Necronomicon Files Daniel Harms,John Wisdom Gonce,2003-07-01 What if a book existed that gave answers to everything you've ever wondered about? What would you do to learn its secrets? Tales of such books have abounded for millennia and are legend in occult history. One of the most pervasive modern iterations is that of the Necronomicon, said to be a genuine occult text from the 8th century. The Necronomicon really is the creation of science fiction writer H.P. Lovecraft (1891-1937), in whose books the magic volume first appears in print. In The Necronomicon Files two occult authorities explore all aspects of The Necronomicon, from its first appearance in Lovecraft's fiction to its ongoing pervasive appearance in cult and occult circles. The Necronomicon Files, revised and expanded further, reveals the hoax of the Necronomicon. Harms and Gonce show that the apocryphal history of the Necronomicon was concocted by Lovecraft to lend it verisimilitude in his fiction. The magical text was transformed into an icon among Lovecraft's literary circle, who added to the book's legend by referring to it in their own writing. People became convinced that it was a real book and its references in literature and film continue to grow. The book also examines what people have undergone to find the Necronomicon and the cottage industry that has arisen over the past three decades to supply the continuing demand for a book that does not exist. Scholarly yet accessible, humorous and intriguing, The Necronomicon Files illuminates the depth of the creative process and the transformations of modern myth, while still managing to preserve much of the romance and fascination that surrounds the Necronomicon in our culture.

The Man from Mars Fred Nadis, 2014-07-10 Now in paperback, the rollicking, critically acclaimed true story of the legendary writer and editor who ruled over America's sci-fi, fantasy, and supernatural pulp journals in the mid-twentieth century: Ray Palmer. "Palmer could not have asked for a more sympathetic chronicler, or a better one, than Fred Nadis. His prose and his pronouncements are everything Palmer's practically never were: restrained, nuanced, intelligently considered. Nadis has a great story, and he relates it exquisitely." —Jerome Clark, *Fortean Times* "Fred Nadis's insightful biography demonstrates that Palmer is significant as well as intriguing." —The Washington Post "One of science fiction's greatest gadflies gets his due in this lively and entertaining biography." —Publishers Weekly "Lucidly written and unfailingly lively, *The Man from Mars* is a biography worthy of its subject." —Fate magazine

The Emerald Tablets of Thoth-The-Atlantean , 2002 The Spiritual, Occult and Historical significance of the Emerald Tablets is almost beyond belief of modern man. Written around 36,000 B.C. by Thoth, an Atlantean priest-king, this manuscript dates far back beyond reach of any Egyptian writings ever found. The author, Thoth, a Master-Teacher of the early Egyptians, put this treatise to writing in his native Atlantean language and Dr. Doreal, by use of his expertise as an Occultist and Master of time and space, was given the directive to retrieve these Tablets and translate them into English for the edification of modern man. The powerful and rhythmic verse of Thoth is wonderfully retained in Doreal's translation. Contained within the pages of Thoth's masterpiece of Spiritual and Occult Wisdom is the synthesis of the Ancient Wisdom Teachings, the guideline for initiates of all ages, revealing the Knowledge and Wisdom hitherto held secret, but now in this New Age, revealed to all Seekers on the Path of Light. Dr. M. Doreal, Ms.D., Psy.D., is the Spiritual; Teacher of a multitude of Seekers of Light, having founded a Metaphysical Church and College - The Brotherhood of the White Temple, Inc. He is the author of all of the Organization's writings and teachings, having been given permission for the Esoteric Wisdom to be remitted in a public forum by the Great White Lodge, the Elder Brothers of mankind who shape and form the Spiritual evolution of earth's inhabitants. The Brotherhood of the White Temple, Inc. is a correspondence school, accredited through the State of Colorado, and mails out to its world-wide membership weekly Lessons of Truth. Its four and one-half year College Course unveils the secrets of the Symbolism of all Mystery Schools, giving precisely and beautifully, the step by step progression all Seekers have searched for in their quest for Oneness with God, and for attainment of Cosmic Consciousness. Read, Believe or not, but read, and the vibration found therein will awaken a response in your soul.' - Doreal

Reincarnation Joel Bjorling, 2013-08-21 First Published in 1996. You may have lived before. As a matter of fact, you may have experienced countless lifetimes. This statement constitutes the basic premise of reincarnation, which is also called

transmigration and metempsychosis. This volume explores the origins and development of the belief of reincarnation.

