**World's Greatest Inspirational Quotes** Catriona Crombie, 2011-09-12 This collection of inspirational quotes is designed to uplift and enchant you. Ranging from the Greek philosopher Aristotle to modern leaders such as Winston Churchill and literary wits such as Oscar Wilde, the people cited here offer gentle, wise, humorous or insightful encouragement and wisdom on the subject of happiness and making the most of life.

**Good stuff for your heart & mind - a book of quotes (second edition)** Rick Reed, PhD, 2016-10-11 a simple book of quotations compiled for a couple of great kids.

**Beyond Civil Rights** Daniel Geary, 2015-06-05 Shortly after the 1964 Civil Rights Act, Daniel Patrick Moynihan authored a government report titled *The Negro Family: A Case for National Action* that captured the attention of President Lyndon Johnson. Responding to the demands of African American activists that the United States go beyond civil rights to secure economic justice, Moynihan thought his analysis of black families highlighted socioeconomic inequality. However, the report's central argument that poor families headed by single mothers inhibited African American progress touched off a heated controversy. The long-running dispute over Moynihan's conclusions changed how Americans talk about race, the family, and poverty. Fifty years after its publication, the Moynihan Report remains a touchstone in contemporary racial politics, cited by President Barack Obama and Congressman Paul Ryan among others. *Beyond Civil Rights* offers the definitive history of the Moynihan Report controversy. Focusing on competing interpretations of the report from the

mid-1960s to the late 1970s, Geary demonstrates its significance for liberals, conservatives, neoconservatives, civil rights leaders, Black Power activists, and feminists. He also illustrates the pitfalls of discussing racial inequality primarily in terms of family structure. *Beyond Civil Rights* captures a watershed moment in American history that reveals the roots of current political divisions and the stakes of a public debate that has extended for decades.

**Quotes for Nasty Women** Linda Picone, 2017-09-05 *Nasty women, unite—and read this compendium of fascinating quotations about powerful women through history. “My passions were all gathered together like fingers that made a fist. Drive is considered aggression today. I knew it then as purpose.” —Bette Davis* When Donald Trump referred to Hillary Clinton as “such a nasty woman” during the last presidential debate in 2016, women everywhere felt a jolt of recognition—whatever their politics or feelings about Clinton. In response, they promptly turned his insult into an empowering slogan. This book celebrates the now-ironic phrase with a collection of quotations by and about strong women, both critical and positive. The words come from figures in ancient history like Cleopatra; founding mothers like Mary Wollstonecraft and Elizabeth Cady Stanton; feminist icons such as Gloria Steinem and Betty Friedan; politicians and government leaders; groundbreakers in arts and culture; celebrities; and the mothers, daughters, and sisters at home.

*Motherhood Memoirs: Mothers Creating/Writing Lives* Justine Dymond, 2013-07-01 The authors in this collection examine and critique motherhood memoir, alongside the texts of their own lives, while seeking to transform mothering practice—highlighting revolutionary praxis within books, or, when none is available, creating new visions for social change. Many essays interrogate the tensions of maternal narrative—the negotiation of the historical location of writer and readers, narrative and linguistic constraints, and the slippery ground of memory—as well as the borders constructed between the “objective” scholar and the reader who engages with and identifies with texts through her intellect and her emotional being.

*Congressional Record* United States. Congress, 2000 The *Congressional Record* is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The *Congressional Record* began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* (1789-1824), the *Register of Debates in Congress* (1824-1837), and the *Congressional Globe* (1833-1873)

