The American Friend ,1926

Adopting America Carol J. Singley,2012-01-01 American literature abounds with orphans who experience adoption or placements that resemble adoption. These stories do more than recount adventures of children living away from home. They tell an American story of family and national identity. In narratives from the seventeenth to the early twentieth century, adoption functions as narrative event and trope that describes the American migratory experience, the impact of Calvinist faith, and the growth of democratic individualism. The roots of literary adoption appear in the discourse of Puritan settlers, who ambivalently took leave of their birth parent country and portrayed themselves as abandoned children. Believing they were chosen children of God, they also prayed for spiritual adoption and emulated God's grace by extending adoption to others. Nineteenth-century adoption literature develops from this notion of adoption as salvation and from simultaneous attachments to the Old World and the New. In domestic fiction of the mid-nineteenth century, adoption also reflects a focus on nurture in childrearing, increased mobility in the nation, and middle-class concerns over immigration and urbanization, assuaged when the orphan finds a proper, loving home. Adoption signals fresh starts and the opportunity for success without genealogical constraints, especially for white males, but inflected by gender and racial biases, it often entails dependency for girls and children of color. A complex signifier of difference, adoption gives voice to sometimes contradictory calls to origins and fresh beginning; to feelings of worthiness and unworthiness. In writings from Cotton Mather to Edith Wharton, it both replicates and offers an alternative to the genealogical norm, evoking ambivalence as it shapes national mythologies.

The Little Giant Encyclopedia of Meditations & Blessings Nathaniel Altman,2000 Open yourself up to a higher power and find peace, solace, and healing. If you're looking for more to life than the material world offers, these hundreds of meditations, prayers, and blessings from a wide variety of the world's traditions will bring comfort and well-being. Meditation cuts through and calms the tangled mass of feelings that rage through our minds. Nurture the positive spark that lies within

by practicing daily meditations to expand the mind, contact energy, and manage pain. Some of them employ candles, sacred symbols, mantras, music, and nature. For each, there are instructions on breathing, posture, and visualization. If meditation encourages listening to a greater spirit, prayers address God--and here are ones for adoration, petition, and silent communion that come from Judaism, Christianity, Islam, Buddhism, Hinduism, Jain, Native America, and more. Some are nondenominational. Finish with blessings, a powerful way to praise the Divine and share loving energy with others. The author lives in Brooklyn, NY. 512 pages, 4 3/16 x 5 1/4.

The Native American Almanac: A Portrait of Native America Today Arlene B. Hirschfelder, Martha Kreipe de Montañó, 2008-04-21 ...an excellent overview of past and present Native American life. —Library Journal Best research tool. —Lingua Franca Wide-ranging, authoritative, and timely, here is an illuminating portrait of America's Native peoples, combining information about their history and traditions with insight into the topics that most affect their lives today. From the upheaval of first contacts to the policies of removal to contemporary issues of self-determination, this useful sourcebook provides information on all aspects of Native American life. The Native American Almanac outlines topics of particular interest, such as the history of Native-white relations, the location and status of Native American tribes, religious traditions and ceremonies, language and literature, and contemporary performers and artists, and includes dozens of useful reference features such as: Maps of tribal areas, historical conflicts, and present-day reservations A detailed chronology of significant events Names and addresses of hundreds of organizations concerned with Native American affairs A listing of Native American landmarks, museums, and cultural centers from coast to coast More than 100 black-and-white photographs and drawings Visit us online at <http://www.mgr.com>

American Indian Sovereignty J. Mark Hazlett II, 2020-08-07 Since the arrival of European settlers, Native American cultural sovereignty has been under attack. Self-determination is a tribal right of Native people, but colonial oppression banned their traditions and religion, purloined and misused sacred sites, and betrayed treaties when convenient. Over time, the settlers usurped Native American culture and lands, and these destructive behaviors continue today. Within the decimated Native American culture left after forced assimilation, American Indians still struggle to retain their rights. In this historical account of the despotism against Native American culture, the altercations of sovereignty, territory, and pluralistic democracy are analyzed in an effort to provide a path towards justice.

