[**The Adam and Eve Story the History of Cataclysms Uncensored Digital Version--Magnetic Pole Shift**](#) Chan Thomas,2021

The famous CIA document, finally with a revised, readable and fully digital version. This curious text gained a lot of attention as the 2010's approached their end, and as science finally started to acknowledge the fact that there is a big possibility that the Magnetic Pole Shift can, indeed, be a cataclysmic event that destroys everything, and that this cataclysm might be imminent. A discussion that, for years, was shut down by the use of terms conspiracy theory and pseudoscience, is finally starting to gain the attention it needs; even though it might be too late now. This is only a single part of a vast literature dealing with the subject of Magnetic Pole Shift. We hope this book is read only as the first step on your research on this extremely important topic.

Choosing Paradise Zachery and Rebecca Poulter,2020-10-25 An obedient boy lives day after day in what should be paradise, until a curious new arrival with a thirst for knowledge changes everything. This is the story of Adam and Eve, written as their journal. Experience life through the eyes of the first man and woman on earth, struggle with them as they make the choice that would change the course of history, and share in their celebration as they find the true meaning of paradise. Our experience writing this book, and the doctrines we have learned through putting ourselves in the place of Adam and Eve have been life-changing for us and our marriage. Recurring struggles we've had throughout our marriage have almost disappeared as we came to better understand our roles as man and woman. We hope your life and relationships will also be changed as you step into the lives of Adam and Eve.
