**Henry Hart**

**To the White Sea** James Dickey, 1994 Presents the tale of an American pilot shot down during the firebombing raid on Tokyo near the end of World War II, whose escape becomes a violent journey of self-exploration.

The One Voice of James Dickey James Dickey, 2005 The second volume of the letters and life of James Dickey. This volume chronicles Dickey's career from the publication of *Deliverance* through his poetic experimentation in *The Eye Beaters*, *Blood, Victory*, *Madness*, *Buckhead* and *Mercy* and *Puella*. Includes correspondence with Saul Bellow, Arthur Schlesinger, and Robert Penn Warren--Provided by publisher.

*Reading, Learning, Teaching James Dickey* William B. Thesing, 2009 William B. Thesing, James Dickey's colleague at the University of South Carolina for twenty years, has a unique and complex perspective on the life and writing of this great twentieth-century American author. Dickey offers readers, students, and teachers a variety of energized and imaginative texts, and Thesing provides original and perceptive readings of his life and his novels as well as his most popular poems about animals in nature, man in nature, social and sexual relationships, women, and civilian and wartime death. This is the only introductory teaching/study guide available on Dickey's poems and novels. Chapters are conveniently organized around essential thematic categories. The author employs various modern critical approaches - from feminist criticism to deconstruction - to the poems and novels. The book will be useful in college or high school courses on Southern literature, American poetry, and twentieth-century literature.

**Elements** Casey Clabough, 2002 *Elements: The Novels of James Dickey* draws upon previously undiscussed manuscripts and notes to articulate Dickey's fictional vision as it appears in his three published novels, while also examining his early unpublished fiction and post *Deliverance* screenplays. The book's thesis follows Dickey's philosophical and verbal theory for his published fiction (the practice of merging), illustrating the multifaceted and layered manner in which it functions, encompassing protagonist and environment and reader and text. Just as Ed Gentry, Joel Cahill, and Muldrow assume the essence of their respective environments, the reader is subtly asked to become a part of the text while retaining cognitive independence to blend in the place you're in, but with a mind to do something (*To the White Sea* 273). Having explored the connective qualities of Dickey's published novels, the book's final chapter turns to a summary of Dickey's unpublished and largely unknown fiction. Discussing a novel manuscript, four short stories, three screenplays, and five screenplay prospecti,

the chapter seeks to summarize these heretofore undiscussed works while also tracing their similarities with the published texts.

**James Dickey Newsletter**, 2006

*James Dickey* Henry Hart, 2001-09-08 A fascinating biography of one of the most popular, colorful, and notorious American poets of our century. The legendary Southern poet James Dickey never shied away from cultivating a heroic mystique. Like Norman Mailer and Ernest Hemingway, he earned a reputation as a sportsman, boozier, war hero, and womanizer as well as a great poet, novelist, screenwriter, and essayist. But James Dickey made lying both a literary strategy and a protective camouflage; even his family and closest friends failed to distinguish between the mythical James Dickey and the actual man. Henry Hart sees lying as the central theme to Dickey's life; and in this authoritative, immensely entertaining biography he delves deep behind Dickey's many masks. Letters, anecdotes, tall tales and true ones, as well as the reluctant but finally candid cooperation of Dickey himself animate Hart's narration of a remarkable life. Readers of Dickey's National Book Award-winning poetry, his bestselling novel *Deliverance*, and anyone who witnessed his electrifying readings of his work will savor this book.

**Clairvoyant with Hunger** Laurence Lieberman, 2017-07-23 The book leads off with fourteen short essays on poems from James Dickey's last book, *The Eagle's Mile*, twelve short essays on James Wright's best prose poems, a long essay on Dickey's third novel, *To the White Sea*, a long essay on W. S. Merwin's 320 page poem, *The Folding Cliffs*, an essay on the major Iraqi poet Dunya Mikhail, a familiar essay on the Japanese poet Ryuichi Tamura, whose work Lieberman translated for publication during his fellowship year in Japan (1971-1972), an essay on four poets for Stephen Bert's anthology on Marianne Moore,

Theodore Roethke, D. H. Lawrence, and Hart Crane; a long essay on the work of poet David Bottoms; and Lieberman's own interview for a special feature of his work in *Fifth Wednesday Journal* in Chicago, Spring 2014. The essays range in location from Chicago to Atlanta, Iraq, and Japan. In prose free of either jargon or agenda, Lieberman reads and illuminates our poetries according to one pure clear criterion: excellence. I know of no other critic who could so wonderfully combine negative capability and passion in order to create such generous insight. —Donald Revell, Poetry editor, *The Colorado Review* I believe the best of Lieberman's essays equal Stevens' most shattering and inspiring prose: we understand reality as well as literature with a more humane sense of what we are, which is how revelations of empathetic intelligence, rare as they are, function for us. —Stephen Berg, founding editor of *The American Poetry Review* Laurence Lieberman, himself an excellent poet, is one of the most intelligent and perceptive critics of poetry to be found today. His studies of contemporary poets are extraordinary feats of imaginative mediation. Immersing himself totally in the fullness of the work, giving himself to it with a receptiveness and sensitivity that are almost uncanny, he attains understanding in depth—and from the vantage point of an inner identification explains, clarifies, connects. He is just about the best reader a poet can hope for, and through his criticism he shares his great gift with others. —Frederick Morgan, founding editor of *The Hudson Review*

