

H W Brands Author

William Brown

American Colossus H. W. Brands, 2011-10-04 From the two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War*: a first-rate narrative history (The New York Times) that brilliantly portrays the emergence, in a remarkably short time, of a recognizably modern America. *American Colossus* captures the decades between the Civil War and the turn of the twentieth century, when a few breathtakingly wealthy businessmen transformed the United States from an agrarian economy to a world power. From the first Pennsylvania oil gushers to the rise of Chicago skyscrapers, this spellbinding narrative shows how men like Morgan, Carnegie, and Rockefeller ushered in a new era of unbridled capitalism. In the end America achieved unimaginable wealth, but not without cost to its traditional democratic values.

T.R. H. W. Brands, 2019-07-23 From the New York Times bestselling author, an acclaimed biography of President Teddy Roosevelt. Lauded as a rip-roaring life (Wall Street Journal), *TR* is a magisterial biography of Theodore Roosevelt by bestselling author H.W. Brands. In his time, there was no more popular national figure than Roosevelt. It was not just the energy he brought to every political office he held or his unshakable moral convictions that made him so popular, or even his status as a bonafide war hero. Most important, Theodore Roosevelt was loved by the people because this scion of a privileged New York family loved America and Americans. And yet, according to Brands, if we look at the private Roosevelt without blinders, we see a man whose great public strengths hid enormous personal deficiencies; he was uncompromising, self-involved, and a highly imperfect brother, husband, and father. Beautifully written, and powerfully moved by its subject, *TR* is the classic biography of one of America's greatest and most complex leaders.

Andrew Jackson William Brown, 2021-12-02

Traitor to His Class H. W. Brands, 2008-11-04 NATIONAL BESTSELLER • A brilliant evocation of one of the greatest presidents in American history by the two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War*. It may well be the best general biography of Franklin Roosevelt we will see for many years to come." —The Christian Science Monitor Drawing on archival material, public speeches, correspondence and accounts by those closest to Roosevelt early in his career and during his presidency, H. W. Brands shows how Roosevelt transformed American government during the Depression with his New Deal legislation, and carefully managed the country's prelude to war. Brands shows how Roosevelt's friendship and regard for Winston Churchill helped to forge one of the greatest alliances in history, as Roosevelt, Churchill,

and Stalin maneuvered to defeat Germany and prepare for post-war Europe. Look for H.W. Brands's other biographies: *THE FIRST AMERICAN* (Benjamin Franklin), *ANDREW JACKSON, THE MAN WHO SAVED THE UNION* (Ulysses S. Grant), and *REAGAN*.

The Man who Saved the Union H. W. Brands, 2012 From New York Times-bestselling author Brands, a masterful biography of the Civil War general and two-term president who saved the Union twice and held the country together at two critical turning points in U.S. history.

America Past and Present Myhistorylab With Pearson Etext Student Standalone Access Card Robert A. Divine, H. W. A. Brands, Timothy H. Breen, R. Hal Williams, Ariela J. Gross, 2010-01-15

The First American H. W. Brands, 2002-03-12 PULITZER PRIZE FINALIST • Benjamin Franklin, perhaps the pivotal figure in colonial and revolutionary America, comes vividly to life in this “thorough biography of ... America’s first Renaissance man” (The Washington Post) by the two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War*. The authoritative Franklin biography for our time.” —Joseph J. Ellis, author of the Pulitzer Prize-winning *Founding Brothers* Wit, diplomat, scientist, philosopher, businessman, inventor, and bon vivant, Benjamin Franklin's life is one every American should know well, and it has not been told better than by Mr. Brands (The Dallas Morning News). From penniless runaway to highly successful printer, from ardently loyal subject of Britain to architect of an alliance with France that ensured America’s independence, Franklin went from obscurity to become one of the world’s most admired figures, whose circle included the likes of Voltaire, Hume, Burke, and Kant. Drawing on previously unpublished letters and a host of other sources, acclaimed historian H. W. Brands has written a thoroughly engaging biography of the eighteenth-century genius. A much needed reminder of Franklin’s greatness and humanity, *The First American* is a work of meticulous scholarship that provides a magnificent tour of a legendary historical figure, a vital era in American life, and the countless arenas in which the protean Franklin left his legacy. Look for H.W. Brands's other biographies: *ANDREW JACKSON, THE MAN WHO SAVED THE UNION* (Ulysses S. Grant), *TRAITOR TO HIS CLASS* (Franklin Roosevelt) and *REAGAN*.

Reagan H. W. Brands, 2015-05 The two-time Pulitzer Prize nominee and author of *Traitor to His Class* explores the 40th president's indelible role in preserving democracy and shaping present-day America, detailing his early life, improbable rise and presidential achievements.