The Pacific Crest Trailside Reader, Oregon and Washington Rees Hughes, Corey Lewis, 2011-10-17 * Unique woodcut illustrations decorate both volumes * Trail map to follow story locations in each volume * For both hikers and armchair adventurers of the PCT Exploring the people, places, and history of the Pacific Crest Trail as it ranges 2,600 miles from Mexico to Canada, THE PACIFIC CREST TRAILSIDE READER EBOOK brings together short excerpts from classic works of regional writing with boot-tested stories from the trail. The heart of this anthology is these real trail tales, stories taken from PCT hikers: trailside humor and traditions, trail angels and trail magic, encounters with wildlife and wild weather, stories of being lost and found, rescues, and unusual incidents. Revealing a larger context are historical accounts of events such as Moses Schallenberger's winter on Donner Pass and pioneer efforts like the old Naches Road that ended up creating access to today's trails; Native American myths and legends such as that of Lost Lake near Mount Hood; and selections from highly-regarded environmental writers who have captured the region in print, including Mary Austin in *The Land of Little Rain* ; John Muir in *The Mountains of California*; and Barry Lopez in *Crossing Open Ground*. Readers will also enjoy a few more surprising contributions from the likes of Mark Twain and Ursula Le Guin. For this digital edition of the PCT READER, we combined our two print volumes into a single, robust ebook that features stories from both the CALIFORNIA and OREGON & WASHINGTON volumes. Because the two-volume set is a compilation of old and new essays, however, the editors were not able to obtain digital publication rights for some of the previously published material. So while this combination ebook includes all the newly commissioned stories, as well as many other pieces for which the editors did have digital access, there are approximately four contributions from each of the printed books that do not appear here.

The Encyclopedia of Cults, Sects, and New Religions James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition, this new edition of *The Encyclopedia of Cults, Sects, and New Religions* is the most wide-ranging and accessible resource on the historically significant and more obscure, sinister, and bizarre religious groups. Including many entries by scholarly specialists, this volume explains more than 1,000 diverse groups and movements, from such well-known sects as the Branch Davidians, Aum Shinrikyo, and Heaven's Gate, to obscure groups like Ordo Templi Satanas, Witches International, and the Nudist Christian Church of the Blessed Virgin Jesus. In addition to an exhaustive index and handy cross-references, the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements, from snake-handling and satanic ritual abuse to brainwashing and exorcism. This book, a must for all libraries and schools, will endure as the first and only point of reference for researchers, scholars, students, and anyone interested in fringe religious groups.

Pyramid Quest Robert M. Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re-dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity: the Great Pyramid of Giza. What is the Great Pyramid of Giza? Ask that basic question of a traditional Egyptologist, and you get the basic, traditional answer: a fancy tombstone for a self-important pharaoh of the Old Kingdom. This, Egyptologists argue, is the sole finding based on the data, and the only deduction supported by science. By implication, anyone who dissents from this point of view is unscientific and woolly-minded-a believer in magic and ghosts. Indeed, some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them. Yet from beneath the obvious terms of this controversy, a deeper, more significant question arises: how is it that the Great Pyramid exercises such a gripping hold on the human psyche- adding cryptic grace to the back of the one-dollar bill and framing myriad claims of New Age pyramid power? In *Pyramid Quest*, Robert M. Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid, and develop a stunning hypothesis: This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought, extending far back into a little-known time. In tracing that story, we come to understand not only the Great Pyramid but also our own origins as civilized beings.

The Re-Enchantment of the West, Vol 2 Christopher Partridge, 2006-06-20 Challenging some assessments of religion in the West, this study argues that, although much organized religion, particularly Christianity, is in numerical decline, in actual fact we are witnessing an alternative spiritual re-enchantment of society and culture.

Sacred Mountains of the World Edwin Bernbaum, 2022-03-10 From the Andes to the Himalayas, mountains have an extraordinary power to evoke a sense of the sacred. In the overwhelming wonder and awe that these dramatic features of the landscape awaken, people experience something of deeper significance that imbues their lives with meaning and vitality. Drawing on his extensive research and personal experience as a scholar and climber, Edwin Bernbaum's *Sacred Mountains of the World* takes the reader on a fascinating journey exploring the role of mountains in the mythologies, religions, history, literature, and art of cultures around the world. Bernbaum delves into the spiritual dimensions of mountaineering and the implications of sacred mountains for environmental and cultural preservation. This beautifully written, evocative book shows how the contemplation of sacred mountains can transform everyday life, even in cities far from the peaks themselves. Thoroughly revised and updated, this new edition considers additional sacred mountains, as well as the impacts of climate change on the sacredness of mountains.
