman, Joyce Meyer taps into concerns and issues that many women commonly experience -- lack of confidence, poor self-image, dysfunctional relationships -- and provides encouragement and practical wisdom to help resolve problems in those areas of life. God has created you to be confident, bold, and free -- free to be yourself, free from the need to compare yourself to others, and free to step into His destiny for your life. In today's busy, fast-paced world, it's easy to forget the need to slow down and live in the present, while holding on to personal baggage that's keeping you from being the woman God created you to be. But this powerful daily devotional, revised and expanded with new insights, inspirational quotes, and practical action items, will help you on your journey toward a confident life filled with love, laughter, and God's acceptance, one day at time.

Proceedings of 5th Borobudur International Symposium on Humanities and Social Science (BISHSS 2023)

Zulfikar Bagus Pambuko, Muji Setiyo, Chrisna Bagus Edhita Praja, Agus Setiawan, Fitriana Yuliastuti, Lintang Muliaiwanti, Veni Soraya Dewi, 2024-08-01 This is an open access book. In our rapidly evolving modern era, the intersection of green technology and digital society has shifted paradigm shifts across various facets of human life. The fusion of these two domains holds the potential to profoundly impact society's social aspects. Therefore, The 5th Borobudur International Symposium with the theme "Smart and Sustainable: The Synergy of Green Technology and Digital Society" is designed to delve into and celebrate the strong synergy between green technology and the digital society, specifically focusing on social sciences. The background of this conference reflects the significant tensions in modern society. On the one hand, we witness innovative strides in green technology to reduce negative environmental impacts and develop more sustainable systems. On the other hand, our society is becoming increasingly interconnected in a vast digital network, enabling unprecedented information exchange that influences social interactions, work, education, and many other aspects of daily life. As green technology and the digital society converge, new and crucial opportunities and challenges emerge in the social context. Through this International Conference, we hope to provide a platform for researchers, practitioners, and stakeholders to share knowledge, experiences, and innovative ideas to better understand how green technology and the digital society can collaborate to achieve smarter and more sustainable societies.

Women in Scholarly Publishing Anna Kristina Hultgren, Pejman Habibie, 2023-09-29 Women in Scholarly Publishing explores the under-researched topic of gender and scholarly publishing. While often considered separately, the relationship between gender and scholarly publishing has been neglected. Bringing together experts across applied linguistics, this book brings to the fore the challenges and opportunities faced by female academics in both Anglophone and non-Anglophone contexts as they participate in the production and dissemination of knowledge. Contributors show how female scholars' production and dissemination of knowledge intersect with gendered structures and disciplinary cultures in complex ways. The key strands of work that this volume seeks to bring together include essentialism in gender studies and alternative perspectives on how gender should be viewed and studied in knowledge production and dissemination; the specific ways in which the labour and conditions surrounding scholarly publication are gendered or perceived as gendered; the examination of discourses, texts and genres from a gender perspective; and the continuing gendered and gendering impacts on career trajectories of women academics. While women's barriers are documented across geopolitical contexts, the book also shows

how norms, policies and practices can be challenged and alternative futures imagined. The book will be of interest to researchers, practitioners, institutional decision-makers, writing mentors, early-career scholars and graduate students in a variety of fields.

Working for Change-- Liz Hayes,1990

Successful Professional Women of the Americas Betty Jane Punnett,2006-01-01 A fascinating, important study. . . Highly recommended. E. Hu-DeHart, Choice This accessible and original book relates the fascinating story of successful women across the Americas: women who are managers, business owners, university professors and administrators, doctors, lawyers and government ministers. Based on extensive research, including more than 1,100 surveys and 300 interviews of women from Argentina, Barbados, Brazil, Canada, Chile, Jamaica, Mexico, St Vincent and the Grenadines and the USA, the book aims to explain what these women have in common and how they differ. The workplace challenges and barriers to professional success faced by women are also analysed. Seeking to capture the voices of the women themselves, the authors also from a wide range of backgrounds and cultures across the Americas attempt to explain success in the face of personal, social, organizational, cultural and economic obstacles facing women everywhere. Successful Professional Women of the Americas will provide fascinating reading for academics, students and researchers focusing on gender studies or business and management. Professional women and managers worldwide will also find the book to be of great interest.