Finding God on the Indian Road Chad Johnson,2023-09-15 Drawing on the long and arduous history between the Indigenous people of North America and the Christian church that colonists brought to them, the harmful relationship of the past must be addressed. To move forward so that Native American spiritual practices have much to offer the Christian world of spiritual living, a way, a spirit of respect and reverence must be established. For centuries, these two deeply spiritual worlds were told that they could not and would not coexist. Drawing deep attention to ways Native American spiritual practices have been misappropriated and trivialized over the years through a lack of reverence draws us into a deeper sense of respect and appreciation for non-Native persons and offers a new sense of hope and beginning for Native peoples that continue to struggle with the voices of the past telling them that being fully Native and fully Christian are incompatible. There is a new reality that these two worlds very much can and should coexist, and it is a good and joyful thing for all people to begin to explore where Native American cultures and faith intersect.

Planning for Rites and Rituals Andrew R. Wright,2023-07-18 The indispensable guide to curating resources for worship in the Episcopal Church. Newly revised and reorganized, Planning for Rites and Rituals is a guide to liturgical planning in the Episcopal Church, organized around the seasons of the church year and the cycle of Sunday readings in the revised common lectionary. Structured as a series of three volumes—one for each year in the lectionary cycle—Planning for Rites and Rituals includes guidance for making seasonal choices among the church’s authorized worship resources, brief commentary on each Sunday’s readings, guidance is approaching the Prayers of the People, and suggestions for observing commemorations from the church’s calendar. New selections on the readings by Deirdre Good offer fresh insights to preachers. New introductory material suggests approaches to curating liturgical resources. New editor Andrew Wright has applied his years of experience in planning liturgy at parishes across the Episcopal Church and mentoring clergy to this revision. Including contributions from throughout the church, this volume offers clergy and lay liturgical planners a framework for planning throughout the church year.

Indigenous Educational Leadership Through Community-Based Knowledge and Research Robin Zape-tah-hol-ah Minthorn,Shawn L. Secatero,Catherine N. Montoya,Jodi L. Burshia,2025-04-15 Indigenous Educational Leadership Through Community-Based Knowledge and Research highlights the heartwork of the Native American Leadership in Education (NALE) program. The edited collection illuminates the beauty and essence of NALE, which uniquely conceptualizes Indigenous leadership identity, philosophy, community leadership, and research in ways that have empowered students and graduates to conceptualize and live out their ancestors’ prayers and legacy. The editors provide samples of how they have achieved this through the sharing of some of the NALE graduates’ and current students’ heartwork. The book is organized

into four sections: Indigenous leadership identities, Indigenous leadership philosophies in relation to the Corn Pollen model, Indigenous community leadership curriculum, and Indigenizing research through collective creations. These four sections make the NALE doctoral cohort curriculum and experience unique in how they center Indigenous experience, scholarship, community voice, and research approaches. Collectively, the chapters provide a lens through which one can view and center Indigenous educational leadership.

Clearing the Path for First-Generation College Students Bedelia Nicola Richards,Ashley C. Rondini,Nicolas P. Simon,2018-06-07 Clearing the Path for First-Generation College Students comprises a wide range of studies that explore the multidimensional social processes and meanings germane to the experiences of first-generation college students before and during their matriculation into institutions of higher education. The chapters offer timely, empirical examinations of the ways that these students negotiate experiences shaped by structural inequities in higher education institutions and the pathways that lead to them. This volume provides insight into the dilemmas that arise from the transformation of students' class identities in pursuit of upward mobility, as well as their quest for community and a sense of "belonging" on college campuses that have not been historically designed for them. While centering first-generation status, this collection also critically engages the ways in which other dimensions of social identity intersect to inform students' educational experiences in relation to dynamics of race, ethnicity, socioeconomic class, gender, and immigration. Additionally, this book takes a holistic approach by exploring the ways in which first-generation college students are influenced by, and engage with, their families and communities of origin as they undertake their educational careers.