**For the Many** Dorothy Sue Cobble, 2024-12-10 A history of the twentieth-century feminists who fought for the rights of women, workers, and the poor, both in the United States and abroad *For the Many* presents an inspiring look at how US women and their global allies pushed the nation and the world toward justice and greater equality for all. Reclaiming social democracy as one of the central threads of American feminism, Dorothy Sue Cobble offers a bold rewriting of twentieth-century feminist history and documents how forces, peoples, and ideas worldwide shaped American politics. Cobble follows egalitarian women’s activism from the explosion of democracy movements before World War I to the establishment of the New Deal, through the upheavals in rights and social citizenship at midcentury, to the reassertion of conservatism and the

revival of female-led movements today. Cobble brings to life the women who crossed borders of class, race, and nation to build grassroots campaigns, found international institutions, and enact policies dedicated to raising standards of life for everyone. Readers encounter famous figures, including Eleanor Roosevelt, Frances Perkins, and Mary McLeod Bethune, together with less well-known leaders, such as Rose Schneiderman, Maida Springer Kemp, and Esther Peterson. Multiple generations partnered to expand social and economic rights, and despite setbacks, the fight for the many persists, as twenty-first-century activists urgently demand a more caring, inclusive world. Putting women at the center of US political history, *For the Many* reveals the powerful currents of democratic equality that spurred American feminists to seek a better life for all.

**Treasury of Motivational Quotes** J. Kofi Yeboah Tuafo, 2007

**Mary McLeod Bethune and the National Council of Negro Women** Elaine M. Smith, 2003

**Super Sistahs** Morrie Turner, 2004 *Super Sistahs* is a teachers dream comes true. It provides teachers with the unique opportunity to incorporate this invaluable book into their curriculums to teach inner city and suburban students about the accomplishments of African-American women. It is a quick read for all parents with school-age children. It is a necessity for all students in elementary and middle schools. Mr. Turner provides readers with historical information on well-known contemporary African-American women and past African-American women who have made significant contributions in their chosen professions. Every student should have the opportunity to read about women who overcame the legacy of slavery to achieve greatness in this society.

**Compassionate Love and Ebony Grace** Kortright Davis, 2012-03-22 Why is the Golden Rule so central in almost every culture and religion? What is it that drives human beings to do good to others? Are altruism, compassion, and forgiveness natural forms of human behavior, or do they have to be learned and practiced in the neural context of our primal instincts for survival and self-defense? These are some of the questions that lie behind the study of Compassionate Love amongst people of color. Davis explores the patterns and contours of “other-love,” which he defines as a selfless regard for the well-being of others. He also examines the basis for distinctive modes of compassionate behavior enriched by “ebony grace”—a theological attribution for people of African descent. This text focuses especially on the historical, cultural, and religious heritage that inspires and empowers such attitudes, in spite of constant encounters with systemic negation, social alienation, and unrelenting racism. How is it that Black families in the home, school, and church still support, sustain, and succeed in the practice of unyielding love-in-compassion? That is the magic and mystery within contemporary Black cultural norms and moral values. This text is a powerful attempt to contribute to the debate on Christian altruism.

**Collective Courage** Jessica Gordon Nembhard, 2024-11-26 First published in 2014, Jessica Gordon Nembhard’s *Collective Courage* quickly became an important tool for understanding the history of cooperative economic enterprises in

the African American community. This now-classic work recounts how African Americans benefited greatly from cooperative ownership and democratic economic participation throughout the nation's history. Many of the players in this story are well known—among them W. E. B. Du Bois; A. Philip Randolph and the Ladies' Auxiliary to the Brotherhood of Sleeping Car Porters; Nannie Helen Burroughs; Fannie Lou Hamer; Ella Jo Baker and George Schuyler of the Young Negroes' Co-operative League; the Federation of Southern Cooperatives; and the Black Panther Party. Drawing on media reports and co-op records, Gordon Nembhard uncovers the challenges they faced and highlights their hard-won victories. This tenth anniversary edition of *Collective Courage* features a substantial preface that expands on material in the first edition and addresses the development of the Black co-op movement through the second decade of the twenty-first century. It remains an indispensable resource for readers interested in the history of the struggle for African American economic freedom and equity.

Nearly two dozen ministers, teachers, and Christian education specialists contribute their expertise to SLC, making it the most popular annual Bible commentary available.