Coaching Women to Lead Averil Leimon,François Moscovici,Helen Goodier,2021-12-20 Ten years ago, the first edition of this book asked why there was such a low number of women filling leadership roles and outlined what it took for women to succeed in their careers. Since then, headline numbers have gone up but has there been real change? This new edition continues a deep investigation into underlying issues and coaching responses. Building on the first edition's original research with the London School of Economics, the authors revisit all assumptions, adding millennials and beyond, as well as a broader selection of industry sectors. In this book, you will find: How to build a business case for coaching women specific to your organisation. Which areas of coaching are the most useful at which stage of long careers – not just age. Refreshed interviews with past and new women leaders. Specific tools and techniques to develop women leaders and build more women-friendly organisations. The original research clearly stands, so do the core elements of coaching that lead to success. This book will be of great interest to coaches, women leaders, professional managers and academics.

Confidence Culture Shani Orgad,Rosalind Gill,2021-12-06 In *Confidence Culture*, Shani Orgad and Rosalind Gill argue that imperatives directed at women to “love your body” and “believe in yourself” imply that psychological blocks rather than entrenched social injustices hold women back. Interrogating the prominence of confidence in contemporary discourse about body image, workplace, relationships, motherhood, and international development, Orgad and Gill draw on Foucault's notion of technologies of self to demonstrate how “confidence culture” demands of women near-constant introspection and vigilance

in the service of self-improvement. They argue that while confidence messaging may feel good, it does not address structural and systemic oppression. Rather, confidence culture suggests that women—along with people of color, the disabled, and other marginalized groups—are responsible for their own conditions. Rejecting confidence culture’s remaking of feminism along individualistic and neoliberal lines, Orgad and Gill explore alternative articulations of feminism that go beyond the confidence imperative.

The Game Plan of Successful Career Sponsorship Jovina Ang, 2019-03-19 The Game Plan of Successful Career Sponsorship explores why it is so important for aspiring leaders, executives and organisations to engage in career sponsorship within the workplace. It illustrates why sponsorship matters more than ever in an era characterised by shifting and evolving career models.

Women's Voices and the Practice of Preaching Nancy Lammers Gross, 2017 Expert, practical help for women who preach or lead worship Many women preachers and worship leaders have trouble speaking; they struggle to fully use their physical voices. Maintaining that there is often a disconnect between the woman's self-understanding as a preacher and her own body, Nancy Lammers Gross presents not only techniques but also a theologically empowering paradigm shift to help women fully embody their God-given preaching vocations. Grounding her work in the biblical story of Miriam, Gross begins with a discussion of how women are instrumental in the work of God. She then tells stories, including her own, of women's experiences in losing connection to their bodies and their physical voices. Finally, Gross presents a constructive resolution with exercises for discovering and developing a full-body voice.

Woman of Confidence Pam Farrel, 2001 In this book Pam Farrel focuses on sixteen winning words that can focus the hearts and minds of women in leadership roles in the work world or the church.

Young Bisexual Womens Experiences in Secondary Schools Mary-Anne McAllum, 2017-09-11 Emerging from a case study in secondary schools, this book explores young bisexual women’s notions of bisexuality through their own sense of self-identification and how they express their personal beliefs. McAllum sheds light on the presence and practices of bisexual misrecognition and bi-misogyny in school settings, and draws out the implications of this bias on bisexual women. Incorporating women’s own spoken and written anecdotes, this book reveals hidden narratives and helps boost awareness about the social and learning needs of young bisexual women.

Women and ICT in Africa and the Middle East Doctor Anne Webb, Doctor Ineke Buskens, 2014-10-09 What is the link between information communication technology and women's empowerment in today's development context? How can ICT facilitate the pursuit of a better world? Exploring the rich complexity of the contexts in which they live and work, the authors of Women and ICT in Africa and the Middle East offer a multitude of perspectives and experiences, avoiding simplistic answers and solutions. Based on analyses from twenty-one research teams in fourteen countries, this much-needed, human-

centred contribution to the fields of gender, development and information communication technology questions, demonstrates and suggests what it takes to wield the emancipatory potential of ICT.
