A Second Chance Series Kyle Hunter, 2022-06-06 In A Second Chance Series, you'll meet Marissa, Julia, Sydney, and Eden, four college friends who, twenty-five years later, renew their friendships as they find themselves empty nesters and single again. You'll love getting to know these women as a group and individually, as you follow each one in her own book. You'll join each woman in her challenges, triumphs, love stories, and even secrets. Marissa Rewritten (A Novella: Book 1) Author Marissa Thompson has had writer's block since her husband died almost two years earlier. Both her career and her historic Raleigh home hang by a thread. Prodded by desperation, she heads to Wilmington, North Carolina for a Civil War research trip, hoping for inspiration for a new historical series. Everything begins as planned until she encounters a man with common ground and a quest of his own. Julia Redesigned (Second Chance Series Book 2) Following the death of her mother, Julia De Luca discovers decades-old letters from distant relatives in Italy—the only family she has left on earth. Could the letters hold clues to why those relationships ended abruptly when she was ten years old? She longs to reconnect with her family, but how can she after nearly four decades? Her compelling desire to locate them leads Julia on an impulsive trip to Florence, Italy. There she discovers love and the challenges of a renewed Italian family. Sydney Rewound (Second Chance Series Book 3) Sydney Bennett is a frazzled high-school teacher and a single parent of a teenager. Her life is anything but calm, but one ordinary day, an unexpected incident triggers the memory of a past secret even her closest girlfriends don't know. Her quest for closure leads her back to her hometown for the summer. She never expects to run into the man who broke her teenage heart decades earlier, nor the power of grace and new beginnings. Eden Redefined (Second Chance Series Book 4) Eden Godfrey has been a widow too long. Or so her friends tell her. Her brief stint with online dating didn't end so well. Eden turns her attention to a more pressing objective. Having sold the family business, she wants to find a bigger story where she can help people in need. To accomplish this, she returns to college to complete her degree. Along with stumbling across the man she regretted pushing away, she discovers a suspicious scheme that threatens to derail her dreams once again. Get all 4 books in one eBook, the whole series!

**The Second Continuum: Book One of the Collective Cosmos Series** Dave Stanson, 2018-10-30 Jim Mulligan is about to find out that the reality of a do-over is vastly more complex than he ever imagined. Waking up from a car accident that

should have killed him, he finds himself uninjured in his seventeen-year-old body, in the 1980's. Seeking to rewrite his failed life, he is frequently thwarted by diversions, temporal paradoxes and his own character flaws. The Second Continuum is a story of one man's second chance, the rewards and pitfalls of taking the other road, the weakness of moral relativism and the profound consequences of indulging personal desires with a gift meant to be used for the greater good. It asks the question what-if and shows that even attempts at doing right can go terribly wrong. A story of the practical challenges of involuntary time-travel: the inter-connectedness of every choice in life, how certain events shape a person, and how memory conflicts with fact.

Handbook of Social Justice Interventions in Education Carol A. Mullen,2021-08-27 The Handbook of Social Justice Interventions in Education features interventions in social justice within education and leadership, from early years to higher education and in mainstream and alternative, formal and informal settings. Researchers from across academic disciplines and different countries describe implementable social justice work underway in learning environments—organizations, programs, classrooms, communities, etc. Robust, dynamic, and emergent theory-informed applications in real-world places make known the applied knowledge base in social justice, and its empirical, ideological, and advocacy orientations. A multiplicity of social justice-oriented lenses, policies, strategies, and tools is represented in this Handbook, along with qualitative and quantitative methodologies. Alternative and conventional approaches alike advance knowledge and educational and social utility. To cover the field comprehensively the subject (i.e., social justice education and leadership) is subdivided into four sections. Part 1 (background) provides a general background of current social justice literature. Part II (schools) addresses interventions and explorations in preK-12 schools. Part III (education) covers undergraduate and

graduate education and preservice teacher programs, classrooms, and curricula, in addition to teacher and student leadership in schools. Part IV (leadership) features educational leadership and higher education leadership domains, from organizational change efforts to preservice leader preparation programs, classrooms, etc. Part V (comparative) offers interventions and explorations of societies, cultures, and nations. Assembling this unique material in one place by a leading cast will enable readers easy access to the latest research-informed interventionist practices on a timely topic. They can build on this work that takes the promise of social justice to the next level for changing global learning environments and workplaces.

**The Complete Off-Campus Series Set** Elle Kennedy,2023-11-21 \*A limited collector's bundle with illustrated covers and blue sprayed edges on the first print run.\* New York Times bestselling author Elle Kennedy brings her signature angst, humor, and spice to the icy-hot Off Campus books. The series follows a house of hockey-playing college roommates and the women who knock them off their pedestals, teaching them that love is worth more than any game-scoring goal. *The Deal* Hannah Wells might be confident, but she's carting around a full set of baggage when it comes to sex and seduction. If she wants to get her crush's attention, she'll have to step out of her comfort zone...even if it means tutoring the annoying, childish, cocky captain of the hockey team, Garrett Graham, in exchange for a public pretend date. But when one unexpected kiss leads to the wildest sex of their lives, it doesn't take long for Garrett to realize that pretend isn't going to cut it. *The Mistake* For college hockey star John Logan, life is a parade of parties and hook-ups, but behind his killer grins hides growing despair about the dead-end road he'll be forced to walk after graduation. A sexy encounter with freshman Grace Ivers is just the distraction he needs, but when a thoughtless mistake pushes her away, Logan plans to spend his final year proving to her that he's worth a second chance. But this time around, she'll be the one in the driver's seat...and she plans on driving him wild. *The Score* Wild rebound sex after a breakup is definitely not the solution to Allie Hayes's problems, but gorgeous hockey star Dean Di Laurentis is impossible to resist. Just once, though, because even if her future is uncertain, it sure as hell won't include the king of one-night stands. Dean has never met a woman who's immune to his charms...until Allie. For one night, the feisty blonde rocked his entire world--and now she wants to be friends? Nope. It's not over until he says it's over. *The Goal* College senior Sabrina James has her whole future planned out: graduate from college, kick butt in law school, and land a high-paying job at a cutthroat firm. Her path to escaping her shameful past certainly doesn't include a gorgeous hockey player who believes in love at first sight. One night of sizzling heat and surprising tenderness is all she's willing to give John Tucker...but sometimes, one night is all it takes for your entire life to change. *The Legacy Four* stories. Four couples. Three years of real life after graduation... A wedding. A proposal. An elopement. And a surprise pregnancy. Can you

guess which Off Campus couple is which?

**Proximity in Design Research** Rita Assoreira Almendra,2025-02-10 Proximity in Design Research explores four constituents of design: people, processes, products and philosophy, and their potential to bridge contemporary gaps through multilevel synergies. The book brings together a variety of design approaches on several scales developed in the collaboration of different agencies and within diverse contexts. Proximity prompts us to explore the challenges and opportunities for research in design, with the widening and closing of distances in unpredictable times such as those during

the COVID-19 pandemic. Despite the social distance imposed during this unprecedented global health scenario, researchers and professionals across different areas of knowledge have engaged in an extraordinary interdisciplinary and transdisciplinary global cooperation. This reinvented proximity enhanced the ability to cross fields, remove boundaries to collaboration between disciplines and accelerate processes towards an overarching goal: to overcome adversity. This edited collection reflects on what designers have taken from this experience so far and the possibilities that are foreseen as the concept of proximity is redefined. This book offers critical knowledge related to both design practice and design theory. It will be of interest to researchers, teachers and students working in the design disciplines.