The Life and Times of Benjamin Franklin H. W. Brands, 2011-04-05

Heirs of the Founders H. W. Brands, 2019-10-01 From the two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War* comes “a historical spellbinder” (The Christian Science Monitor) about a trio of political giants in nineteenth-century America—and their battle to complete the unfinished work of the Founding Fathers and decide the future of our democracy. In the early 1800s, three young men strode onto the national stage, elected to Congress at a

moment when the Founding Fathers were beginning to retire to their farms. Daniel Webster of Massachusetts, a champion orator known for his eloquence, spoke for the North and its business class. Henry Clay of Kentucky, as dashing as he was ambitious, embodied the hopes of the rising West. South Carolina's John Calhoun, with piercing eyes and an even more piercing intellect, defended the South and slavery. Together these heirs of Washington, Jefferson and Adams took the country to war, battled one another for the presidency and set themselves the task of finishing the work the Founders had left undone. Their rise was marked by dramatic duels, fierce debates, scandal and political betrayal. Yet each in his own way sought to remedy the two glaring flaws in the Constitution: its refusal to specify where authority ultimately rested, with the states or the nation, and its unwillingness to address the essential incompatibility of republicanism and slavery. They wrestled with these issues for four decades, arguing bitterly and hammering out political compromises that held the Union together, but only just. Then, in 1850, when California moved to join the Union as a free state, the immortal trio had one last chance to save the country from the real risk of civil war. But, by that point, they had never been further apart. Thrillingly and authoritatively, H. W. Brands narrates an epic American rivalry and the little-known drama of the dangerous early years of our democracy.

The Money Men: Capitalism, Democracy, and the Hundred Years' War Over the American Dollar (Enterprise) H. W. Brands, 2010-11-01 An insightful (Publishers Weekly) history of the development of American capitalism and the men who made it great. Most Americans are familiar with the political history of the United States, but there is another history woven all through it, a largely forgotten history—the story of the money men. Acclaimed historian H. W. Brands brings them back to life: J. P. Morgan, who stabilized a foundering U.S. Treasury in 1907; Alexander Hamilton, who founded the first national bank, and Nicholas Biddle, under whose directorship it failed; Jay Cooke, who helped to finance the Union war effort through his then-innovative strategy of selling bonds to ordinary Americans; and Jay Gould, who tried to corner the market on gold in 1869 and as a result brought about Black Friday and fled for his life.

Andrew Jackson H. W. Brands, 2005 The extraordinary story of Andrew Jackson--the colorful, dynamic, and forceful president who ushered in the Age of Democracy and set a still young America on its path to greatness--told by the bestselling author of *The First American*. The most famous American of his time, Andrew Jackson is a seminal figure in American history. The first common man to rise to the presidency, Jackson embodied the spirit and the vision of the emerging American nation; the term Jacksonian democracy is embedded in our national lexicon. With the sweep, passion, and attention to detail that made *The First American* a Pulitzer Prize finalist and a national bestseller, historian H.W. Brands shapes a historical narrative that's as fast-paced and compelling as the best fiction. He follows Andrew Jackson from his days as rebellious youth, risking execution to free the Carolinas of the British during the Revolutionary War, to his years as a young lawyer and congressman from the newly settled frontier state of Tennessee. As general of the Tennessee militia, he put down a massive

Indian uprising in the South, securing the safety of American settlers, and his famous rout of the British at the Battle of New Orleans during the War of 1812 made him a national hero. But it is Jackson's contributions as president, however, that won him a place in the pantheon of America's greatest leaders. A man of the people, without formal education or the family lineage of the Founding Fathers, he sought as president to make the country a genuine democracy, governed by and for the people. Jackson, although respectful of states' rights, devoted himself to the preservation of the Union, whose future in that age was still very much in question. When South Carolina, his home state, threatened to secede over the issue of slavery, Jackson promised to march down with 100,000 federal soldiers should it dare. In the bestselling tradition of *Founding Brothers* and *His Excellency* by Joseph Ellis and of *John Adams* by David McCullough, Andrew Jackson is the first single-volume, full-length biography of Jackson in decades. This magisterial portrait of one of our greatest leaders promises to reshape our understanding of both the man and his era and is sure to be greeted with enthusiasm and acclaim.

The Age of Gold H. W. Brands, 2003-10-14 From the two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War*—the epic story of the California Gold Rush, “a fine, robust telling of one of the greatest adventure stories in history (David McCullough, Pulitzer Prize-winning author of *John Adams*). The California Gold Rush inspired a new American dream—the “dream of instant wealth, won by audacity and good luck.” The discovery of gold on the American River in 1848 triggered the most astonishing mass movement of peoples since the Crusades. It drew fortune-seekers from the ends of the earth, accelerated America’s imperial expansion, and exacerbated the tensions that exploded in the Civil War. H.W. Brands tells his epic story from multiple perspectives: of adventurers John and Jessie Fremont, entrepreneur Leland Stanford, and the wry observer Samuel Clemens—side by side with prospectors, soldiers, and scoundrels. He imparts a visceral sense of the distances they traveled, the suffering they endured, and the fortunes they made and lost. Impressive in its scholarship and overflowing with life, *The Age of Gold* is history in the grand traditions of Stephen Ambrose and David McCullough.

