It's Do-Able! Canaan Mashonganyika,2013-04 Limiting beliefs tell you that now isn't the right time. Conditions will be more favourable in the future. When you are richer, or older and more mature, then you will be ready for change. The only thing holding you back is your beliefs. When you believe that you are stuck where you are, change becomes impossible. Now is the best time to start working on your dreams. Each day is a new opportunity to be all that you can be and do all that you can do. What you do today is crucial, because you are trading a day of your life for it. Remember, time is the most precious non-renewable resource that you have. When time has passed, it's gone forever. When you waste time, you have wasted part of your life. Your seconds, minutes and hours are the measurement of your existence. The scales of life are always in balance. You always get back exactly what you give. If you work for only one hour on your goals, life gives you back only one hour of your dreams. Moving towards your destiny is a choice. There is no reason to wait. Your life must count for something good. This book provides the tools for discovering your talent and field of calling. You will be challenged to re-define your purpose in life!

Anna and Marley are best friends. So when Anna rings Marley, panicking because she has to miss a tour of an exclusive wedding venue, Marley agrees to go in her friend's place. After being totally ignored by the glamorous receptionist who can tell she doesn't belong there, Marley meets handsome hotel manager Cameron. He assumes she's Anna and instead of admitting that she's not the blushing bride, but the unlucky-in-love single friend, Marley plays along to see what it's like to be Anna for a day. After all, Marley is unemployed, single and was woken up that morning by her flatmate playing the bagpipes. Anna has a high-flying career and is planning the perfect wedding. Touched by Angels of Mercy Laura Lagana,2001-10-30 Touched by Angels of Mercy contains small doses of genuine life, from nurses, patients and caregivers, that touch the heart and foster healing. This collection of short stories and poems, interspersed with tasteful cartoons, contains helpful resource information, as well as a brief biography of each contributing author. Many of the works in this collection offer a glimpse into the nurse-patient relationship, as seen through the eyes of the patient, nurse or family member. Some of the stories reveal caregiving scenarios taken from brief moments in history, behind prison walls or even on a golf course. Anyone may be labeled an Angel of Mercy. This term is not exclusive to nurses. Our world needs the healing angels who come to us in a variety of forms, when and where we least expect them. At some time in our lives, each one of us will encounter illness, pain and death. Along with it will come the need for a helping hand and the gentle, caring touch of an angel of mercy. Everyone has the ability to be courageous, tenacious and loving. When people are hurting, whether from illness, injury or other reasons, they have the instinctive need to be touched and nurtured.

People also have the need and desire to share their experiences with others. This process of sharing is frequently healthful and therapeutic. The strength, knowledge and inspiration that comes from recounting personal life and death experiences with one another stimulates healing. The profession of nursing deals with the prevention of illness, as well as the care and rehabilitation of the sick. Although it takes a special person to answer this calling, today's nurses are vastly different from those of yesteryear. The changing world of healthcare has created unique challenges and added pressures for nursing, but it has also created new frontiers. In addition, there is a growing number of caregivers in our society. Caregivers often feel isolated, apprehensive, exhausted and overwhelmed. They desperately need relief as well as ongoing support. Nurses and caregivers reach out and become angels for others. They are compassionate, intelligent and caring beings that provide hands-on care to help the sick to heal, or comfort them as they die. Nurses and caregivers are not invincible; they also need to take care of themselves. The need to be touched by another, and to share personal experiences, are universal human requirements. The strength, knowledge and inspiration that comes from recounting personal life and death experiences fosters healing. Wounds heal from the inside out--so does the heart and soul. Writing these stories has been a therapeutic experience for our authors, and for some, an extremely difficult task. It is our hope that by reading and sharing these real-life, personal experiences, you too will be touched, inspired and healed.

20,000 Days and Counting Robert D. Smith, 2012-12-31 The day for change is today and it's more simple than you realize. Most people sleepwalk through day-to-day life, passively letting time slip away. Unfortunately, the only thing that can usually wake people up to the intensity of life is impending death. But what if it didn't have to be that way? 20,000 Days presents breathtakingly simple strategies and concepts that, once applied, will enable readers to be 100% present and intentional with every passing minute of every day, for the rest of their lives. The book is designed to be read in under an hour and the effect is immediate. Within each segment are tactics for mastering control for your life; principles such as: Motivation is a myth You only have two choices, yes and no How to conquer rejection forever How BECOMING the problem will SOLVE all your problems Three sentences that will change your life immediately These timeless principles apply to everyone from the pending graduate to the seasoned business professional; from the time-starved parent to the weary pastor to the restless entrepreneur.