*Bounds of Blackness* Christopher Tounsel, 2024-06-15 *Bounds of Blackness* explores the history of Black America's intellectual and cultural engagement with the modern state of Sudan. Ancient Sudan occupies a central place in the Black American imaginary as an exemplar of Black glory, pride, and civilization, while contemporary Sudan, often categorized as part of Arab Africa rather than Black Africa, is often sidelined and overlooked. In this pathbreaking book, Christopher Tounsel unpacks the vacillating approaches of Black Americans to the Sudanese state and its multiethnic populace through periods defined by colonialism, postcolonial civil wars, genocide in Darfur, and South Sudanese independence. By exploring the work of African American intellectuals, diplomats, organizations, and media outlets, Tounsel shows how this transnational relationship reflects the robust yet capricious terms of racial consciousness in the African Diaspora.

*How Long? How Long? : African American Women in the Struggle for Civil Rights* Davis Belinda Robnett Assistant

Professor of Sociology University of California, 1997-06-25 A compelling and readable narrative history, *How Long? How Long?* presents both a rethinking of social movement theory and a controversial thesis: that chroniclers have egregiously neglected the most important leaders of the Civil Rights movement, African-American women, in favor of higher-profile African-American men and white women. Author Belinda Robnett argues that the diversity of experiences of the African-American women organizers has been underemphasized in favor of monolithic treatments of their femaleness and blackness. Drawing heavily on interviews with actual participants in the American Civil Rights movement, this work retells the movement as seen through the eyes and spoken through the voices of African-American women participants. It is the first book to provide an analysis of race, class, gender, and culture as substructures that shaped the organization and outcome of the movement. Robnett examines the differences among women participants in the movement and offers the first cohesive analysis of the gendered relations and interactions among its black activists, thus demonstrating that femaleness and blackness cannot be viewed as sufficient signifiers for movement experience and individual identity. Finally, this book makes a significant contribution to social movement theory by providing a crucial understanding of the continuity and complexity of social movements, clarifying the need for different layers of leadership that come to satisfy different movement needs. An engaging narrative history as well as a major contribution to social movement and feminist theory, *How Long? How Long?* will appeal to students and scholars of social activism, women's studies, American history, and African-American studies, and to general readers interested in the perennially fascinating story of the American Civil Rights movement.

*The Untold Story of Women of Color in the League of Women Voters* Carolyn Jefferson-Jenkins, 2020-02-24 The *Untold Story of Women of Color in the League of Women Voters* explores ways in which these women have been marginalized and recognizes how their contributions will positively influence the organization as it moves into its next 100 years. On February 14, 2020, the League of Women Voters of the United States celebrated the 100th anniversary of its founding. Although women of color have always made significant contributions to women's suffrage and the women's movements, their contributions, particularly as they relate to the League of Women Voters (LWV), have been marginalized and relegated to the footnotes of the organization's history. The *Untold Story of Women of Color in the League of Women Voters* adds a new dimension to these conversations. The book is structured to show the progression of the relationship between the League of Women Voters and its members of color as manifested in changes to its policies, practices, symbols, and messaging. It begins with the suffrage movement and continues until the celebration of the 100th anniversary of the League and uses actual correspondence, convention minutes, existing League histories, and personal accounts to tell the League story. Chapter titles disclose the philosophical shifts in attitude at each stage of the organization's evolution.

**Nation of Cowards** David Ikard, Martell Lee Teasley, 2012-09-04 In a speech from which *Nation of Cowards* derives its title, Attorney General Eric Holder argued forcefully that Americans today need to talk more—not less—about racism. This

appeal for candid talk about race exposes the paradox of Barack Obama's historic rise to the US presidency and the ever-increasing social and economic instability of African American communities. David H. Ikard and Martell Lee Teasley maintain that such a conversation can take place only with passionate and organized pressure from black Americans, and that neither Obama nor any political figure is likely to be in the forefront of addressing issues of racial inequality and injustice. The authors caution blacks not to slip into an accommodating and self-defeating post-racial political posture, settling for the symbolic capital of a black president instead of demanding structural change. They urge the black community to challenge the social terms on which it copes with oppression, including acts of self-imposed victimization.