**Inhabiting Contemporary Southern and Appalachian Literature** Casey Clabough, 2012-08-26 The idea of place--any place--remains one of our most basic yet slippery concepts. It is a space with boundaries whose limits may be definite or indefinite; it can be a real location or an abstract mental, spiritual, or imaginary construction. Casey Clabough's thorough examination of the importance of place in southern literature examines the works of a wide range of authors, including Fred Chappell, George Garrett, William Hoffman, Julien Green, Kelly Cherry, David Huddle, and James Dickey. Clabough expands the definition of here beyond mere geography, offering nuanced readings that examine tradition and nostalgia and explore the existential nature of place. Deeply concerned with literature as a form of emotional, intellectual, and aesthetic engagement with the local and the regional, Clabough considers the idea of place in a variety of ways: as both a physical and metaphorical location; as an important factor in shaping an individual, informing one of the ways the person perceives the world; and as a temporal as well as geographic construction. This fresh and useful contribution to the scholarship on southern literature explains how a text can open up new worlds for readers if they pay close enough attention to place.

**Contemporary Southern Men Fiction Writers** Rosemary M. Canfield Reisman, Suzanne Booker-Canfield, 1998 This carefully annotated bibliography lists sources of criticism for thirty-nine Southern male authors, each of whom has published at least one significant book of fiction between 1970 and 1994.

*Encyclopedia of the American Novel* Abby H. P. Werlock, 2015-04-22 Praise for the print edition: ... no other reference work on American fiction brings together such an array of authors and texts as this.

**The Way We Read James Dickey** William B. Thesing, Theda Wrede, 2009 Original inroads to understanding the life and

works of the celebrated novelist and poet In *The Way We Read James Dickey* editors William B. Thesing and Theda Wrede have assembled an outstanding collection of current critical responses to the works of the acclaimed novelist, poet, and teacher, including essays by Dickey's former colleagues at the University of South Carolina and a piece by his most famous student, novelist Pat Conroy. The volume breaks new ground in the application of innovative critical approaches and restores Dickey to his rightful place in the literary canon as a remarkable writer who crafted some of the best poetry and fiction of the twentieth century. A decade after Dickey's death and thirty-five years after the release of the film version of his famous novel *Deliverance*, Dickey remains a controversial figure in the American literary landscape. He was an intellectual maverick who was often ahead of his time, and yet he responded intensely, almost obsessively, to his own changing times. Thesing and Wrede argue that, although he appeared to conform to poetic conventions, his writing was a visionary reinterpretation and extension of preexisting traditions. This tension between a poet's intellectual precursors and the radical innovation of his work is the inspiration behind the fresh approaches taken by the contributors in this volume, just as it energized Dickey's own endeavors. The essays offer original insights through emerging scholarly perspectives as well as through established methods of critique. The contributors address a range of themes in Dickey's works, including gender, religion, humanity's relationship to nature, and the writer's cultural context. This landmark reappraisal of Dickey's legacy offers readers a coherent forum that addresses why his writings remain relevant today, thus restoring and revaluing the rising significance of Dickey's literary achievement for twenty-first-century audiences. William B. Thesing, a distinguished professor emeritus of English at the University of South Carolina, was a colleague of James Dickey's for two decades. From 2003 to 2008 Thesing served as editor of the *James Dickey Newsletter*. He is the author or editor of fifteen books, including *The London Muse*, winner of the 1980 SAML A Studies Book Award.

**Rene Girard, Law, Literature, and Cinema** Eric M. Wilson, 2024-04-05 This book is the first monograph to critically evaluate the work of the literary scholar René Girard from the perspectives of Law and Literature and Law and Film Studies, two of the most multidisciplinary branches of critical legal theory. The central thesis is that Girard's theory of the scapegoat mechanism provides a wholly new and original means of re-conceptualizing the nature of judicial modernity, which is the belief that modern Law constitutes an internally coherent and exclusively secular form of rationality. The book argues that it is the archaic scapegoat mechanism – the reconciliation of the community through the direction of unified violence against a single victim – that actually works best in explaining all of the outstanding issues of Law and Literature in both of its sub-forms: law-as-literature (the analysis of legal language and practice exemplified by literacy texts) and law-in-literature (the exploration of issues in legal theory through the fictitious form of the novel). The book will provide readers with: (i) a useful introduction to the most important elements of the work of René Girard; (ii) a greater awareness of the 'hidden' nature of legal culture and reasoning within a post-secular age; and (iii) a new understanding of the 'subversive' (or 'enlightening')

nature of some of the most iconic works on Law in both Literature and Cinema, media which by their nature allow for the expression of truths repressed by formal legal discourse.

The Readers' Advisory Guide to Genre Fiction Joyce G. Saricks, 2001 Covering fifteen popular genres, each chapter includes a definition of the genre, its characteristics and appeal elements (such as character development, story line, and frame), and its key authors and subgenres.
