COMPOSITION FOR COLLEGE STUDENTS JOSEPH M THOMAS, 1932

The Editor; the Journal of Information for Literary Workers , 1907

The Writer's Handbook ... , 1910

College Composition Raymond Woodbury Pence, 1929 This text for college freshmen is based upon a number of strongly held beliefs. 1. A book for college freshmen should aim at respectable English for the ordinary purpose of life -- not

authorship. 2. During the freshmen year the forming of correct language habits is by far the most important thing. 3. The teacher should give the student very early a clear-cut notion as to what constitutes criticism. 4. As the course continues, the student should do more and more revising before submitting a theme to the teacher's criticism. 5. The student's time is precious. They should be given only those writing tasks that serve either to establish good habits or that open them up to new knowledge of English composition. 6. The teacher's time is precious. An instructor should not be expected to spend it on a theme that the student has not put into the best condition of which they are capable. 7. It is best to begin with a course with freshmen slowly -- even in an elementary manner -- with something that is easily within their comprehension.

Story Sensei Self-Editing Worksheet Camy Tang,2024-03-23 You've finished your novel! How do you make sure you have a good character arc, strong story structure, good pacing? How can you smooth over rough writing patches, eliminate episodic writing, or increase emotional intensity? My Self-Editing worksheet combines a variety of techniques that I have taught in online workshops into one place, with tips to help you refine and polish your manuscript. By the end of the worksheet you'll have: 1) A good large-scale view of your story structure and character arc, and knowledge about how to fix any problems in that area 2) Tips for how to revise more emotion into your writing 3) Tools for solving pacing issues 4) A deeper look at technical writing errors to look for in your writing 5) An understanding of your own strengths and weaknesses in terms of critiquing yourself This 69-page worksheet consists of lessons, homework, and fun exercises for you to apply various types of self-editing on your manuscript. You'll learn lots of simple techniques to help you revise and tighten your manuscript to be the best it can be. Note: I made this worksheet originally for a class I was asked to teach. This is essentially the shortened versions of both my Deep Point of View worksheet and my Characterization worksheet. This contains about 60% of what's in my Deep POV worksheet, and about 70% of what's in my Characterization worksheet. Both of those worksheets go into more depth about Deep POV and Characterization, so if they both interest you, you'll get more information and instruction if you buy those two separately. However, if you want more bang for your buck, this worksheet is like the abridged versions of those two worksheets combined into one worksheet. Just be aware that this will contain much of the same stuff rather than being all-new material.