Dreams of El Dorado H. W. Brands, 2019-10-22 Epic in its scale, fearless in its scope (Hampton Sides), this masterfully told account of the American West from a two-time Pulitzer Prize finalist sets a new standard as it sweeps from the California Gold Rush and beyond. In *Dreams of El Dorado*, H. W. Brands tells the thrilling, panoramic story of the settling of the American West. He takes us from John Jacob Astor's fur trading outpost in Oregon to the Texas Revolution, from the California gold rush to the Oklahoma land rush. He shows how the migrants' dreams drove them to feats of courage and perseverance that put their stay-at-home cousins to shame—and how those same dreams also drove them to outrageous acts of violence against indigenous peoples and one another. The West was where riches would reward the miner's persistence, the cattleman's courage, the railroad man's enterprise; but El Dorado was at least as elusive in the West as it ever was in the East. Balanced, authoritative, and masterfully told, *Dreams of El Dorado* sets a new standard for histories of the American

West.

The Roosevelts and Their Descendants F. Martin Harmon, 2017-08-11 Few families have influenced America like the Roosevelts--two presidents from different parties, including our longest-serving chief executive, and the First Lady of the World. Born into aristocratic society, Theodore, Franklin and Eleanor (nee) Roosevelt shared a commitment to progress and the common good over class. Their lives have been the focus of numerous books but their legacy and the extended family they left behind warrant a closer look. This book chronicles the Roosevelts and those other Roosevelts--a family of individuals always striving to measure up but united by an illustrious past.

The Devil We Knew H. W. Brands, 1994-10-20 In the late 1950s, Washington was driven by its fear of communist subversion: it saw the hand of Kremlin behind developments at home and across the globe. The FBI was obsessed with the threat posed by American communist party--yet party membership had sunk so low, writes H.W. Brands, that it could have fit inside a high-school gymnasium, and it was so heavily infiltrated that J. Edgar Hoover actually contemplated using his informers as a voting bloc to take over the party. Abroad, the preoccupation with communism drove the White House to help overthrow democratically elected governments in Guatemala and Iran, and replace them with dictatorships. But by then the Cold War had long since blinded Americans to the ironies of their battle against communism. In The Devil We Knew, Brands provides a witty, perceptive history of the American experience of the Cold War, from Truman's creation of the CIA to Ronald Reagan's creation of SDI. Brands has written a number of highly regarded works on America in the twentieth century; here he puts his experience to work in a volume of impeccable scholarship and exceptional verve. He turns a critical eye to the strategic conceptions (and misconceptions) that led a once-isolationist nation to pursue the war against communism to the most remote places on Earth. By the time Eisenhower left office, the United States was fighting communism by backing dictators from Iran to South Vietnam, from Latin America to the Middle East--while engaging in covert operations the world over. Brands offers no apologies for communist behavior, but he deftly illustrates the strained thinking that led Washington to commit gravely disproportionate resources (including tens of thousands of lives in Korea and Vietnam) to questionable causes. He keenly analyzes the changing policies of each administration, from Nixon's juggling (SALT talks with Moscow, new relations with Communist China, and bombing North Vietnam) to Carter's confusion to Reagan's laserrattling. Equally important is his incisive, often amusing look at how the anti-Soviet struggle was exploited by politicians, industrialists, and government agencies. He weaves in deft sketches of figures like Barry Goldwater and Henry Jackson (who won a Senate seat with the promise, Many plants will be converting from peace time to all-out defense production). We see John F. Kennedy deliver an eloquent speech in 1957 defending the rising forces of nationalism in Algeria and Vietnam; we also see him in the White House a few years later, ordering a massive increase in America's troop commitment to Saigon. The book ranges through the economics and psychology of the Cold War, demonstrating how the confrontation created its own constituencies

in private industry and public life. In the end, Americans claimed victory in the Cold War, but Brands's account gives us reason to tone down the celebrations. Most perversely, he writes, the call to arms against communism caused American leaders to subvert the principles that constituted their country's best argument against communism. This far-reaching history makes clear that the Cold War was simultaneously far more, and far less, than we ever imagined at the time.

