Smarter Investing in Any Economy Michael J. Carr, 2008 This book is about letting the little guy do what the big guy has always done. Hedge funds, pension funds, and other institutions have always used relative strength investing to rack up big returns, yet the methodology has never been presented to the individual investor as a viable, easy-to-understand investment strategy, as it is in this book.

Master The Art of Trading Lewis Daniels, 2023-05-11 Master the Art of Trading is an accessible and engaging primer geared to help novice and established traders alike, equipping them to hit the ground running and to make an impact. Do you

get confused between commodities and crypto? Do candlestick graphs make your eyes water? Have you ever wondered how psychology can give you an edge in the market? Master the Art of Trading is a new, comprehensive, up-to-the-minute primer that teaches readers all of this and more. Trading has never been more popular. From hobbyists to armchair investors to day-traders: in recent years we have seen a boom unlike anything before as people look to the markets, whether from home or the office. However without the right tools, training and techniques, these same people can often be a danger to themselves - and their pockets. In Master the Art of Trading trader, educator, and CEO of the wildly successful Mayfair Method, Lewis Daniels, offers a quick, easy, and comprehensive roadmap to trading. It explores the grand theories and behavioural economics underpinning the markets, from Elliot Wave Theory to Composite Man. It unpicks visual data, such as candlestick graphs and trend lines. It equips readers with the correct tools to make sense of the data and to make better trades. And it helps readers uncover their innate strengths, realise their propensity for risk, and discover what sort of trader they are - on order to optimise their behaviour to make them as effective as possible.

Teaching and Learning at the University Larissa Jõgi, Meril Ümarik, Kai Pata, 2020-03-26 The focus of this book is the analysis of transformative changes and new teaching and learning perspectives at the university level. It summarizes the research results of an international team of scholars, and details the use of different theoretical approaches to explore change processes in the cases of Estonian, Swedish and Finnish universities. The case studies gathered here explain how organisation-wide changes might affect teaching practice, teaching and learning culture, professional identities, and academic career paths at universities. The book reflects both theoretical and analytical approaches, and will be of interest for all scholars, academic developers, professionals, practitioners and students interested in professional development at the university, organizational changes and higher education policies.

Combo Prospecting Tony Hughes, 2018-01-11 How do you break through to impossible-to-reach executive buyers who are intent on blocking out the noise that confronts them every day? In a world where everyone is completely inundated by phone calls, drop-ins, pop-up ads, and junk mail, how can you and your product begin to make its impression known in the business world? By learning how to combine time-tested sales processes with cutting-edge social media strategies. Sales expert and author Tony J. Hughes details today's new breed of chief executive buyers, the channels they use, the value narratives that they find appealing, and the mix of methods that will grab their attention. In *Combo Prospecting*, you will learn how to: Locate leverage points that matter Secure decision-maker meetings Build a knockout online brand that distinguishes you from the pack Build a constantly growing list of profitable referrals And much more! Old-school prospecting tactics are growing increasingly irrelevant in today's tech-savvy online business world. However, new-school techniques alone have proven to not be able to provide the answers. The key to your success is to learn how to unleash a killer combination of old and new sales strategies.