The Heartbreak of Aaron Burr H. W. Brands, 2012-05-01 From the two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War*—a fascinating portrait of one of the most compelling politicians in American history—a Revolutionary War hero, vice president of the United States, and the man who killed Alexander Hamilton. But as H. W. Brands demonstrates in this biography, Burr was a man before his time—a proponent of equality between the sexes well over a century before women were able to vote in the US. Through Burr's extensive, witty correspondence with his daughter Theodosia, Brands traces the arc of a scandalous political career and the early years of American politics. *The Heartbreak of Aaron Burr* not only dramatizes through their words his eventful life, it also tells a touching story of a father's love for his exceptional daughter, which endured through public shame, bankruptcy, and exile, and outlasted even Theodosia's tragic disappearance at sea.

Masters of Enterprise H.W. Brands, 1999-06-07 Filled with unique insights and compelling success stories, *Masters of Enterprise* offers an entertaining history of American business as told through the lives of 25 entrepreneurial giants.

Jacksonland Steve Inskeep, 2015-05-19 *Jacksonland* is the thrilling narrative history of two men—President Andrew Jackson and Cherokee chief John Ross—who led their respective nations at a crossroads of American history. Five decades after the Revolutionary War, the United States approached a constitutional crisis. At its center stood two former military comrades locked in a struggle that tested the boundaries of our fledgling democracy. *Jacksonland* is their story. One man we recognize: Andrew Jackson—war hero, populist, and exemplar of the expanding South—whose first major initiative as president instigated the massive expulsion of Native Americans known as the Trail of Tears. The other is a half-forgotten figure: John Ross—a mixed-race Cherokee politician and diplomat—who used the United States' own legal system and democratic ideals to oppose Jackson. Representing one of the Five Civilized Tribes who had adopted the ways of white settlers—cultivating farms, publishing a newspaper in their own language, and sending children to school—Ross championed the tribes' cause all the way to the Supreme Court. He gained allies like Senator Henry Clay, Chief Justice John Marshall, and even Davy Crockett. In a fight that seems at once distant and familiar, Ross and his allies made their case in the media, committed civil disobedience, and benefited from the first mass political action by American women. Their struggle contained ominous overtures of later events like the Civil War and set the pattern for modern-day politics. At stake in this struggle was the land of the Five Civilized Tribes. In shocking detail, *Jacksonland* reveals how Jackson, as a general, extracted immense wealth from his own armies' conquest of native lands. Later, as president, Jackson set in motion the seizure of tens of millions

of acres—"Jacksonland"—in today's Deep South. Jacksonland is the work of renowned journalist Steve Inskeep, cohost of NPR's Morning Edition, who offers here a heart-stopping narrative masterpiece, a tragedy of American history that feels ripped from the headlines in its immediacy, drama, and relevance to our lives. Harrowing, inspiring, and deeply moving, Inskeep's Jacksonland is the story of America at a moment of transition, when the fate of states and nations was decided by the actions of two heroic yet tragically opposed men. CANDICE MILLARD, author of *Destiny of the Republic* and *The River of Doubt* "Inskeep tells this, one of the most tragic and transformative stories in American history, in swift, confident, colorful strokes. So well, and so intimately, does he know his subject that the reader comes away feeling as if Jackson and Ross's epic struggle for the future of their nations took place yesterday rather than nearly two hundred years ago."

The Age Of Gold H W Brands, 2010-03-30 The discovery of gold in California in 1848 sparked a frenzy that shook the world. People swarmed to the gold fields from as far as China and Australia. They came by ship and overland, braving Tierra del Fuego and the pestilence of Panama, lured by the promise of riches. At the heart of *The Age of Gold* is the story of Captain John Fremont, the flamboyant adventurer who liberated California from Mexico, only to find himself accused of mutiny. Fremont met his match in young Jessie Benton, a headstrong, fiercely intelligent Senator's daughter. Together, John and Jessie Fremont would play a fateful role in the drama unfolding on the gold fields as they lurched, like so many others, from financial ruin to astonishing riches.

H W Brands Author Introduction

H W Brands Author Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. H W Brands Author Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. H W Brands Author : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for H W Brands Author : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks H W Brands Author Offers a diverse range of free eBooks across various genres. H W Brands Author Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. H W Brands Author Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific H W Brands Author, especially related to H W Brands Author, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to H W Brands Author, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some H W Brands Author books or

magazines might include. Look for these in online stores or libraries. Remember that while H W Brands Author, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow H W Brands Author eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the H W Brands Author full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of H W Brands Author eBooks, including some popular titles.

FAQs About H W Brands Author Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make

sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. H W Brands Author is one of the best book in our library for free trial. We provide copy of H W Brands Author in digital format, so the resources that you find are reliable. There are also many Ebooks of related with H W Brands Author. Where to download H W Brands Author online for free? Are you looking for H W Brands Author PDF? This is definitely going to save you time and cash in something you should think about.
